SUMMARY

OF THE

LOCAL TAXATION RETURNS FOR 1890-91.

Local Taxation Returns for 1890-91.

THE following is a Summary of the Twenty-first Annual Local Taxation Returns published and issued under the direction of the Local Government Board. These Returns relate to the Accounts of the various Local Authorities of England and Wales during the financial year 1890–91, which, in the great majority of cases, ended on the 25th of March 1891.

Number of Local Authorities.

The Returns here summarised have already been published in six Parts (Parliamentary Papers, Nos. 269, 269-I., 301, 301-I., 301-II., and 301–III., Session 1892). They contain abstracts of the receipts, expenditure, and loan transactions of 648 Boards of Guardians and the Overseers of the Poor of 14,705 Parishes, so far as regards the Poor Rate; of 61 County Councils (exclusive of the London County Council); 4 Joint County Committees; the Visiting Committees of 61 County and Borough Lunatic Asylums (exclusive of those belonging to the County and City of London); the Corporations of 293 Municipal Boroughs; 292 Town Councils acting as Urban Sanitary Authorities; the Commissioners of 34 Improvement Act Districts; 682 Local Boards; 33 Joint Boards; 574 Rural Sanitary Authorities; 56 Port Sanitary Authorities; 997 Burial Boards; 24 Boards of Commissioners of Baths and Washhouses; the Conservators of 3 Commons; the Commissioners of Free Libraries in 20 Parishes; 1 Joint Libraries Committee; the Trustees for 16 Bridges or Ferries; the Lighting and Watching Inspectors of 180 Districts; the Commissioners of 5 Markets and Fairs; 40 Metropolitan Vestries and District Boards*; a body of Paving Commissioners acting under a Local Act for Ely-place, Holborn; the Hoxton-square Trustees; the Commissioners of Sewers of the City of London; the London County Council acting as a County Council, and as successors to the Metropolitan Board of Works; the Commissioners of Police of the Metropolis; the Corporation of London; the Visiting Committees of 4 Lunatic Asylums belonging to the County of London, and of 1 Asylum belonging to the City of London; the Commissioners of Sewers of 49 Districts constituted under the 23 Henry viii., cap. 5, or Part I. of the Land Drainage Act, 1861; 225 Drainage, Embankment, and Conservancy Boards; 45 Salmon, &c. Fishery Conservancy Boards; 3 Sea Fisheries Committees; the Churchwardens of 2 Parishes in which Church Rates were still leviable; 87 Harbour, Pier, and Dock Authorities; 360† Highway Boards, acting for 6,971 highway parishes; 41 Rural Sanitary Authorities exercising the powers of Highway Boards for 746 highway parishes; 6,501 Surveyors of separate highway parishes; and 6 Turnpike Trusts. In addition to the above, they include summaries of the Accounts of 2,269 School Boards, and the Managers of 10 School Districts, 2 Sick Asylum Districts, the Metropolitan Asylum District, and the Committee of the Aldershot Joint Hospital, making a total of 28,342‡ authorities.

Causes of delay in publication of the Returns.

The systematic arrangement and tabulation of the financial transactions of so large a number of Local Authorities is a work of much time and labour. The Returns themselves can seldom, if ever, be obtained from the Authorities immediately on the conclusion of the financial year to which they relate. The officers of the Local Authorities are not in a position to prepare the Returns until the accounts have been made

* Including the Local Board of Health for Woolwich.

† In this number the District of the Isle of Wight Highway Commissioners is included.

‡ In a few cases Local Authorities neither received nor expended any monies during the year, and these cases are not included in the above number; on the other hand, where a Local Board has become a Municipal Authority during the year, the same district is included twice.

made up and audited, and frequently several months elapse before the audit of the accounts can b completed. Moreover the accounts of several of the Authorities, *e. g.*, Boards of Guardian Overseers, Improvement Commissioners, Local Boards, Rural Sanitary Authorities, Schoo Boards, Highway Boards, and Highway Surveyors, are in each district audited by the sam officer, and consequently it necessarily happens, in many cases, that the audits of the accounts o some of these Authorities have to be postponed until a considerable time has elapsed from th expiration of the financial year.

As regards the accounts of the Local Authorities which are not subject to audit by a distri auditor, they are not all kept on the same principle; and owing to the variety of the financi transactions to which they relate, and to the different methods of keeping them adopted by differe authorities, it is necessary practically to recast many of them in order to obtain the informatio necessary for the purpose of the Returns, so as to enable the different items of receipt an expenditure to be grouped under uniform headings. This is more especially the case with rega to the accounts of some of the more important Local Authorities.

For the purpose of securing accuracy, the Returns, when received, are carefully examined an their examination not unfrequently leads to the discovery of errors, or points upon which furth information is required, and thereby considerable correspondence with the Authorities is oft entailed before the Returns themselves are ready for tabulation.

Receipts other than from Loans.

The aggregate receipts during the year of the Local Authorities enumerated above, excludi Loans, and making the necessary deductions * in order to avoid duplicate reckonings, amount to 51,437,425 *l.*, as compared with 50,237,862 *l.*, 47,975,705 *l.*, 46,358,165 *l.*, and 45,330,992 received by them during the years 1889-90, 1888-89, 1887-88, and 1886-87, respectively. T principal items of receipt are shown in the following Table for the five years:—

* The items deducted for the purposes of this Summary from the gross receipts and expenditure for the year 1890-91 will found in the tabular statements in the Appendix. Similar deductions were made in the Returns for the four preceding years. Th consisted in former years for the most part of precept rates raised by one class of Local Authority, and paid by them to anoth contributions made by one Local Authority to the expenditure of another; Loans raised by one Local Authority for the purpose lending to another; the annual payments received by the lending Authority in respect of such Loans, and other similar items. 1889-90 and 1890-91, it was also necessary to provide for deductions in respect of payments to other local authorities, made the Councils of Administrative Counties and County Boroughs, out of sums received by them from the Local Taxation Account, and a for deductions in respect of transfers made from one account to another under the provisions of the Local Government Act, 1888.

† Including grants in aid of the cost of Elementary and Industrial Schools, and the London Fire Brigade; and other paymen out of Imperial Funds for Police, the Conveyance and Maintenance of Prisoners, &c; also including in the year 1889-90 balances grants discontinued under the provisions of the Local Government Act, 1888, and of the temporary grants provided for by that Act.

‡ Including 3,742,615 *l.* in 1889-90, and 4,743,989 *l.* in 1890-91 received by the Councils of Counties and County Boroughs, a 584,826 *l.* in 1889-90, and 740,681 *l.* in 1890-91 received by the Receiver for the Metropolitan Police District. The amount paid to t Councils include the amounts distributed, or to be distributed, by them to other Local Authorities under the provisions of the Loc Government Act, 1888, in substitution for the discontinued Parliamentary Grants, and otherwise. As to the unapplied balances of t amounts received for this purpose, see note * on page xxix.

§ Including Market Rents and Stallages, and Harbour Tolls, Dues, and Duties.

‖ Including 589,404 *l.* in 1886-87, 616,933 *l.* in 1887-88, 648,502 *l.* in 1888-89, 659,669 *l.* in 1889-90, and 684,427 in 1890-91 fro School Fees, and sale of books, &c. to children.

¶ Excluding receipts entered under the heads of Rates, Tolls, Dues, &c.

The aggregate expenditure of the same Authorities during the year, so far as it was not frayed out of Loans, and after making the necessary deductions in order to avoid duplicate ckonings, amounted to 50,662,678 *l.* as compared with 48,179,573 *l.*, expended during the year 89–90, and with 47,082,128 *l.*, 45,834,026 *l.*, and *44,922,815 *l.*, expended during the years 1888–89, 87-88, and 1886–87, respectively. It should be borne in mind, with respect to the above loans, that some of them, *e.g.*, a majority of those owing for harbours, piers, and docks, are not charged on the rates. Others, such as those incurred for water-works, gas-works, markets, &c., are primarily charged, in many cases, on the revenues of the undertakings for the purposes of which they have been raised, and constitute a charge on the rates only in the event of such revenues proving insufficient to meet the payments of principal and interest of the loans. The proportion which the local indebtedness bears to the Rateable Value of the several districts in respect of which it has been incurred, appears in most cases in the Returns themselves, and varies greatly in different localities. It may, however, be stated that the Rateable Value of England and Wales for the purposes of the Poor Rate, according to the Valuation Lists in force at Lady-day 1891, was 155,896,383 *l.*

* Including the asylums for imbeciles provided by the Managers of the Metropolitan Asylums District, loans for which are excluded from the amounts entered under the heading of "Lunatic Asylums."

† Sums amounting to 4,212,978 *l.* remained in Sinking Funds at the end of the year to provide for the repayment of a portion of the outstanding loans.

Summary of financial transactions Urban and Rural.

In the following Table some of the more important particulars of the receipts and expenditure of Local Authorities during the financial year 1890–91 and their outstanding loans at the end of the year are arranged so as to show separately, so far as practicable, the financial transactions of Urban and Rural Authorities. Where this cannot be done, owing to the Local Authorities acting partly for urban and partly for rural districts, the transactions are entered under the heading, "Urban and Rural." The particulars relating to the urban districts are further sub-divided so as to show as far as possible the transactions of the Metropolitan separately from those of the Extra Metropolitan Authorities. It should be mentioned, however, that the transactions of the Corporation of London include receipts and expenditure in respect of some Extra Metropolitan purposes; and that the county of London includes the hamlet of Penge, which is not in the Metropolis. On the other hand, the Extra Metropolitan Harbour, Pier, and Dock Authorities include the Thames River Lower Navigation Commissioners, and the Drainage, Embankment, and Conservancy Boards include the Thames River Upper Navigation Conservancy Board and the Lea River Conservancy Board, and a small portion of the districts under their jurisdiction is within the Metropolitan area. The transactions of the Commissioners of Police of the Metropolis, whose District comprises the whole of the county of London (excluding the City of London), and portions of the counties of Middlesex, Surrey, Kent, Essex, and Hertford, have been approximately apportioned between the Metropolitan and Extra Metropolitan portions of the District upon the rentals in the respective areas upon which the Police Rates are levied. It will be observed that the necessary deductions (referred to in Note * on page iv.) have been made in each case, in order to avoid duplicate reckonings.

The foregoing are the general results of the Local Taxation statistics for the year. Some information will now be given with respect to the financial transactions of the various Local Authorities from whose Returns and Accounts the foregoing particulars have been taken. Further details as to these transactions will be found in the Appendix.

POOR LAW AUTHORITIES.

For the purposes of Poor Law Relief, England and Wales were divided into 648 Unions and Parishes under separate Boards of Guardians, comprising 14,705 Poor Law parishes. The Guardians, in addition to their duties in connection with the relief of the poor, perform within the areas subject to their jurisdiction several duties unconnected with relief. During the year ended the 25th of March 1891 their receipts (excluding loans, rates levied to meet the precepts of other Local Authorities, and contributions to the other Poor Law Authorities, to whom reference is made below) amounted to 9,690,764 *l.* Their expenditure, so far as it was not defrayed out of loans, amounted to 9,269,187 *l.*

The loans raised by the Guardians during the year amounted to 318,581 *l.* Their expenditure out of loans was 311,911 *l.* At the end of the year their outstanding debt was 5,668,533 *l.*

The

* These figures represent $\frac{7,894,929}{35,452,963}$ of the Commissioners' transactions, the police rates levied in the Metropolitan Police District having been computed upon a total rental of 35,452,963 *l.*, which included 7,894,929 *l.* in respect of the area outside the Metropolis.

† Excluding 7,793 *l.* contributed by the Urban and Rural Riparian Authorities, and included in the amounts shown as receipts from Rates by those Authorities.

‡ See note † on page viii.

The other Poor Law Authorities, who exercise powers in relation to the relief of the poor, and whose financial transactions are included in these Returns, are (1) the Metropolitan Asylums Board, who are the Managers of the Metropolitan Asylum District (which was constituted under the Metropolitan Poor Act, 1867), and who provide asylums for the reception and relief of fever and small-pox patients and the insane poor chargeable to the Unions and Parishes in the District; (2) the Managers of two Metropolitan Sick Asylum Districts, constituted under the same Act; (3) the Managers of School Districts formed under the Poor Law Amendment Act, 1844, for the maintenance of District Schools; and (4) the Aldershot Joint Hospital Committee. Excluding loans, the receipts of these authorities during the year were as follows: the Metropolitan Asylums Board, 365,265 *l.*; the Managers of the Sick Asylum Districts, 35,232 *l.*; the Managers of the School Districts, 198,661 *l.*; and the Aldershot Joint Hospital Committee, 881 *l.* Their expenditure, so far as it was not defrayed out of loans, amounted to 387,162 *l.*, 34,416 *l.*, 204,071 *l.*, and 845 *l.*, respectively.

The Metropolitan Asylums Board received during the year loans to the extent of 5,050 *l.* The Managers of the Central London School District raised upon loan during the year 41,500 *l.* No loans were raised by the Managers of the Sick Asylum Districts, or by Churchwardens and Overseers.

The sum expended during the year out of loans by the Managers of the School District was 25,476 *l.*, and by the Metropolitan Asylums Board, 1,716 *l.*

The outstanding loans of these authorities at the end of the year were as follows: the Metropolitan Asylums Board, 1,013,701 *l.*; the Managers of the Sick Asylum Districts, 31,402 *l.*; and the Managers of the School Districts, 321,384 *l.* A sum of 21,146 *l.* was also outstanding in respect of loans raised by Churchwardens and Overseers.

The rateable value of the property liable to contribute to the Poor Rate, according to the Valuation Lists in force at the beginning of the financial year 1890-91, was 152,116,008 *l.*

COUNTY COUNCILS, &c.

There were 61 administrative counties in England and Wales, exclusive of the county of London, in which the County Councils constituted under the provisions of the Local Government Act, 1888, discharged, during the year ended the 31st March 1891, the duties transferred to them from the former County Authorities, and the additional duties imposed upon them by that Act. In addition to these County Councils there were Joint County Committees for Lincolnshire, Suffolk, and Yorkshire. In consequence of the exceptional position of the County Council of London, who not only exercise functions analogous to those of other County Councils, but also those of the late Metropolitan Board of Works, their financial transactions are not included with those of the other County Councils, but are dealt with separately. See page xix. The assessable value of the property liable to be rated to the rate for general county purposes in the 52 administrative counties in which rates for these purposes were raised in England and Wales, excluding the county of London, amounted, at the commencement of the year in question, to *77,305,274 *l.*

The receipts of the County Councils and Committees in question during the year excluding loans, but including 226,597 *l.* received from other local authorities and from sales of securities in which sinking funds were invested, were 5,373,418 *l.*; and their expenditure, so far as it was not defrayed out of loans, was 5,562,790 *l.* This included 1,595,243 *l.* paid to other local authorities in respect of the discontinued Parliamentary Grants, and the new grants provided for by the Local Government Act, contributions in respect of the expenditure on main roads prior to the 31st March 1889, and the payments to Treasurers of Visiting Committees of Lunatic Asylums (other than those in respect of the maintenance of lunatics chargeable to the county rate), and other payments to local authorities. The total amount of loans raised by County Councils during the year was 109,460 *l.*, and the expenditure out of loans amounted to 87,119 *l.* The total outstanding debt of the County Councils at the end of the year was 2,607,191 *l.*, of which by far the greater part had been incurred in respect of lunatic asylums. The sum in sinking funds set

* The amount given on page iv. of Part II., of the Local Taxation Returns for 1890-91, viz., 76,305,274 *l.* is incorrect, the assessable value of Wiltshire being, not 444,119 *l.* as entered on page 8 of that Part but 1,444,119 *l.*

set aside for the repayment of a portion of this debt amounted to 574 *l.* at the close of the year, and 1,000 *l.* had been taken out of the funds during the year and applied to the repayment of principal.

PAUPER LUNATIC ASYLUMS.

Under the provisions of the Local Government Act, 1888, the administrative business of the county justices in connection with pauper lunatic asylums was transferred to the County Councils, and the accounts of the Visiting Committees of such asylums and their officers were made subject to audit in the same way as their other accounts. Abstracts of the accounts relating to the pauper lunatic asylums of boroughs are also now furnished to the Local Government Board in pursuance of Section 278 of the Lunacy Act, 1890. Excluding the asylums belonging to the county of London and to the City of London, which will be subsequently referred to, these accounts include the accounts of the Visiting Committees of 33 asylums belonging to 37 administrative counties, 16 asylums belonging to 23 administrative counties and 25 boroughs combined, and 12 asylums belonging to 11 boroughs. The total receipts of these Visiting Committees during the year, excluding loans, but including 1,199,392 *l.* receipts from Boards of Guardians and Treasurers of Counties and Boroughs, amounted to 1,283,299 *l.* Their expenditure, exclusive of loan expenditure, but including 1,074,959 *l.* repayments by Guardians and Treasurers of Counties and Boroughs and payments to other local authorities, amounted to 1,320,137 *l.* The amounts received and expended out of loans, viz., 60,727 *l.* and 57,778 *l.* respectively, are included in the accounts of County and Borough Councils.

MUNICIPAL AUTHORITIES.

Owing to the passing of the Local Government Act 1888, under which certain boroughs were constituted County Boroughs, the Town Councils of which were invested with enlarged powers and duties, the abstracts of the Returns from County Boroughs are now printed separately from the Returns from the other boroughs. There were 293* Municipal Boroughs in existence at the end of the year (exclusive of the City of London, the accounts of which are given separately in these Returns). Of these 62 were County Boroughs. Of the County Boroughs 44, and of the other boroughs 59, had separate Courts of Quarter Sessions. The assessable value for the purposes of the borough rate of the County Boroughs was 30,690,889 *l.*, and that of the other boroughs 12,853,759 *l.*, making a total assessable value of 43,544,648 *l.* The population in 1891 of the County Boroughs was 7,390,292, and of the other boroughs 3,246,187, making a total population of 10,636,479. In 292 of these boroughs the Town Councils acted during the year as Urban Sanitary Authorities; in 76 boroughs they acted as Burial Boards. Their financial transactions in these capacities are given separately. In some cases undertakings which, under the general law, are carried on by the Town Council in its capacity of Urban Sanitary Authority, are vested in the Corporation, as the Municipal Authority, by virtue of special provisions in the Charter of Incorporation or in Local Acts. For the sake of uniformity the financial transactions of Town Councils in respect of these undertakings have been entered in the Returns made by them as Urban Sanitary Authorities, in all but a few exceptional cases where it has not been found practicable to adopt this course. Treated on this principle, the receipts of the Municipal Authorities in the County Boroughs, exclusive of loans, amounted during the year to 3,739,079 *l.*, and in the other boroughs to 791,731 *l.*, making a total of 4,530,810 *l.* The expenditure, so far as it was not defrayed out of loans, amounted in the County Boroughs to 3,764,275 *l.*, and to 800,841 *l.* in the other boroughs, making a total of 4,565,116 *l.* It should be observed that out of this total expenditure the payments out of the Exchequer Contribution Accounts to other Local Authorities, and from other accounts in respect of contributions to School Boards, payments to other Authorities, and transfers from the Borough Fund to accounts of the Town Council acting

acting as the Urban Sanitary Authority or Burial Board, amounted to 1,756,654 *l.* The total amount of the loans raised by Municipal Authorities during the year was 364,430 *l.* including 291,271 *l.* in the County Boroughs. Their expenditure out of loans amounted to 384,190 *l.*, 298,700 *l.* of which was in respect of County Boroughs. The outstanding debt at the end of the year was 5,855,496 *l.* in the County Boroughs, and 1,423,172 *l* in the other boroughs, making a total of 7,278,668 *l.* Sums amounting to 216,269 *l.* in the County Boroughs, and 37,353 *l.* in the other boroughs, remained in sinking funds for the repayment of a portion of this debt at the end of the year. The amount taken out of the funds during the year and applied to the repayment of principal was 49,323 *l.* in the former, and 12,138 *l.* in the latter case.

TOWN COUNCILS ACTING AS URBAN SANITARY AUTHORITIES.

As has been already stated, the Town Councils in 292 Municipal Boroughs acted as Urban Sanitary Authorities during the year. The accounts of these authorities in County Boroughs are shown separately from those in other boroughs in the same manner as in the Municipal Accounts. The receipts, excluding loans of these authorities, amounted to 10,067,089 *l.* in the County Boroughs, and 2,995,676 *l.* in the other boroughs, making a total of 13,062,765*l.* This included 435,343 *l.* transfers and payments from Exchequer Contribution Accounts, sums received from County Councils for maintenance of main roads, &c., and from other Local Authorities, and transfers from the Borough Funds. Their expenditure, so far as it was not defrayed out of loans, was 9,992,727 *l.* in the County Boroughs, and 2,976,585 *l.* in the other boroughs, making a total expenditure of 12,969,312 *l.*, including 15,340 *l.* in the County Boroughs paid to other local authorities, and 113,325 *l.* in the other boroughs, in respect of expenditure on main roads repaid by County Councils and contributions to other Local Authorities. The loans raised by these authorities during the year amounted to 2,020,456 *l.* in the County Boroughs, and 444,966 *l.* in other boroughs, making a total of 2,465,422 *l.* Their expenditure out of loans was 2,455,505 *l.* and 483,585 *l.*, respectively, with a total of 2,939,090 *l.*; of this sum, 1,049,421 *l.*, including 920,967 *l.* in the County Boroughs, was expended on water works alone. Their outstanding loans at the end of the year amounted to 68,063,279 *l.* in County Boroughs and 15,210,656 *l.* in other boroughs, making a total of 83,273,935 *l.* of which considerably more than half was owing in respect of water works and gas works, and about a third in respect of street improvements, artizans' dwellings, works of sewerage and sewage disposal, parks, pleasure grounds, and open spaces, and markets. Sums amounting to 2,912,187 *l.* in County Boroughs, and 386,493 *l.* in other boroughs remained in sinking funds for the repayment of a portion of the outstanding debt at the end of the year, whilst 372,895 *l.* in the former case and 98,763 *l.* in the latter case had been taken out of the funds during the year, and applied to the repayment of principal. The assessable value of the boroughs for the purposes of the rates out of which the general expenses of the Town Councils, as the Urban Sanitary Authorities, were defrayed was 28,870,390 *l.* in County Boroughs, and 11,307,966 *l.* in other boroughs, making a total assessable value of 40,178,356 *l.*

URBAN SANITARY AUTHORITIES, OTHER THAN TOWN COUNCILS.

The Urban Sanitary Authorities of England and Wales, other than Town Councils, during the year ended the 25th of March 1891, were 716* in number, of which 34 were Improvement Commissioners constituted under Local Acts, and 682 Local Boards constituted under the Sanitary Acts or the Public Health Act, 1875. Their receipts, excluding loans, but including 421,325 *l.*, received from County Councils out of their Exchequer Contribution Accounts, and for the maintenance of main roads, &c., from other

* Including eight new Local Government Districts formed during the year, and 8 Local Government Districts and two Improvement Act Districts in which the Councils of Boroughs became the Urban Sanitary Authorities before the end of the year; but excluding the Woolwich Local Board of Health, whose receipts and expenditure for the purposes of the Local Taxation Returns are included with those of the Metropolitan Vestries and District Boards. Ten Local Government Districts, and two Improvement Act Districts, the names of which appeared in the Returns for the year ended 25th March 1890, do not appear in the Returns for the year ended 25th March 1891, having been incorporated as Municipal Boroughs.

other Local Authorities, and from sales of securities in which sinking funds were invested, amounted during the year to 3,981,307 *l.*, and their expenditure, so far as it was not defrayed out of loans, was 3,969,569 *l.*, including 299,357 *l.* expenditure on main roads repaid by the County Councils under Sub-sections 2 and 4 of Section 11 of the Local Government Act 1888, and 93,684 *l.* contributed to other local authorities. The loans raised by these authorities during the year amounted to 857,173 *l.* Their expenditure out of loans was 841,889 *l.* Their outstanding loans at the end of the year amounted to 13,665,167 *l.*, of which by far the greater part was owing in respect of water works, sewerage and sewage disposal works, gas works, street improvements, bridges and ferries, public offices, markets, and private improvement works. Sums amounting to 284,511 *l.* remained in sinking funds at the end of the year for the repayment of a portion of this debt. The amount taken out of the invested funds during the year and applied to the repayment of principal was 32,580 *l.*

JOINT BOARDS.

In several instances combinations of Sanitary Authorities have been formed under the Public Health Act, 1875, and under Local Acts, for the purpose of carrying on Undertakings or Works for the common benefit of two or more Sanitary Districts or parts of such Districts. In these cases united Districts have been formed, subject to the jurisdiction of Joint Boards or Joint Committees consisting of representative members of the constituent Sanitary Authorities. These united Districts may be formed by Provisional Orders under Section 279 of the Public Health Act, 1875, for any of the purposes of that Act; but the only purposes for which they had up to the end of 1889–90 been set up under that section are the making of Main Sewers and Sewage Disposal Works, and the provision of Hospitals and Cemeteries. Under Local Acts, however, Joint Boards and Joint Committees have been constituted in several cases for the purpose of acquiring and carrying on Water Undertakings for the common benefit of two or more Districts, and, in one case, a Bridge Undertaking. In addition to the Joint Boards above enumerated, certain other Joint Boards have been constituted Port Sanitary Authorities under the provisions of the Public Health Act, 1875 (see page xvi). The expenses of the Joint Authorities, so far as they are defrayed out of rates, are for the most part met by contributions raised by way of precept from the constituent Sanitary Authorities, and in many cases their expenditure is defrayed out of money raised on loan by the latter authorities. The number of these Joint Authorities (other than the Joint Port Sanitary Authorities) in existence during the financial year 1890–91* was 35, of which 12 had been formed for the purposes of Main Sewerage and Sewage disposal, one for the management of a Sewage Farm, five for carrying on Water Works undertakings, 15 for the provision of Hospitals, one for that of Cemeteries, and one for the provision of bridges and approaches thereto. Their receipts, excluding loans, amounted during the year to 216,809 *l.*, of which 97,092 *l.* consisted of receipts on account of water undertakings, and 92,401 *l.* of contributions from constituent and other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, was 210,761 *l.*, of which 100,786 *l.* consisted of expenditure on sewage works, and 69,462 *l.* of payments to the Constituent and other Local Authorities. Their loan receipts amounted to 117,675 *l.*, of which 105,700 *l.* was received on account of sewage works and their loan expenditure to 131,896 *l.*, of which 120,453 *l.* was spent on sewage works. The outstanding loans of these Joint Authorities at the end of the year, exclusive of the loans raised by the Constituent Authorities, amounted to 1,210,963 *l.*, of which by far the greater portion was owing in respect of works of sewerage and sewage disposal, most of the loans required for the other undertakings of the Joint Authorities having been raised by the Constituent Authorities. A sum of 1,390 *l.* remained in sinking funds at the end of the year for the repayment of a portion of the debt of the Joint Authorities. The amount taken out of the funds during the year and applied to the repayment of principal was 1,413 *l.*

* This year ended on the 25th March 1891, except as regards the Birmingham, Tame, and Rea District Drainage Board, and the Stockton and Middlesbrough Water Board. In the first case the year ended on the 31st December 1890, and in the second case on the 14th February 1891.

RURAL SANITARY AUTHORITIES.

In 575 of the 648 Unions and Parishes in England and Wales under separate Boards of Guardians, the Guardians, during the year ended the 25th of March 1891, were the Rural Sanitary Authority for such parts of each Union as were not comprised in any Urban Sanitary District. In 41 Unions the Rural Sanitary Authorities were also the Highway Authorities, but their receipts and expenditure in this capacity have been excluded from the Returns made by them as Rural Sanitary Authorities, and are included with the receipts and expenditure of other Highway Authorities in Rural Districts, as it is convenient that all the transactions relating to Rural Highways should appear in one and the same Return. After allowing for these exclusions, the receipts of the Rural Sanitary Authorities during the year, excluding loans, amounted to 554,484 *l.*, of which 58,578 *l.* was received from County Councils out of their Exchequer Contribution Accounts, and 3,830 *l.* from other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 534,581 *l.*, of which 23,920 *l.* consisted of payments to other Local Authorities. Their receipts from loans during the year were 164,569 *l.*, and their expenditure out of loans 169,765 *l.*, of which by far the greater part had been raised for works of sewerage and sewage disposal, and water works. Their outstanding loans at the end of the year amounted to 1,864,666 *l.* A sum of 1,909 *l.* remained in sinking funds at the end of the year to provide for the repayment of a portion of this debt. The rateable value on which the contributions of the overseers towards the general expenses of Rural Sanitary Authorities were calculated amounted to 53,621,519 *l.*

PORT SANITARY AUTHORITIES.

During the financial year 1890-91 there were 58* Port Sanitary Authorities in England and Wales, including the Corporation of London, who are the Port Sanitary Authority for the Port of London, and whose expenditure in that capacity, amounting to 3,085 *l.*, was almost exclusively defrayed out of the City's Estate. The other Port Sanitary Authorities were either Sanitary Authorities or Joint Boards consisting of representative members of Urban and Rural Sanitary Authorities. The receipts of Port Sanitary Authorities during the year, excluding loans, amounted to 12,300 *l.*, of which 7,793 *l.* was derived from contributions from the Riparian Sanitary Authorities, 1,018 *l.* from County and County Borough Councils out of Exchequer Contribution Accounts, and 22 *l.* from other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 13,210 *l.*, of which 250 *l.* consisted of payments to other Local Authorities. The Port Sanitary Authority of the River Tyne were the only Port Authority who raised a loan during the year. It amounted to 1,000 *l.*, 868 *l.* being expended out of that amount. The loans of Port Sanitary Authorities outstanding at the close of the year amounted to 9,522 *l.*, of which 187 *l.* was owing by the Hartlepool Port Sanitary Authority, 563 *l.* by the Wisbech Port Sanitary Authority, 630 *l.* by the Tees Port Sanitary Authority, 3,392 *l.* by the Weymouth Port Sanitary Authority, and 4,750 *l.* by the Tyne River Port Sanitary Authority.

BURIAL BOARDS.

The number of Burial Boards whose financial transactions are included in the Local Taxation Returns for the financial year 1890-91 is 997.† Of these, the Commissioners of Sewers of the City of London are the Burial Board for the parishes in the City; and in 76 Boroughs, 61 Local Government Districts, and one Improvement Act District, the Burial Board was the Town Council, the Local Board, and the Improvement Commissioners respectively. Besides these, Returns showing no financial transactions were received from 34 Burial Boards, of which one is a Local Board. In each of the above cases the receipts and expenditure of the Local Authority acting as the Burial Board are included in the

* In two of these cases there had been neither receipts nor expenditure by the authorities during the year.

† The number included in the Returns for the previous year was 993. Returns in respect of the year 1890-91 were received for the first time from 17 Burial Boards. Of these, 13 had no receipts or expenditure during the year, and are not included in the number of Burial Boards entered above. Eight Burial Boards ceased to exist.

the Burial Board Returns rather than in the other Returns of the Authority, in order that the whole of the financial transactions of Local Authorities under the Burial Acts may appear in one and the same Return. The receipts of Burial Boards during the year, excluding loans, amounted to 456,697 *l.*, of which 178,030 *l.* was derived from rates, and the remainder (exclusive of 3,161 *l.* from sales of Securities in which Sinking Funds were invested and 4,280 *l.* received from other Local Authorities) from burial fees, sales of graves, vaults, &c., rents and dividends, and other similar receipts. Their expenditure, so far as it was not defrayed out of loans, was 439,041 *l.*, which included 10,201 *l.* paid to other Local Authorities. They received during the year loans to the extent of 89,263 *l.*, and expended out of loans sums amounting to 85,004 *l.* Their outstanding debt at the end of the year was 2,186,560 *l.*, for the repayment of which 52,772 *l.* remained in the sinking funds. The amount taken out of the funds during the year and applied to the repayment of principal was 21,505 *l.*

COMMISSIONERS OF BATHS AND WASHHOUSES.

Under Section 3 of the 9 & 10 Vict. c. 74, the Baths and Washhouses Acts may be adopted by the Municipal Corporation of any Borough; and by virtue of Section 10 of the Public Health Act, 1875, they may be adopted by the Urban Sanitary Authority of any district in which they are not already in force. As a matter of fact, where they are in force in places outside the Metropolis, they are usually administered by Municipal or Urban Sanitary Authorities; and in these cases the financial transactions of the Local Authorities under them appear in the Municipal Borough or other Urban Sanitary Accounts. These Acts may, however, be also adopted by the Vestries of Parishes, under Section 5 of the 9 & 10 Vict. c. 74, and where this is done the Vestry are required to appoint not less than three nor more than seven persons, to act as Commissioners for putting the Acts into execution. Under this section Commissioners of Baths and Washhouses had been appointed, up to the 25th of March 1891, for 26 parishes, of which 25 were in the Metropolis. The receipts of these Commissioners during the year, excluding loans amounted to 78,573 *l.*, of which 31,293 *l.* was derived from rates. Their expenditure during the year, so far as it was not defrayed out of loans, amounted to 75,781 *l.* Their loan receipts amounted to 69,400 *l.*; and their expenditure out of loans was 38,937 *l.* The outstanding loans of the Commissioners at the end of the year amounted to 321,415 *l.*

CONSERVATORS OF COMMONS.

Returns were received from three of these Authorities exercising powers under Local Acts, namely, the Wimbledon and Putney Commons Conservators, acting under the Wimbledon and Putney Commons Acts, 1871, the Malvern Hills Conservators, acting under the Malvern Hills Act, 1884, and the Great Torrington Conservators, acting under the Great Torrington Commons Act, 1889. The receipts of the Conservators during the year, which, in the case of the Malvern Hills Conservators, ended on the 31st December 1890, amounted to 3,399 *l.*, of which 87 *l.* was derived from the Poor Rate, and 2,829 *l.* from other rates. Their expenditure, amounted to 3,456 *l.*, of which 894 *l.* was spent on maintaining and improving the Commons, 606 *l.* on salaries, 1,400 *l.* for interest (including 1,200 *l.* on account of a perpetual annuity), 267 *l.* on Establishment Charges and 185 *l.* on Law Charges. These authorities had neither raised nor expended any loans during the year. The outstanding debt of the Wimbledon and Putney Commons Conservators at the end of the year was 35,000 *l.*, of which 30,000 *l.* was the capitalised value, at 25 year's purchase, of the perpetual annuity referred to.

COMMISSIONERS OF FREE PUBLIC LIBRARIES.

The Public Libraries (England) Acts, 1855 to 1890, may be adopted by the Town Councils of Boroughs, Boards under Improvement Acts, Local Boards, and Metropolitan Vestries and District Boards, and also, under certain circumstances, by separate Parishes. In the latter case Commissioners are appointed for carrying the Acts into execution.

execution. The financial transactions of Town Councils of Boroughs, Improvement Act Commissioners, and Local Boards, in connection with their Libraries, are included with their other accounts. The total receipts of the Commissioners for the twenty * Parishes in which Libraries had been established, which are all Metropolitan Parishes, amounted during the year to 40,208 *l.* including 32,998 *l.* derived from rates, and 3,864 *l.* from donations and subscriptions. Their expenditure amounted to 41,735 *l.*, out of which 14,306 *l.* was spent on buildings, repairs and maintenance, 10,947 *l.* on books, periodicals, &c., 3,000 *l.* principal repaid, 2,666 *l.* interest on loans, 6,977 *l.* on salaries and remuneration of officers and assistants, 1,835 *l.* on establishment charges, and 1,000 *l.* paid to other Local Authorities. Besides these transactions, 20,000 *l.* was raised by loans, and 30,175 *l.* expended out of loans. The amount of loans outstanding at the end of the year was 81,011 *l.*

LIGHTING AND WATCHING INSPECTORS.

In Urban Sanitary Districts, and in the parts of Rural Sanitary Districts in which the first paragraph of Section 161 of the Public Health Act, 1875, has been put in force, the public lighting is in the hands of the Sanitary Authority. In the other parts of Rural Sanitary Districts, if the Lighting and Watching Act (3 & 4 Will. 4, c. 90) has been adopted, the public lighting is undertaken by inspectors appointed under that Act, who may also provide and keep up fire engines for the use of the place in which the provisions of the Act have been adopted. These inspectors have the power of levying rates for the purpose of meeting their expenses, but have no powers of borrowing on mortgage of such rates. During the year ended on the 25th of March 1891 there were 181 places in which the Lighting and Watching Act was in force. The receipts of the inspectors during the year amounted to 24,331 *l.*, of which 23,872 *l.* was derived from rates, and 358 *l.* was received on account of fire engines and fire brigades; and their expenditure to 24,533 *l.*

MARKETS AND FAIRS COMMISSIONERS.

The effect of the Public Health Act, 1872, and the subsequent statutes which have been passed relating to Sanitary Authorities, has been to transfer to Urban Sanitary Authorities, in the great majority of cases, the powers and property of Commissioners of Markets and Fairs appointed under Local Acts of Parliament. There were, however, five cases in which these Commissioners still continued to exist as separate Local Authorities during the year ended on the 25th of March 1891, and it has therefore been necessary to give a separate Return of their receipts and expenditure for that year. It appears from this Return that the receipts of the Commissioners during the year exclusive of loans amounted to 16,620 *l.*, of which 16,304 *l.* was derived from tolls, dues, rents, and stallages, while the expenditure was 15,425 *l.*, including 6,544 *l.* paid by the Commissioners of St. Saviour's, Southwark, Market, to the overseers of the parish in aid of Poor Rate. No loans were raised during the year nor was there any expenditure out of loans. The total amount of outstanding loans at the end of the year was 25,380 *l.*; 17,000 *l.* of this sum was owing by the Taunton Market Commissioners.

BRIDGE AND FERRY TRUSTEES.

During the financial year 1890-91 there were 16 Toll Bridges and Ferries belonging to Local Authorities in England and Wales, who were separate bodies of Trustees. The total receipts of these Trustees during the year amounted to 3,401 *l.*, of which 3,226 *l.* was derived from tolls, dues, and rents. The total expenditure of the Trustees during the same period was 2,886 *l.* No loans were raised, nor was there any expenditure out of loans by the Trustees during the year. The outstanding loans owing at the end of the year in respect of the Bridge and Ferry undertakings amounted to 7,635 *l.* The undertakings vested in these Trustees were entirely self-supporting.

* Including the Whitechapel District, and the Camberwell and Lambeth Parishes, in which there were Library Commissioners for the two Parishes separately, and also a Joint Committee for both Parishes.

METROPOLITAN VESTRIES AND DISTRICT BOARDS.

The local management of the Metropolis, exclusive of the City of London and the Parish of Woolwich, devolved, during the year 1890–91, under the Metropolis Management Acts, except so far as it was vested in the London County Council, on the Vestries and the District Boards constituted by those Acts, who are also the Local Authorities for the purposes of the Electric Lighting Acts, 1882 and 1888, and Part II. of the Housing of the Working Classes Act, 1890. The expenses of these Authorities, so far as they were defrayed out of rates, were met by rates levied under the Metropolis Management Acts.

These rates were applicable to the payment, not only of the expenses incurred by the Vestries and District Boards themselves, but also of the amounts included in the precepts of the School Board for London. Prior to the coming into force of the Local Government Act, 1888, in the Metropolis, they were also applicable to the payment of the precepts of the Metropolitan Board of Works. Under that Act, however, the costs incurred by the London County Council as successors to the Metropolitan Board of Works have to be paid out of the County Fund. The monies required by the Council during 1889–90 and 1890–91 to meet these costs were, therefore, included in their precepts for the County Rate, and were raised by the Overseers of the Poor by means of the Poor Rates. Consequently the Vestries and District Boards were relieved from the necessity of raising any rates to meet such costs, except in so far as to provide for the payments in 1889–90 in respect of the final precept of the Metropolitan Board of Works. The receipts (excluding loans) of the Vestries and District Boards, and the Woolwich Local Board of Health, during the year ended the 25th March 1891, amounted to 3,342,211 *l.*, including 37,371*l.* received from the London County Council and other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 3,355,491 *l.*, including payments to the extent of 1,253,135 *l.* made in respect of the precepts of the School Board for London, payments to other Local Authorities, fees under the Infectious Diseases Notification Act, 1889, repaid by the Metropolitan Asylums Board, and expenditure on main roads repaid by the London County Council under Sec. 11 of the Local Government Act, 1888. The loans raised by the Vestries and Dist ict Boards during the year amounted to 164,300 *l.*,* and their loan expenditure to 186,632 *l.*, nearly two-thirds of which was spent on highways and street improvements, and parks, pleasure grounds, and open spaces. The outstanding loans at the end of the year amounted to 1,817,257 *l.* The assessable value at the commencement of the year of the parishes and districts subject to their jurisdiction was 27,799,743 *l.* The total amount of the rates received during the year, viz., 3,050,511 *l.*, would be equivalent to 2*s.* 2·3 *d.* in the £. on this assessable value.

It has been found convenient to include in the Returns relating to the Metropolitan Vestries and District Boards the receipts and expenditure of the Commissioners for Paving, Lighting, &c., Ely-place and Ely-mews, Holborn, acting under the 5 Vict. Sess. 2, c. xlviii. The total receipts of these Commissioners during the year amounted to 392 *l.*, which was derived from rates. Their total expenditure was 370 *l.* They have no loan transactions. The assessable value of the district was 7,765 *l.*

Sums of 86 *l.* and 149 *l.* received and expended respectively by the Hoxton-square Trustees, who act under the 17 Geo. 3., c. lx., are also included in these Returns.

COMMISSIONERS OF SEWERS OF THE CITY OF LONDON.

The Commissioners of Sewers of the City of London, who are appointed by the Corporation of London under the City of London Sewers Act, 1848 (11 & 12 Vict, c. clxiii).

* No loan was raised, nor was there any expenditure out of loan, by the Woolwich Local Board during the year.

c. clxiii.), as continued and amended by the City of London Sewers Act, 1851 (14 & 15 Vict. c. xci.), exercise in the City of London functions in many respects analagous to those discharged by the Metropolitan Vestries and District Boards in other parts of the Metropolis.

The expenses of the Commissioners, so far as they are defrayed out of rates, are met by a Sewers Rate and a Consolidated Rate made under the former of the above Acts; which rates were applicable to the payment, not only of the expenses of the Commissioners, but also of the amounts included in the precepts of the School Board for London. There was also a small balance paid out of the former rate to the London County Council in respect of a rate made by the Metropolitan Board of Works; but when the Council succeeded that Board, their precepts ceased to be payable out of the rates raised by the Commissioners. The Commissioners are the Burial Board for the City of London, and their receipts and expenditure in this capacity are, as already mentioned, included in the Burial Board Returns. They were also the Local Authority, not only for the Artizans and Labourers' Dwellings Acts, 1868 to 1885, but also for the Artizans and Labourers' Dwellings Improvement Acts, 1875 to 1885, in which latter respect their functions in the City of London were the same as those which were exercised, during the year, by the London County Council in the remainder of the Metropolis.

The receipts of the Commissioners (excluding loans, but including 3,460 *l.* from the London County Council, and the Corporation of the City of London) amounted, during the year ended the 29th of September, 1890, to 480,097 *l.*, of which 445,444 *l.* was derived from rates. Their expenditure, so far as it was not defrayed out of loans, was 456,427 *l.*, of which 120,916 *l.*, or 26·5 per cent., consisted of payments to the School Board for London.

No loans were raised by the Commissioners during the year.

The total outstanding loans of the Commissioners at the end of the year, comprising 1,131,005 *l.* advanced by the Bank of England; 406,000 *l.* advanced by the Corporation of London; and 115,000 *l.* by Insurance Societies, amounted to 1,652,005 *l.*

The assessable value of the City of London, according to the Valuation Lists in force on the 6th April 1890, was 3,937,680 *l.*

LONDON COUNTY COUNCIL.

The London County Council discharge not only the duties imposed upon them as a County Council by the Local Government Act, 1888*, but also those devolving upon them as successors to the Metropolitan Board of Works. The principal purposes in respect of which the Council exercise powers in the latter capacity are the formation and maintenance of main sewers, and the disposal of the sewage of the Metropolis, the regulation and supervision of buildings, the improvement and widening of streets, the construction and maintenance of Thames Embankments, the prevention of floods, the carrying out of schemes under the Artizans and Labourers' Dwellings Improvement Acts, † the extinction of fires, the provision and management of parks, commons, public gardens, and open spaces, the regulation of slaughter-houses, and the administration of the Contagious Diseases (Animals) Acts, 1878 and 1886, the Petroleum and Explosives Acts, and other Acts. In addition to these powers, the Council are, in the same way as the late Metropolitan Board of Works, empowered to create Stock for the purpose of making advances to other Local Authorities.

The principal receipts of the Council are now derived from the rates obtained by precept from the overseers of the several parishes in the County.

The receipts of the Council (excluding loans, and 105 *l.* realised by the sale of Stock) during the year ended the 31st March 1891 amounted to 3,333,244 *l.* of

* Under Section 40 (8) of the Local Government Act, 1888, the powers of the Metropolitan Board of Works were transferred to the County Council of London, and by an Order, dated the 19th March 1889, the Local Government Board fixed the 21st March 1889 as the date upon which the provisions of the Local Government Act, 1888, relating to this transfer, should take effect.

† These Acts were repealed during the year by the Housing of the Working Classes Act 1890, under which the London County Council will now proceed.

of which 588,056 *l.* was received out of the Local Taxation Account and 721,668 *l.* on account of the principal and interest of loans advanced by the Council to other Local Authorities. The expenditure of the Council, so far as it was not defrayed out of loans, amounted to 3,061,092 *l.*, including the payments made by the Council in respect of the principal and interest of loans raised by them for the purpose of advances to other Local Authorities, 250,619 *l.* paid to Boards of Guardians and other Local Authorities out of the Exchequer Contribution Account, and 651,350 *l.* advanced to other Local Authorities out of the Consolidated Loans Fund; and excluding 211,826 *l.* transferred from the Exchequer Contribution Account to other of the Council's Accounts, and 1,589 *l.* invested. Their loan receipts during the year amounted to 50,428 *l.*, and their loan expenditure to 607,679 *l.* The outstanding loans of the Council at the end of the year amounted to 30,170,127 *l.*,* of which sum 9,336,159 *l.* had been borrowed for the purpose of enabling the Council to advance moneys to other Local Authorities.

COMMISSIONERS OF POLICE OF THE METROPOLIS.

The local administration of the police in the Metropolitan Police District belongs to the Commissioners of Police of the Metropolis, whose expenses, so far as they are defrayed out of rates, are met by police rates levied as part of the poor rate in the several parishes situated in the Metropolitan Police District, in pursuance of the 10 Geo. 4, c. 44, and subsequent amending Acts. The receipts of the Commissioners excluding loans during the year ended the 31st of March 1891 amounted to 1,811,078 *l.*, of which 790,826 *l.* was derived from rates, 740,681 *l.* out of the Local Taxation Account, 188,883 *l.* from other Treasury Subventions and payments, and 90,688 *l.* from other sources. The sums received out of the Local Taxation Account were paid by the Local Government Board to the Receiver for the Metropolitan Police, and comprised 590,681 *l.*, contributed under Sections 24 (2) and 27 (1) of the Local Government Act, 1888, in substitution of the grants in aid of the pay and clothing of police formerly voted by Parliament, and 150,000 *l.* paid for the first time, under Section 4 of the Local Taxation (Customs and Excise) Act, 1890, in aid of police superannuation. The expenditure of the Commissioners was 1,719,808 *l.* The Receiver for the Metropolitan Police District raised upon loan during the year a sum of 151,151 *l.*; 66,626 *l.* was expended during the year out of loans, and 442,000 *l.* remained outstanding at the end of the year. The whole of this amount had been raised for the purpose of providing a Central Office, Police Stations, &c.

CORPORATION OF LONDON.

The Corporation of London are the Municipal Authority for the City of London, but their powers and duties in that capacity are not regulated by the general law relating to Municipal Corporations; they have, however, to a certain extent been defined and regulated by special Acts of Parliament.

The power of the Corporation of London to levy 9 *d.* out of the 1 *s.* 1 *d.* per ton which they were formerly empowered to collect on all coals coming into the Metropolitan Police District, and a wine duty of 4 *s.* per tun on all wine imported by way of merchandise into the Port of London, ceased before the commencement of the year to which these Accounts relate, but by the London Coal Duties Abolition Act, 1889, it was provided that the duty of 4 *d.* per ton should continue until the 5th July, 1890, and should be applied towards discharging the moneys borrowed in respect of the Holborn Valley Improvements. The net proceeds of this duty of 4 *d.* up to the date referred to were applied to the payment of interest and principal in respect of moneys borrowed under the Holborn Valley Improvement Acts, 1864, 1867, and 1869 (27 & 28 Vict. c. lxi., 30 Vict. c. lv., and 32 & 33 Vict. c. xx.) and the Holborn Valley and Farringdon Market Improvement Act, 1872 (35 & 36 Vict. c. lxxxi.).

In

* The loans outstanding are stated in gross, whereas in the tables prefixed to the Annual Money Bill laid before Parliament by the Council, they are shown at their net amount after deducting the value of land let on lease. The land is retained to meet the redemption of Metropolitan Consolidated Stock under the Acts 47 & 48 Vict. c. 50, s. 23, and 53 & 54 Vict. c. 41, s. 24.

In addition to the above duty of 4 *d.* per ton on coals, &c., which the Corporation were empowered to levy during a portion of the year, they were also empowered by the Metage on Grain (Port of London) Act, 1872 (35 & 36 Vict. cap. c.), to levy a grain duty of 3-16ths of a penny per hundredweight in respect of all grain brought into the Port of London, which duty is, subject to the provisions of that Act, to be held by the Corporation for the preservation of open spaces in the neighbourhood of London, not within the Metropolis, as defined by the Metropolis Management Act, 1855.

The only rates made by the Corporation are the Police and Ward Rates, which are made under the City of London Police Act, 1839 (2 & 3 Vict. c. xciv.). The Police Rates are applicable to the payment of three-fourths of the expenses of the City Police, the remaining fourth of which expenses are, under Section 57 of the above Act, payable by the Corporation "out of their revenues and possessions."

Of the Estates of the Corporation, the Bridge House Estates, prior to the passing of the Blackfriars Bridge Act, 1863 (26 Vict. c. lxii.), were held by the Corporation "in trust for the maintenance and support of London Bridge." By that Act, and the Blackfriars and Southwark Bridges Act, 1867 (30 Vict. c. iii.), the Corporation were empowered to borrow on the credit of these Estates, for the purpose of re-building Blackfriars Bridge, and purchasing Southwark Bridge from the Southwark Bridge Company, and the expenses of lighting, watching, and maintaining the two last-mentioned Bridges were made a charge on these Estates. The Corporation are further empowered, by the Corporation of London (Tower Bridge) Act, 1885, to raise money on the credit of these Estates for the purpose of erecting the Tower Bridge. A considerable number of other Local Acts have been passed at various times relating to the Corporation and their Estates.

The total receipts of the Corporation during the year ended the 31st of December 1890, excluding loans, and sums received by the Corporation in respect of advances to the Commissioners of Sewers of the City of London, amounted to 831,842 *l.* The expenditure of the Corporation, so far as it was not defrayed out of loans, was 776,802 *l.*, including 28,044 *l.* drawback on coal duties, and 2,376 *l.* paid to the Treasurer of the Visiting Committee of the City of London Lunatic Asylum for purposes other than the maintenance of lunatics chargeable to the City, but excluding the sums paid by the Corporation in respect of advances to the Commissioners of Sewers of the City of London, and the expenditure of the Corporation as Port Sanitary Authority* for the Port of London. The loan receipts of the Corporation during the year amounted to 3,000 *l.*, and their loan expenditure to 122,277 *l.* The outstanding loans of the Corporation at the end of the year were 5,174,300 *l.*, including 406,000*l.* in respect of advances to the Commissioners of Sewers of the City of London.

VISITING COMMITTEES OF PAUPER LUNATIC ASYLUMS BELONGING TO THE COUNTY OF LONDON AND CITY OF LONDON.

The accounts of the Visiting Committees of Pauper Lunatic Asylums, except those belonging to the county of London and the city of London, have been already referred to (page xii). There were four asylums in the year ended 31st March 1891 belonging to the London County Council, and one asylum belonging to the Corporation of London. The total receipts of the Visiting Committees of these asylums amounted during the year to 270,939 *l.*, including 227,848 *l.* received from guardians of unions and treasurers of counties and boroughs for the maintenance of pauper lunatics chargeable thereto, and 38,101 *l.* from the treasurers of the county and city of London, for repairs, additions alterations and improvements, and other purposes. The expenditure of the Visiting Committees amounted to 271,627 *l.* during the year, including the 227,848 *l.* repaid to them by the guardians, &c., for the maintenance of patients. These Visiting Committees do not appear to have received or expended during the year any monies raised by means of loans by the County Council or the Corporation.

* See page xv.

COMMISSIONERS OF SEWERS.

During the financial year 1890–91 there were in existence 51 * Commissions of Sewers which had been granted under the provisions of the 23 Hen. VIII., c. 5, or Part I. of the Land Drainage Act, 1861 (24 & 25 Vict. c. 133). Commissions of Sewers may be granted under the latter Act for all parts of England, inland as well as maritime, and the Commissioners, acting under such Commissions, are empowered to make, maintain, and improve watercourses or outfalls for water, and walls or other defences against water, and to erect any machinery, or do any other act for the drainage, necessary supply of water for cattle, warping, or irrigation of the area comprised within the limits of their jurisdiction.

The total amount, exclusive of loans, received by the Commissioners of Sewers during the year was 52,745 *l.*, of which 165 *l.* was received from other Local Authorities. Their total expenditure, exclusive of loan expenditure, but including 1,291 *l.* paid to other Local Authorities, was 55,135 *l.* The Commissioners raised loans during the year to the amount of 3,300 *l.*, and expended out of loans 2,844 *l.* Their outstanding loans at the end of the year were 85,587 *l.*

DRAINAGE, EMBANKMENT, AND CONSERVANCY BOARDS.

Under Part II. of the Land Drainage Act, 1861, elective Drainage Districts may be constituted subject to the jurisdiction of Drainage Boards, who, within such districts, may exercise all powers exercisable by Commissioners of Sewers. In addition to these, many Boards have been constituted under Local Acts, with special powers for the purposes of land drainage, river embankment, navigation, and conservancy, and sea defences. In one instance the Local Authority acts under an indenture by which the whole of the lands in the district were conveyed to them in 1808 by the owners of the lands, on numerous trusts for the drainage of the lands, and subject thereto upon trust for the owners respectively. During the financial year 1890–91 † there were 228 districts subject to the jurisdiction of Boards coming under one or other of the above descriptions. Their receipts, exclusive of loans, amounted during the year to 505,673 *l.*, including 10,736 *l.* received from other Local Authorities. Their expenditure, so far as it was not defrayed out of loan, amounted to 498,518 *l.*, including 7,842 *l.* contributed to the expenses of other Local Authorities. The loan receipts and expenditure of these Boards during the year were 42,840 *l.* and 7,035 *l.* respectively. Their outstanding loans at the end of the year were 2,469,113 *l.* Sums amounting to 6,599 *l.* remained in sinking funds at the end of the year to provide for a portion of the repayment of this debt. The amount taken out of these funds during the year, and applied to the repayment of principal, was 7,600 *l.*

SALMON AND FRESHWATER FISHERY CONSERVANCY BOARDS.

Under the Salmon and Freshwater Fisheries Acts, 1861 to 1886, Boards of Conservators may be constituted for the management of Salmon Fisheries. In the year ended 31st December 1890 there were 47 Fishery Districts in which these boards acted. In two of these districts the Conservators had no financial transactions. In the 45 other districts the receipts of the Conservators during the year amounted to 13,264 *l.*, and their expenditure to 13,531 *l.* In only one case had the Conservators an outstanding loan, and at the end of the year the balance of this loan amounted to 100 *l.*

SEA FISHERIES COMMITTEES.

The Board of Trade had, up to the close of the year ended 31 March 1891, provided under the Sea Fisheries Regulation Act, 1888 (51 & 52 Vict c. 54), as amended by the Fisheries Act, 1891 (54 & 55 Vict. c. 37), for the constitution of six Sea Fisheries Committees for the regulation of sea fisheries. The total receipts of the Committees during the year amounted to 445 *l.*, which sum was received from contributory County or Borough Councils. The expenditure of the Committees amounted to 319 *l.*

* Including two Districts in which the Commissioners had no financial transactions during the year.
† This year ended, except as regards six Districts, on the 25th March 1891.

CHURCHWARDENS (CHURCH RATES).

By the Compulsory Church Rate Abolition Act, 1868 (31 & 32 Vict. c. 109), compulsory church rates were abolished, except in cases where, at the time of the passing of the Act, money had been borrowed and remained due on the security of the church rate, or where the rate was applicable to purposes other than "ecclesiastical purposes," as defined by the Act, or had been originally authorised to be levied by special legislation in consideration of the abolition of tithes or for other valuable consideration. There was only one* parish, viz., St. Marylebone, London, in which church rates continued to be levied during the year ended at Lady-day 1891. In this parish church rates to the amount of 5,723 *l.* were raised by the vestry under powers conferred by two Local Acts (51 Geo. III., c. cli., and 1 & 2 Geo. IV., c. xxi.). In another parish, namely, St. Nicholas, Harwich, which owes 1,300 *l.* in respect of the principal of loans raised on the security of the church rate prior to the passing of the Act of 1868, no church rates were raised during the year, the sum paid as interest on the outstanding loan having been received from other sources. The receipts in aid of church rates amounted to 1 *l.*, making the total sum received 5,724 *l.* The total expenditure amounted to 5,606 *l.*, of which 1,500 *l.* was in respect of principal, and 272 *l.* in respect of interest on the moneys borrowed on the security of the church rates. The outstanding loans raised on the security of these rates amounted at the end of the year to 6,100 *l.*

HARBOUR, PIER, AND DOCK AUTHORITIES.

The number of separate Harbour, Pier, and Dock Authorities constituted by Local Acts or by Provisional Orders issued under the General Pier and Harbour Act, 1861 (24 & 25 Vict. c. 45), and not being companies or private owners, at the end of the financial year† 1809–91, was 89,‡ but of these two neither received nor paid money during the year. The most important of the separate Harbour Authorities were the Mersey Docks and Harbour Board, and the Tyne Commissioners, whose accounts contain about two-thirds of the receipts and expenditure included in the returns from these Authorities. The aggregate receipts of the Authorities, exclusive of loans, amounted during the year to 2,787,965 *l.*, of which 19,301 *l.* was received from other Local Authorities. Their expenditure, excluding so much of it as was defrayed out of loans, amounted to 2,701,987 *l.*, which includes 40,707 *l.* paid to other Local Authorities. The loan receipts of the Authorities were 340,663 *l.*, and the loan expenditure 341,546 *l.* The outstanding loans of the Authorities at the end of the year amounted to 30,958,246 *l.*, for the repayment of which the Returns show that 67,395 *l.* remained in sinking funds at the end of the year. The amount taken out of the funds during the year and applied to the repayment of principal was 11,571 *l.*

SCHOOL BOARDS.

The number of School Boards whose financial transactions are included in the Returns is 2,269§; their aggregate receipts, excluding loans, amounted, during the year ended the 29th of September 1890, to 5,144,062 *l.*, including 2,967,421 *l.* from rates, 1,445,085 *l.* from Parliamentary Grants, and 684,427 *l.* from School Fees, and Books, &c., sold to children. Their expenditure during the same period, so far as it was not defrayed out of loans, was 5,199,485 *l.* Their receipts from loans during the year amounted to 840,584 *l.*, and their loan expenditure to 808,119 *l.* At the end of the year their outstanding loans amounted to 18,512,178 *l.*

* The number of parishes in which these rates were levied during the preceding year was 2.

† This year ended, except in a few cases, on the 25th March 1891.

‡ There are many cases in which Town Councils or Local Boards have constructed or purchased quays and piers, and in these cases the receipts and expenditure are included in the accounts of the Town Councils and the other Urban Sanitary Authorities concerned.

§ In addition to this number there were 14 School Boards who had no financial transactions during the year.

HIGHWAY AUTHORITIES IN RURAL DISTRICTS.

In such parts of England and Wales as are not included in the Metropolis, or in any Urban Sanitary District, the duty of repairing the highways, exclusive of Main Roads, the total cost of which has now to be defrayed by the County Councils, devolved during the year 1890-91 in separate highway parishes on the Surveyor of Highways, and in highway districts on the Highway Board, except in cases where the powers of the Highway Board were exercisable by the Rural Sanitary Authority, in pursuance of an order of the County Authority under Section 4 of the Highways and Locomotives (Amendment) Act, 1878 (41 & 42 Vict. c. 77), and in the Isle of Wight where the Highway Commissioners acted as a Highway Board. During the year ended on the 25th of March 1891 there were, in England and Wales, 360 highway districts, comprising 6,971 highway parishes, under the management of Highway Boards; 41 districts, comprising 746 highway parishes, in which Rural Sanitary Authorities exercised the powers of Highway Boards; and 6,501 separate highway parishes for which Surveyors of Highways had been appointed.* The total mileage of the roads under the care of these authorities, excluding 11,554 miles 6 furlongs of main roads, the repairs of which had been undertaken by the County Councils themselves, was 108,751 miles, comprising 8,464 miles of main roads, and 100,287 miles of ordinary highways.

The aggregate receipts of these authorities during the year, excluding loans, but including 530,288 *l.* from County Councils for main roads under Section 11 (4) of the Local Government Act, 1888, 24,002 *l.* for highways or footpaths, not being main roads under Section 11 (10) of the Local Government Act, 1888, and 4,730 *l.* for main roads in respect of expenditure previous to 31st March 1889; 11,216 *l.* from other Local Authorities, and 4,030 *l.* received by waywardens in excess of their contributions to Highway Boards, amounted to 1,923,512 *l.* Their expenditure, so far as it was not defrayed out of loan, amounted to 1,858,712 *l.*, including 400,183 *l.* expenditure on main roads repaid or to be repaid by County Councils under Section 11 (4) of the Local Government Act, 3,446 *l.* expended by waywardens in addition to their contributions to Highway Boards, and 2,541 *l.* paid to other Local Authorities. The loan receipts and expenditure of Highway Boards during the year were respectively, 2,200 *l.* and 3,605 *l.* Their outstanding loans at the end of the year amounted to 25,490 *l.* The amount remaining in the Sinking Funds provided for the repayment of a portion of this debt was 548 *l.*

TURNPIKE TRUSTEES.

At the commencement of the financial year 1890-91 there were six† Turnpike Trusts in existence in England and Wales.

The aggregate receipts during the year of the Turnpike Trustees amounted to 3,214 *l.*, and their expenditure was 4,282 *l.*

The outstanding loan debt of Turnpike Trustees at the end of the year was 21,835 *l.*

Contents of Tables in Appendix.

The foregoing are the various classes of Local Authorities in England and Wales whose financial transactions are included in the Returns. In the Appendix will be found 10 tables in which the more important items of receipt and expenditure are given separately, the gross receipts and expenditure being included in the tables, but the deductions necessary to avoid a duplicate reckoning having been made in each case. In Table I. the receipts other than from loans are arranged in such a manner as to show the total amount received by each class of Local Authority, and the principal items of which such amounts are respectively made up. In Table II. the same receipts are arranged so as to show separately the principal sources from which the revenues of the Local Authorities during the year have been derived, distinguishing the amounts received by each class of Local Authority

* During the preceding year there were 363 highway districts, comprising 7,050 highway parishes; 40 districts comprising 735 highway parishes, in which Rural Sanitary Authorities exercised the powers of Highway Boards; and 6,465 separate highway parishes for which surveyors of highways had been appointed.

† The number in existence at the commencement of the preceding year was 6.

Authority from the several sources, and the aggregate of the amounts received from each source. Table III. gives the expenditure during the year of the various Local Authorities, so far as it was not defrayed out of loans, arranged in such a manner as to show the total amount expended by each class of Local Authority, and the principal items of expenditure. In Table IV. this expenditure is arranged so as to show the principal purposes in respect of which it was incurred, the amounts expended by the several classes of Local Authorities on account of the same purpose being grouped together, and the aggregate of the amounts expended on each purpose being shown separately. Table V. gives the amounts of the loans raised during the year by the various classes of Local Authorities, arranged in such a manner as to show the total amount raised by each class of Local Authority, and, so far as the Returns enable this information to be given, the purposes for which such loans were respectively raised. In Table VI. the receipts from loans are arranged so as to show, as far as practicable, the purposes in respect of which the loans were raised, distinguishing the amounts raised by each class of Local Authority in respect of the several purposes, and the aggregate amount of the loans raised for each purpose. Table VII. gives the expenditure during the year of the various Local Authorities, so far as it was defrayed out of loans, arranged in such a manner as to show the total amount expended out of loans by each class of Local Authority, and the principal items of expenditure. In Table VIII. the expenditure out of Loans is arranged in such a manner as to distinguish, as far as practicable, the several purposes in respect of which it was incurred, the amounts expended by the several classes of Local Authorities in respect of the same purpose being grouped together, and the aggregate amount of loan expended on each purpose being shown separately. Table IX. gives the outstanding loans of the various Local Authorities at the end of the year, arranged in such a manner as to show the total outstanding loans of each class of Local Authority, and, so far as the Returns enable this information to be given, the purposes for which such loans were respectively raised. In Table X. the outstanding loans are arranged in such a manner as to distinguish, as far as practicable, the several purposes in respect of which they were raised; the amounts owing by the several classes of Local Authorities being grouped together, and the aggregate amount outstanding in respect of each purpose being shown separately.

Tabular Statements for the years 1881-82 to 1890-91.

The tabular statements on pages xxvii to xxxii have been prepared so as to show the amounts of the rates levied by or on behalf of the several classes of Local Authorities in each of the ten financial years ended with the year 1890–91; the Treasury Subventions and Payments from 1881–82 to 1890–91, including payments derived from the Local Taxation Account during 1888–89, 1889–90 and 1890–91; the amounts of the loans received by these Authorities during the same years; the outstanding loans of the Authorities at the end of each year; and the valuation for the purposes of the poor-rate in force at the beginning of each year. These particulars as regards the Metropolis are given separately from those as to the remainder of the country. In estimating the significance of the differences shown in these Tables, so far as they relate to Urban Sanitary Authorities, Highway Authorities in Rural Districts, and Rural Sanitary Authorities, it should be borne in mind that every year the formation of new and the extension of existing Urban Sanitary Districts withdraw from the jurisdiction of Rural Sanitary Authorities, and the Highway Authorities in Rural Districts, many areas of an urban or suburban character in which the rate of expenditure has been much higher than in the remainder of the district from which they have been detached. During the ten years ended on the 25th of March 1891 as many as 66 new Urban Sanitary Districts were formed, and 66* existing Urban Sanitary Districts extended by the inclusion of places previously forming parts of Rural Sanitary Districts. The number of existing Rural Sanitary Districts extended by the inclusion of parts of Urban Sanitary Districts during the same period was 22.

The transactions of the Commissioners of Police of the Metropolis have been apportioned approximately between the part of the district situate within the Metropolis and the part situate within the counties of Middlesex, Surrey, Kent, Essex, Hertford, and the Extra Metropolitan portion of the County of London.

It

* During the year 1890–91 eleven Urban Sanitary Districts in all were extended, and in two cases a portion of an Urban Sanitary District was merged in a Rural Sanitary District.

Rates levied in each year from 1881-82 to 1890-91.

It will be seen that the total amount of the rates raised increased during each of the nine years following the financial year 1881–82, and that in the last of these years, viz., the financial year 1890–91, it was 27,818,642 *l.*, as against 23,904,860 *l.* in 1881–82. On comparing the amounts raised during the two years it will be seen that the following increases had taken place in the rates raised for the purposes of the expenditure of the undermentioned Local Authorities, viz., Metropolitan Authorities, 2,158,530 *l.*; Municipal Corporations and Urban Sanitary Authorities, 2,160,823 *l.*; Rural Sanitary Authorities, 169,485 *l.*; Extra Metropolitan Burial Boards, 31,448 *l.*; Drainage, Embankment, and Conservancy Boards, 28,427 *l.*; and Extra Metropolitan School Boards, 592,614 *l.* On the other hand, the amounts of the rates raised for the purposes of the expenditure of Extra Metropolitan Poor Law Authorities; Commissioners of Sewers; Lighting and Watching Inspectors; Churchwardens outside the Metropolis; and Highway Authorities in Rural Districts, were smaller by 910,744 *l.*, 14,343 *l.*, 12,394 *l.*, 6,345 *l.*, and 382,693 *l.*, respectively, in 1890-91 than in 1881–82.

It must be remembered that the comparison between the amount received from rates by the London County Council and the amounts received by the late Metropolitan Board of Works is affected by the fact that, in addition to the duties which have devolved upon them as successors to the late Board, the Council have duties as successors to the former County Authorities, and new duties under the Local Government Act, 1888, and also that the Coal and Wine Duties which were formerly devoted to the relief of rates are now abolished.

Treasury Subventions, &c., 1881-82 to 1890-91.

It will be observed that the figures in the second statement, which represent the amounts derived by the various Local Authorities from Treasury Subventions and the Local Taxation Account in each of the years 1889–90 and 1890–91, cannot be properly compared with the amounts received by the same authorities in former years from Treasury Subventions. In a large number of cases the Councils of Counties and County Boroughs had not, before the close of the former year made the payments which they were required to make to other authorities in substitution for the Parliamentary Grants discontinued under the provisions of the Local Government Act, 1888, and consequently there were large balances remaining undistributed at the end of the year in the Councils' Exchequer Contribution Accounts. The greater part of these balances was distributed during the year 1890–91, but on the other hand, of the sums received by the Councils during the year 1890–91 from the Local Taxation Account, a large proportion had not been distributed at the close of the year.

Receipts from Loans, 1881-82 to 1890-91.

As regards receipts from loans, it will be observed that in the case of the Metropolitan Authorities they were considerably smaller in amount in 1890-91 than in any of the nine other years included in the Table. The loans raised during the year by the Extra Metropolitan Authorities were smaller than in any of the preceding nine years, with the exception of 1889–90. The total amount of loans raised by all the authorities was smaller in 1890–91 than in any of the nine preceding years.

Outstanding Loans, 1881-82 to 1890-91.

The outstanding loans of the Local Authorities rose from 151,704,640 *l.* at the end of the financial year 1881–82 to 201,215,458 *l.* at the end of 1890-91, being an increase of 49,510,818 *l.*, or 32·4 per cent. The rate of increase in the Metropolis was 27·7 per cent. In the remainder of the country taken together it was 33·7 per cent. The Local Authorities whose indebtedness increased to the greatest extent during the interval were Poor Law Authorities, the Commissioners of Sewers of the City of London, Urban Sanitary Authorities, Rural Sanitary Authorities, Drainage, Embankment, and Conservancy Boards, Harbour, Pier, and Dock Authorities, and School Boards. The outstanding loans of these Authorities were, respectively, 1,495,449 *l.*, 1,193,196 *l.*, 28,991,008 *l.*, 646,448 *l.*, 793,345 *l.*, 6,142,571 *l.*, and 6,671,036 *l.*, larger in amount at the end of the financial year 1890-91 than they were at the end of 1881-82.

Sinking Funds.

Sums amounting to 4,212,978 *l.* remained in Sinking Funds at the end of the year, to provide for the repayment of a portion of the outstanding balance of loans.

Rateable Value for purposes of the Poor Rate, 1881-82 to 1890-91.

The valuation for the purposes of the poor-rate rose in the Metropolis from 27,544,446 *l.* at the beginning of the financial year 1881–82 to 31,596,896 *l.* at the beginning of the year 1890–91, being an increase of 14·7 per cent. In the remainder of the country it rose during the same period from 112,091,861 *l.* to 120,519,112 *l.*, being an increase of 7·5 per cent.

The tabular Statements above referred to are as follows:—

‖ See note §.

¶ The diminution in the outstanding Loans of Municipal Authorities in 1883-84, as compared with 1882-83, is mainly due to the transfer from the Returns of Town Councils as the Municipal Authority to their Returns as the Urban Sanitary Authority of loans incurred in respect of undertakings which are usually dealt with by Sanitary Authorities.

** The large decrease in the outstanding loans of Markets and Fairs Commissioners and of Bridge and Ferry Trustees in 1882-83, as compared with the preceding year, is attributable to the fact that previous to that year the financial transactions of certain Urban Sanitary Authorities in respect of Markets and Fairs and of Toll Bridges and Ferries were included in the Abstract of the Accounts of these Trustees, but in that year, however, these transactions were entered in the Returns of the Urban Sanitary Authorities with their other receipts and expenditure.

†† The large increase in 1884-85 in the outstanding loans of the Drainage, Embankment, and Conservancy Boards is due to the fact that returns were that year obtained for the first time from 10 additional Authorities.

‡‡ The accounts of these Authorities were in 1884-85 included for the first time in the Local Taxation Returns.

§§ The rapid decrease in the outstanding loans of Turnpike Trustees is owing to the extinction of Trusts during the years to which the Table relates.

* The larger proportion of the current expenditure in respect of tramways consists of payments of principal and interest on account of loans raised for tramway purposes, and is included under the headings of Principal and Interest. In many cases there is no other current expenditure, as the local authorities let the tramways, and in some cases part of the expenditure is probably entered under the head of Salaries, Establishment Charges and other Payments.

LOCAL TAXATION RETURNS, Year 1891-92.

THE Returns relating to the Receipts and Expenditure of Local Authorities for the financial year 1891-92 will, as has been usual of late years, be issued in Seven Parts. The First Part of the present series contains the Poor Rate Return for the Year ended at Lady-day 1892, and the Return relating to the Valuation of Property for the Poor Rate according to the Valuation Lists in force at Lady-day 1890 and 1891.

PART I.

MEMORANDUM.

I.—POOR RATE RETURN.

This is the Eighty-fifth Annual Poor Rate Return which has been published. It is divided into four parts, of which,— Contents of Return.

Part I. gives a summary, as regards each Union-County and Division, of the amount of the Poor Rates levied during the year, and the amounts received by Boards of Guardians from County and Borough Councils under the provisions of the Local Government Act, 1888, and from other sources (except from Loans) in aid of such rates; and also the amounts expended therefrom: (1) for the relief of the poor and purposes connected therewith; (2) for purposes unconnected with such relief; and (3) for purposes partly connected and partly unconnected with such relief. It also gives separately the amounts received, expended, and outstanding in respect of Loans raised by Boards of Guardians.

Part II. is a Comparative Statement of the Expenditure on Relief to the Poor in the years ended Lady-day 1891 and 1892.

Part III. gives details of all the receipts and expenditure shown in Part I., exclusive of Loans, with regard to each of the 648 Unions and Parishes under separate Boards of Guardians in England and Wales, and the Scilly Isles.

Part IV. of the Return is devoted to the loan transactions of Boards of Guardians. It gives, as regards each Board of Guardians, the amount raised by means of Loans, and the expenditure defrayed out of Loans, during the year, together with the amounts of the Loans owing by the Guardians at the end of the year.

It appears from the Return that the total amount of Poor Rates raised during the year for all purposes, including the sums contributed by Government in lieu of Poor Rates, was 15,642,020 *l.* This amount was greater than the amount raised during the preceding year by 78,226 *l.* Total amount of Poor Rates raised.

Receipts in aid.

Under the provisions of the Local Government Act, 1888, the grants which had in previous years been made to Poor Law Authorities out of moneys voted by Parliament were discontinued as from the 31st of March 1889, and in lieu thereof those authorities now receive the substituted payments required by the Act to be made to them by the Councils of Counties and County Boroughs, and certain additional grants. These payments are made in respect of (1) Teachers in Poor Law Schools; (2) School Fees for Workhouse Children attending Public Elementary Schools outside the Workhouse; (3) Registrars of Births and Deaths; (4) Lunatics; (5) The Remuneration of Medical Officers and Costs of Drugs in the Metropolis; (6) Maintenance of In-door Paupers in the Metropolis; and (7) The Costs of Union Officers, &c., in Unions outside the Metropolis. The sums so received from the Councils during the year amounted to 1,936,453 *l.* The amount entered in the Accounts as having been contributed by Her Majesty's Treasury is 896 *l.*, 875 *l.* of which was paid to the Aldershot Joint Lock Hospital Committee. The total of the sums received by Poor Law Authorities during the year ended Lady-day 1892, from grants by Councils of Counties and County Boroughs, and from the Treasury, was therefore 1,937,349 *l.*, or a decrease of 355,168 *l.* over the total of the sums received during the preceding year from the Councils, and from Parliamentary Grants, respectively. This decrease is, to a large extent, accounted for by the fact that the Returns for the year 1890–91 showed, in many cases, payments made to the Guardians in respect of two years, the Councils having in the year 1889–90, in many cases, delayed making the payments provided for by the Local Government Act until after the close of the year. Besides these receipts in aid, there were other receipts by Boards of Guardians and the Managers of School and Asylum Districts (exclusive of loans and sums received from other Local Authorities), amounting to 508,448 *l.** These receipts included (*inter alia*) sums recovered from the relatives or property of paupers in respect of the cost of their maintenance, amounting to 235,323 *l.*; sums received on account of stone, wood, oakum, pigs, and farm and garden produce sold, amounting to 130,157 *l.*; rents and sales of other property, amounting to 62,605 *l.*; and dividends on investments, amounting to 15,678 *l.* The total receipts from and in aid of the Poor Rate (excluding loans and sums received from other Local Authorities) amounted to 18,087,817 *l.*

Amounts paid to Local Authorities other than Poor Law Authorities.

Of the amount raised as Poor Rates, the following sums were paid on precepts to Local Authorities other than Poor Law Authorities :—

	£.
Payments for County, Borough, or Police Rates - - -	6,301,786
„ to Highway Boards or Rural Sanitary Authorities for highway purposes - - - - - -	757,196
„ Burial Boards - - - - - - -	118,936
„ Rural Sanitary Authorities for sanitary purposes -	169,675
„ School Boards - - - - - - -	926,385
„ Commissioners of Baths and Washhouses - -	34,380
„ Free Library Commissioners - - - -	40,406
„ Urban Sanitary Authorities for School Attendance Committee expenses - - - - -	4,309
„ Conservators of Commons - - - - -	182
TOTAL - - - £.	8,353,255

If the above amount is deducted from the total sum raised as Poor Rates, namely, 15,642,020 *l.*, it will be seen that only 7,288,765 *l.*, or considerably less than half the total, was raised for the purposes of Poor Law Authorities.

Including

* Excluding 237,555 *l.* received from the Metropolitan Common Poor Fund, by the poorer Unions and Parishes of the Metropolis, which has been deducted in order to avoid a duplicate reckoning. See Note ‡ on page 6.

Including the above expenditure, but excluding that defrayed out of loans and payments other than contributions under precepts to other Local Authorities, the total sum spent was 18,454,460 *l.*, of which 8,833,034 *l.* was for purposes altogether unconnected with the relief of the poor. Total expenditure.

The principal items of the expenditure on the relief of the poor, and purposes connected therewith, were :— Expenditure on relief.

	£.
In-maintenance*	2,044,062
Out-relief*	2,374,380
Maintenance of lunatics in asylums or licensed houses	1,331,733
Workhouse or other loans repaid, and interest thereon	644,709
Salaries and rations of officers, and superannuation allowances	1,496,340
Other expenses †	956,454
TOTAL	£. 8,847,678

The expenditure entered under the head "Other expenses" included (*inter alia*) expenditure on furniture, building and repairs; certain establishment charges; the expenses of the maintenance of paupers in institutions other than Poor Law institutions, *e.g.*, in institutions for the deaf and dumb, or blind, in hospitals, and in certified schools; the cost of drugs and medical and surgical appliances, so far as it could not be apportioned to "In-maintenance" and "Out-relief;" rents and rates; the cost of printing, stationery, and advertisements; the cost of wood, oakum, stone, &c., used for the employment of paupers; and the expenses connected with the cultivation of workhouse gardens and farms, so far as they could not be apportioned to "In-maintenance," "Rations of Officers," &c.

The expenditure on purposes unconnected with the relief of the poor was as follows:— Expenditure on purposes unconnected with relief.

	£.
Payments to Local Authorities other than Poor Law Authorities ‡	8,353,255
School Attendance Committee expenses	42,946
Payments on account of the Registration (Births, Deaths, &c.) Acts	100,916
Vaccination fees and expenses	83,146
Parliamentary, Municipal and County registration, and cost of jury lists	199,938
School fees for non-pauper children	21,126
Other expenses	31,707
TOTAL	£. 8,833,034

In

* With regard to the expenditure on In-maintenance and Out-relief, the amounts expended on the relief of the non-settled poor, when entered both in the Returns from the Unions to which the paupers were chargeable and in the Returns from the Unions in which they were relieved, have, with the view of avoiding duplicate reckonings, been deducted from the receipts and expenditure of the last-mentioned Unions. The expenditure on In-maintenance includes a sum of 20,908 *l.* for the maintenance of fever, small-pox, and diphtheria patients in the Asylums of the Metropolitan Asylums Board.

† See Note * on page vii.

‡ See details on page iv.

Expenditure partly connected and partly unconnected with relief.

In addition to the above, there were the following items of expenditure, which cannot be wholly included under the head of Relief of the Poor, or under the head of Purposes altogether unconnected with such Relief;—

	£.
Cost of legal proceedings	43,852
Payments under the Union Assessment Committee Acts and the Valuation (Metropolis) Act, 1869	98,674
Salaries and superannuation allowances of parochial officers, and other expenses partly connected and partly unconnected with the relief of the poor	631,222
TOTAL £.	773,748

Net expenditure of Poor Law Authorities.

The foregoing figures relating to the expenditure of Poor Law Authorities on purposes (1) immediately connected with the relief of the poor, (2) wholly unconnected with relief, and (3) partly connected and partly unconnected with relief, show the gross expenditure on these purposes, without taking into consideration any of the receipts in aid of the Poor Rates, which have been previously enumerated on page iv. The whole amount was not, therefore, a charge on the Rates. The following figures show the gross expenditure of Poor Law Authorities under the three heads, the receipts in aid, and the net expenditure borne by the Rates :—

	£.
Expenses immediately connected with the Relief of the Poor	8,847,678
*Receipts in aid	2,475,661
Net expenses borne by Poor Rates	6,372,017
Expenses wholly unconnected with Relief	482,303

* Of this amount, 369,896 *l.* was paid on account of principal, and 274,813 *l.* in respect of interest.

† Excluding 237,555 *l.* received by the poorer unions and parishes in the Metropolis from the Metropolitan Common Poor Fund, which has been deducted from the expenditure to avoid a duplicate reckoning, the sums paid to the fund by the richer unions and parishes, amounting to 221,476 *l.*, having been included in their expenditure under the heading, "Other Expenses of, or immediately connected with, Relief."

Rate per head, on estimated population, of Poor Rates raised, and of expenditure on relief in Union-Counties.

The next Statement has been prepared with the view of showing what was the rate per head on the estimated population of the Metropolis and of each Union-County of the receipts from Poor Rates, and of the gross expenditure on relief to the poor and the rate in the £. on rateable value of the receipts from Poor Rates. The Union-Counties have been arranged according to the amount of the rate per head on estimated population which the gross expenditure on relief represented. It will be seen that the relative rates per head on the total receipts from Poor Rates, and on the gross expenditure for relief, varied greatly in different Union-Counties, and that whilst in some cases the rate per head for relief was considerably less than half the rate per head of the Rates raised, in the case of one Union-County, viz., Bucks, the former rate represented more than six-sevenths of the latter rate. The highest rate per head of the Poor Rates raised was in London, where it amounted to 21 *s.* 2¾ *d.* per head; the lowest was in Nottingham, where it amounted to only 5 *s.* 11¾ *d.* per head. The highest rate per head for expenditure on poor relief was 11 *s.* 8¾ *d.* in London, and the lowest, 3 *s.* 9½ *d.* in the West Riding of Yorkshire. The rate in the £. on rateable value of the Poor Rates raised also varied considerably in the different Union-Counties. In the Metropolis and 13 other Union-Counties it was more than 2*s.* in the £., whilst in Westmorland it was only 9¾*d.* in the £. It will also be observed that there were considerable differences in the several Union-Counties between the proportions which the rate per head on the estimated population bore to the rate in the £. on the rateable value of the amounts raised from Poor Rates.

With regard to the rate per head and the rate in the £. of the Poor Rates levied in London, it must be remembered that London now holds an exceptional position with regard to the expenditure which has to be provided for out of those rates. All the expenditure which now devolves upon the County Council of London in connection with

with the Main Drainage of the Metropolis, Street Improvements, and Embankments, &c., has to be provided for, so far as may be necessary, out of the Poor Rates.

Medical Relief.

The Return shows, in a separate column, the sums expended by the Guardians in respect of Medical Relief during the year. They amounted in all to 339,248 *l.* This expenditure consists of the salaries and extra fees of the Medical Officers, and the cost of any medical and surgical appliances and drugs paid for by the Guardians. The sums in this column are not additional to those given in the column headed "Total Relief to the Poor;" the various items of Medical Relief being entered under their appropriate headings as forming a portion of the "Relief to the Poor;" but the cost of "Medical Relief" is given separately in the Return, as being an important item of Poor Law expenditure.

Receipts and expenditure of Managers of School and Asylum Districts, and of a Joint Hospital Committee.

The following Tables show the receipts and expenditure of the Managers of School and Asylum Districts, and of the Aldershot Joint Lock Hospital Committee,* excluding the amounts received and expended on account of Loans. The information contained in these Tables is not given separately in the body of the Return, as the expenditure of the Managers is provided for out of the Poor Rates levied in the contributory unions and parishes, so far as it is not met by the grants from the Exchequer Contribution Accounts of the Councils of Counties and County Boroughs made to Guardians in aid of the salaries of the officers of the Managers, the grant in respect of the maintenance of indoor paupers in the Metropolis, a payment made by Her Majesty's Treasury to the Aldershot Joint Lock Hospital Committee, and other receipts. These receipts and expenditure have been accounted for as far as practicable in the Poor Rate Returns of the several unions and parishes under the appropriate headings.

The Financial Statements received from the Managers of the Metropolitan Asylums District for the years 1887–88, 1888–89, 1889–90, 1890–91, and 1891–92, distinguish the expenditure of the Managers on their Asylums, Hospitals, &c. This information was not given in the Statements for previous years. The expenditure for the five years was as follows:—

The General Expenses consist chiefly of sums in respect of principal and interest on account of the Loans raised by the Managers.

Receipts from Loans.

The moneys raised by means of Loans for Poor Law purposes during the year 1891–92 amounted to 328,787 *l.* Of this sum, 312,143 *l.* was borrowed by Boards of Guardians, and 16,644 *l.* by the Managers of the Metropolitan Asylums District.

Expenditure out of Loans.

The expenditure by Boards of Guardians out of Loans during the year amounted to 285,572 *l.*, which was principally for the erection or extension of Workhouse Buildings and Infirmaries, and the acquisition of land for these purposes. The following statement shows the amounts expended out of Loans during the year by the Managers of Asylum and School Districts:—

	£.
Metropolitan Asylums Board	19,847
Managers of School Districts:	
Central London	16,771
West London	1,267

Outstanding Loans.

The aggregate amount of the outstanding Loans of Poor Law Authorities at Lady-day 1892 was 7,012,550*l.*, made up of the following sums owing by the undermentioned Authorities:—

	£.
Boards of Guardians	5,679,050
Metropolitan Asylums Board	987,085
Managers of School Districts	298,545
Managers of Sick Asylum Districts	28,538
Churchwardens and Overseers	19,332
TOTAL £.	7,012,550

The following were the purposes for which the outstanding Loans of the Metropolitan Asylums Board had been raised, and the amounts outstanding in respect of each purpose:—

	£.
Imbecile Asylums	454,794
Training Ship	8,649
Fever and Small-pox Hospitals	485,467
River Ambulance Service and Wharves	38,175
TOTAL £.	987,085

Loans raised and outstanding, and Rateable Value of Poor Law Divisions.

The following Table shows, as regards each Division of the Country, the amount of the Loans raised by the Guardians during the year; the amount of Loans raised by the Guardians which was outstanding at the end of the year; the Rateable Value at the beginning of the year of the property liable to contribute to the Poor Rate and the amount of the outstanding Loans per £. of such Rateable Value:—

It will be seen from the foregoing Table that the proportion which the debt owing by Boards of Guardians bears to the Rateable Value, varies very considerably in the different Poor Law Divisions. Outside the Metropolis the amount of the outstanding loans per £. of Rateable value ranged from rather more than 1*d.* in the South Western Division, where it was lowest, to nearly 8½*d.* in the North Western Division, where it was highest. In the Metropolis the debt amounted to 1*s.* 5·6*d.* per £. of Rateable Value, which was more than double the highest proportion outside the Metropolis. If to the Loans of Boards of Guardians, those of the Metropolitan Asylums Board, and of the Managers of the School Districts and the Sick Asylum Districts in the Metropolis, amounting in the aggregate to 1,301,819*l.*, are added, it will be found that the total debt of the Metropolitan Poor Law Authorities amounted to 2*s.* 3·1*d.* per £. of Rateable Value. The above figures represent the proportion which the outstanding loans bear to the Rateable Value, and not the Rate in the £. of the Rates required for payment of the principal and interest on the loans. The annual charge for the provision of the repayment of principal and the interest due on the debt of Poor Law Authorities, in respect of loans for purposes connected with relief in 1891–92 amounted to 644,709*l.* which represented a Rate of less than 1*d.* in the £. on the Total Rateable Value of England and Wales.

Comparative Tables. In accordance with the usual practice, in the following Tables some of the results shown in the present Return are compared with those appearing in former Returns.

The following Table shows that, as compared with the preceding year, there was an increase of 204,360 *l.* in the amount appearing as the gross expenditure for the Relief of the Poor and purposes connected therewith, and that the charge entailed by such expenditure on the estimated population had increased by 1 *d.* per head:—

The

The above Table relates to the gross expenditure on the relief of the Poor. In order to ascertain the amount of this expenditure borne by rates, it is necessary to deduct the receipts in aid (as to which see page vi) which have been very largely increased by the operation of Sections 26 and 43 of the Local Government Act, 1888, under which Boards of Guardians receive from the Councils of Administrative Counties and County Boroughs grants in respect of the maintenance of In-door Paupers in the Metropolis, and in respect of the cost of Union Officers and other expenditure in the remainder of the Counties. The following Table shows, for the three years since the passing of the Act, the net expenditure for the relief of the Poor borne by rates, the rate per head on the estimated Population, and the rate in the £. on rateable value of that expenditure :—

In connection with the above figures, it must be borne in mind that in many instances the Guardians did not receive in 1890 from the County and Borough Councils the whole of the grants to which they were entitled in respect of that year, and, where this was the case, they, for the most part, received in 1891 the grants due to them in respect of the two years. Consequently the net expenditure borne by rates for 1891, as shown by the above figures, is smaller than it would have been if the Guardians had only received in aid of the expenditure the grants due in respect of the year.

In the following Table the several items of Poor Law Expenditure during the two years in question are shown together with the increase or decrease in each of them :—

* Excluding 233,578 *l.* in 1891, and 237,555 *l.* in 1892, received by the poorer Metropolitan Unions and Parishes from the Metropolitan Common Poor Fund.

It will be observed that there was an increase in every item of expenditure except the cost of Out-Relief.

As will be seen from the Comparative Statement on pages 10 and 11, an increase in the expenditure on Poor Relief took place in every Poor Law Division in England and Wales, and ranged from 5·3 per cent. in the Northern Division, where it was highest, to 0·1 per cent. in the Welsh Division, where it was lowest.

Comparative Tables.

The increase or decrease per cent. in the gross expenditure for the Relief to the Poor in the Metropolis, and in each Union-County in the rest of England and Wales, during the year 1892, as compared with the previous year, was as follows:—

The large increase during the year 1890 and subsequent years in the amounts of the Poor Rates levied, as compared with the amounts levied in previous years is, to a great extent, due to the operation of the Local Government Act, 1888, under which the expenses incurred by the County Council of London as the successors to the Metropolitan Board of Works have been placed upon the Poor Rates, instead of being defrayed as heretofore out of Rates raised by the Commissioners of Sewers of the City of London and the Metropolitan Vestries and District Boards, and out of the Coal and Wine Duties, which have been discontinued. The rate per head of the Poor Rates levied in 1892 shows a decrease of ¾ *d.* as compared with the preceding year. The rate per head of the expenditure on the Relief of the Poor was smaller in 1892 than in thirty-one of the other forty-nine years comprised in the Table.

Comparative Tables.

The principal items of the expenditure on "Relief to the Poor" for the thirty-six years from 1857 to 1892, inclusive, are shown in the next Table, together with the average price of wheat. It is satisfactory to note that the expenditure on Out-Relief during the year to which the present Return relates was less than in any other year comprised in the Table. The total gross expenditure on Relief was, however, larger than in any previous year.

* In 1884, for the first time, the contributions made by the Metropolitan Unions and Parishes to the Metropolitan Asylums Board were distributed, as far as practicable, among Columns (*a*), (*d*), and (*e*), according as they were paid in respect of Maintenance, Loans, and Salaries, &c. of Officers. In previous years they had, as a general rule, been entered wholly in Column (*f*), under the heading "Other Expenses of, or immediately connected with, Relief."

† In the year ended Lady-Day 1885 the payments made to the Common Poor Fund by the richer Unions and Parishes in the Metropolis were, for the first time, included in Column (*f*), under the heading "Other Expenses of, or immediately connected with, Relief." These payments, though they constitute part of the gross expenditure on the relief of the poor, were not shown in this column in previous years, but were added in Column (*h*) to the amount appearing in Column (*g*), after deducting from that amount the payments made out of the fund to the poorer Unions and Parishes of the Metropolis, with the view of showing the total adjusted cost of relief. The principle by which the adjusted cost of relief is arrived at is the same in 1885 and subsequently as in previous years. See Note † on page vii.

* The sums contributed by the overseers to Commissioners of Baths and Washhouses, and Free Public Libraries, and to Conservators of Commons are included in this column.
† This is the first year in which these expenses were shown separately in the Returns.
‡ See page xv for an explanation as to the very large increase which has taken place from 1890 in the amount paid out of Poor Rates on account of County Rates.

Comparative Tables.

These figures show that the amount expended out of Poor Rates for purposes unconnected with the Relief to the Poor increases far more rapidly than the expenditure on Relief. The exceptionally large increase in 1890 has been already explained.

In the next Table are given the Rateable Value of the Property assessed to the Poor Rate, in respect of each year for which there are statistics affording the information, the total amount raised from Poor Rates, the proportion of that amount which was raised for the purposes of Authorities, other than Poor Law Authorities, and for the purposes of Poor Law Authorities, respectively, and the rate in the £. of the sums so raised.

It will be seen from these figures that, although the amount of the Poor Rates raised has risen from 6,351,828*l.* in 1841 to 15,642,020*l.* in 1892, the rateable value of the property liable to contribute to the Poor Rate has risen to a proportionately greater extent, so that, notwithstanding that the rates raised have increased 146 per cent., the rate in the £. on rateable value of those rates has decreased from 2*s.* 0·4*d.* to 2*s.* 0·1*d.* It will be further observed that whilst the amount raised by means of the Poor Rates for Authorities other than Poor Law Authorities has increased from 2,787,678*l.* in 1865–66 to 8,353,255*l.* in 1891–92, and the rate in the £. from 7·1*d.* to 1*s.* 0·9*d.*, the amount raised for Poor Law Authorities has only increased from 6,786,094*l.* to 7,288,765*l.*, and the rate in the £. of the amount so raised has decreased from 1*s.* 5·4*d.* to 11·2*d.* Moreover the rate in the £. of the rates raised for Poor Law Authorities in 1891–92 was smaller than that recorded for any of the other years comprised in the Table. The rates in the £. on the annual value of the total Poor Rates raised in 1890, owing to the heavy additional burden placed on the Poor Rates in that year under the circumstances already referred to, cannot fairly be compared with the rates in the £. in previous years, although they are, notwithstanding that burden, smaller than in most of the earlier years comprised in the Table.

II.—VALUATION FOR THE POOR RATE.

Valuation for the Poor Rate.

This is divided into two Parts, of which Part I. gives the Amount of the Gross Estimated Rental and Rateable Value of the Property assessed to the Poor Rate in each of the Union-Counties of England and Wales, according to the Valuation Lists in force in the Metropolis on the 6th of April, and in other parts of the country on the 25th of March 1891, and on the corresponding days in 1890, together with the Population in 1891 of each County. Part II. gives the same information in detail with respect to each Union and each Parish under a separate Board of Guardians.

Gross Estimated Rental and Rateable Value.

The Total Gross Estimated Rental of the Property liable to contribute to the Poor Rate rose during the year 1890–91 from 181,751,996*l.* to 186,126,397*l.*, whilst the Rateable Value increased during the same year from 152,116,008*l.* to 155,896,383*l.* or 2·5 per cent.

Increase or decrease per cent. in each Union-County.

The following Statement shows the increase or decrease per cent. during the year in the Rateable Value in each Union-County :—

Decrease per Cent.

Rutland	0·1	Huntingdon	0·2

It will be seen that in forty-three counties there was an increase, and in only two counties a decrease, in the Rateable Value of the property assessed to the Poor Rate, but that, in each of these latter counties, this decrease amounted to less than one per cent. It will be further observed that the counties in which a decrease took place are chiefly agricultural.

Comparative Table.

The next Table has been prepared with the view of showing to what extent the Rateable Value of the Property assessed to the Poor Rate has increased during the last sixteen

sixteen years. It will be observed that during the latter years the increase was much smaller, year by year, than in the former years. The large proportionate increase in 1876, 1881 and 1891 was due to the addition made to the total Rateable Value by the Quinquennial Valuation of Property in the Metropolis, under the Metropolis Valuation Act, 1869. It is, however, to be observed that a similar addition to the Rateable Value did not result from the Quinquennial Valuation for 1886.

COUNTY COUNCIL ACCOUNTS (OTHER THAN THE COUNTY OF LONDON).

PART II.

MEMORANDUM.

PART II. of the Local Taxation Returns for the financial year 1891-92 contains Abstracts of the Accounts of the County Councils, other than the London County Council; of the Lancashire Asylums Board; of the Joint Committees of Lincolnshire, Suffolk, and Yorkshire; and of the Visiting Committees of Pauper Lunatic Asylums, other than the Asylums belonging to the County and City of London. It has also been considered desirable to include in it the Abstract of the Accounts of the Council of the Isles of Scilly, so far as regards their General County Fund,* because the Provisional Order, under which this Council was created, conferred upon them many of the powers of a County Council under the Local Government Act, 1888.

No. 3.—COUNTY COUNCIL ACCOUNTS.

In the Local Taxation Returns for the year 1889–90 the effect of the provisions of the Local Government Act, 1888, on the financial transactions of County Authorities was explained; and it was pointed out that the new arrangements brought about by the Act had on the one hand very materially enlarged the scope of those transactions, and increased the receipts and expenditure of County Councils, whereas on the other hand the formation of county boroughs had withdrawn from the counties in many instances areas which, for various purposes for which the County Councils act, were formerly treated as parts of the counties, and the formation of the County of London out of parts of the Counties of Middlesex, Kent and Surrey had greatly diminished the extent of the financial transactions of the County Authorities for those counties. It was also mentioned that in consequence of the very exceptional position of the County Council of London, who now exercise not only functions analogous to those of County Councils in other parts of the country, but also those of the late Metropolitan Board of Works, it had been necessary for the purposes of the Local Taxation Returns to deal separately with their financial transactions, which would for the future not be included in the accounts of other County Councils, but would be published separately in Part IV. of the Local Taxation Returns. These considerations must be borne in mind in contrasting the figures in the present Return with those in the County Accounts of any year prior to 1889-90.

What accounts are included.

The present accounts relate to the receipts and expenditure and other financial transactions, during the financial year ended the 31st of March 1892, of the Councils of the remaining 61 administrative counties of England and Wales, the Lancashire Asylums

* The Receipts and Expenditure of the Council of the Scilly Islands, as a Rural Sanitary Authority, and as a Highway Authority, will be published in Parts III. and VI. of the Local Taxation Returns.

Asylums Board, the Joint County Committees for Lincolnshire, Suffolk, and Yorkshire, and the Council of the Isles of Scilly, so far as regards their General County Fund.

The Abstract of these accounts is divided into four parts.

Part I. shows the sums received from the Local Government Board out of the Local Taxation (England) Account and carried by the Councils to their Exchequer Contribution Accounts, and the sums paid out of these accounts, or transferred therefrom to other accounts of the County Fund.

Part II. contains information as to the rateable value of the properties liable to be rated to the rates levied for general and special county purposes in each of the administrative counties; the amount in the £. of these rates levied during the year; and the amounts received by the County Councils from such rates. It also shows the transfers and repayments from the Exchequer Contribution Accounts; the sums received from Treasury Subventions and Payments; from Fines, Penalties, and Fees; for Special Services of the Police; from Rents, Sales, and Profits of Property; and from other Local Authorities. Under the head of Expenditure not defrayed out of Loans it sets out the amount expended in respect of Police and Police Stations Payments to the Police Pension Funds; Prosecutions, and Conveyance and Maintenance of Prisoners; Reformatories and Industrial Schools; the Contagious Diseases (Animals) Acts; Shire and County Halls, Assize Courts, Judges' Lodgings, Petty Sessions Rooms, Lock-up Houses, and Militia Depôts, Storehouses, &c.; Bridges; Main Roads; Salaries and Pensions of County Officers; Establishment Charges; the Registration of Voters; Parliamentary and Legal Proceedings; Technical and Intermediate Education; the Principal, Interest, and Payments to Sinking Funds for County Loans; and Payments made to other Local Authorities. It also shows the amounts paid to the Visiting Committees of Lunatic Asylums for the maintenance of the Asylums and of the Lunatics chargeable to the County Rate.

Part III. gives detailed particulars as to the various purposes for which the outstanding Loans of the several County Councils have been raised, and on account of which money was borrowed and expended by them during the year.

Part IV. contains a statement as to the Police Pension Funds of the Administrative Counties or Combined Counties showing the sums paid to the funds during the period to which the Return relates, the sources from which they were received, the expenditure out of the funds, and the amount remaining in the funds on the 31st March 1892.

Rateable value.

It appears from the Return that the rateable value of the property liable to be rated to the Rate for General County Purposes in the 55 Administrative Counties, and in the Scilly Islands, in which rates for those purposes were raised during the year in England and Wales, excluding the County of London, was 84,791,015*l.*

The Special County Purposes for which rates were levied, so far as the purposes were shown by the Returns, included Police, Contagious Diseases (Animals) Act, Bridges, and Lunatic Asylums, whilst in many cases these purposes were provided for out of the rate levied for General County Purposes.

Rate in the £.

The highest rates for General and Special County Purposes in the Administrative Counties were 8*d.* and 4½*d.* in the £. respectively; and the lowest, ½*d.* and $\frac{1}{33}$*d.* in the £. In the Scilly Islands the Rates for General Purposes ranged from 9*d.* to 1*s.* 0½*d.* in the £. In 6 Counties no rates for General County Purposes, and in 15 Counties no rates for Special County Purposes, were raised during the year.

Receipts other than from loans.

The total receipts of the County Councils, the Council of the Scilly Islands, and the Joint Committees above referred to during the year, excluding loans, and sums received

received for re-investment in respect of the Police Pension Funds, amounted to 6,346,832*l.*, and comprised the following items :—

Main Roads in their districts since April 1889 were payments made under Section 11 of the Local Government Act, 1888. It will be observed that the Councils paid a small sum during the year in respect of balances remaining unpaid after the 31st March 1889 on account of contributions for the half-cost of main roads under the provisions of the Highways and Locomotives (Amendment) Act, 1878.

Receipts from loans.

The total amount of the Loans raised by the County Councils during the year was 66,730*l.* The following are the purposes for which the money was borrowed:—

	£.
Lunatic Asylums	39,070
Police Stations and Gaols	27,179
County Bridges	181
Other Purposes	300
TOTAL	£. 66,730

Expenditure out of loans.

The expenditure out of Loans amounted to 137,538*l.* It had been incurred in respect of the following purposes:—

Lunatic Asylums	88,229
Police Stations and Gaols	30,840
Shire Halls, Assize Courts, and Judges' Lodgings	15,172
Lock-up Houses	1,395
County Bridges	1,902
TOTAL	£. 137,538

Outstanding loans.

The total outstanding debt of the County Councils at the close of the year amounted to 2,494,095*l.* The purposes for which this debt had been incurred were as follows:—

	£.
Lunatic Asylums	1,986,126
Police Stations and Gaols	311,682
Lock-up Houses	5,614
Cattle Diseases Compensation *	64,489

Sinking Funds.

The sums in sinking funds set aside for the repayment of a portion of this debt amounted to 563*l.* at the close of the year, and 1,000*l.* had been taken out of the funds during the year, and applied to the repayment of principal.

Police Pension Funds.

The abstract of the accounts, so far as it relates to Police Pension Funds, gives particulars of the funds of all the administrative counties except the counties of London and Middlesex and those parts of the counties of Kent, Surrey, Essex, and Hertford which are comprised in the Metropolitan Police District. In two cases, namely, Lincolnshire

* Under the Cattle Diseases Prevention Act, 1866.

Lincolnshire and Suffolk, there is a joint pension fund for the police forces of all the divisions of each county.

Under the provisions of the Police Act, 1890, which came into force on the 1st April 1891, many of the items of receipt on account of Police Superannuation have been paid direct to the Pension Funds instead of being passed through the General County Accounts, as was the general rule in former years.

The gross receipts of the Funds amounted during the year to 286,123*l.*, which comprised the following items :—

	£.
From Local Taxation (Customs and Excise Duties)	164,699
Dividends and Interest on Investments	20,269 *
Deductions and Stoppages from Pay of Police	25,931
Fines	18,032

Under Section 18 of the Police Act, 1890, it is provided that at the end of each financial year the surplus of the annual income of the Pension Fund above the expenditure thereout shall, as soon as may be, be invested in any manner authorised by law for investments by Trustees.

The total amount remaining in the Police Pension Funds on the 31st March 1892 was 701,888*l.*, including 102,690*l.* balance uninvested. In three cases the funds had been

The sums of 22,028*l.* reinvestment of Funds, and 342*l.* paid to other Local Authorities, must be deducted from the total expenditure for a similar reason.

‡ Including 22,028*l.* reinvested.

been exhausted. In one other case a transfer in aid of the fund had been made during the year from the rates received by the County Council, although certain amounts still remained in that fund at the close of the year. It appears from the Financial Statements that in many cases the funds are wholly or partially invested in Government Stock. The funds are also very generally used for county purposes, being advanced for such purposes on mortgages of the rates received by the County Councils. The investments of the funds also include Corporation Stock and Bonds, Foreign Bonds, Railway Debenture Stock, Freehold Mortgages, &c.

Comparative Tables.

The following Tables give the receipts, expenditure, and loan transactions of the County Authorities of England and Wales during the two years ended the 31st March 1889, and those of the County Councils, excluding the London County Council, for the three years ended the 31st of March 1892. In contrasting the financial transactions of these Authorities during the two former years with those for the last three years, regard should be had to the considerations mentioned on page iii. It should also be borne in mind that the comparison between 1891–92 and the previous year, especially as regards the sums entered under the head Fees, Fines, &c., is affected by the fact that in 1891–92 some of these items were carried direct to the Police Pension Funds, and now appear as receipts by those Funds instead of under the head of Fees, Fines, &c. The expenditure out of those Funds is also shown for the first time for 1891–92, whereas in previous years only the payments into the Funds were shown as expenditure.

A comparison of the financial transactions of the County Councils for last two years 1890–91 and 1891–92 shows that the receipts of the Councils during the latter year from sources other than loans (6,346,832*l.*) were nearly a million in excess of the corresponding receipts for the preceding year (5,373,418*l.*). The two main items of receipt in which this increase arose were (1) the receipts from the Local Taxation, Customs and Excise Duties, which amounted during the year to 164,699*l.* in respect of Police Superannuation, and to 635,761*l.* in respect of the residue of these duties, making together 800,460*l.* as compared with 149,757*l.* received from these duties during the preceding year; and (2) the capital payments made to some County Councils during the year under awards of the Local Government Act Commissioners. The first of these items included not merely revenue payable in respect of the year, but also considerable arrears of revenue due in respect of the preceding year. The second comprised some amounts of considerable magnitude, *e.g.*, one amounting to about 140,000*l.* received by the Lancashire County Council from the Lancashire County Boroughs.

The receipts of the Councils during the year from rates (1,758,877*l.*) were 81,086*l.* more than the receipts from rates for the preceding year (1,677,791*l.*); but 45,226*l.* less than the average receipts of the two preceding years (1,804,103*l.*).

The expenditure of the Councils during the year, excluding that defrayed out of loan, amounted to 5,874,931*l.* It was 471,901*l.* less than the receipts from sources other than loans for the year (6,346,832*l.*), and 312,141*l.* more than the corresponding expenditure for the preceding year (5,562,790*l.*). The excess of receipts over expenditure during the year was mainly attributable to the fact that, while the transfer from the Exchequer Contribution Accounts of the Councils to the Technical and Intermediate Education Accounts under Section I. of the Local Taxation (Customs and Excise) Act, 1890, amounted to 606,966*l.*, the expenditure of the Councils on Technical and Intermediate Education was only 165,348*l.* The excess of the total expenditure of the Councils over that of the preceding year was attributable partly to the expenditure of the last-mentioned sum, the corresponding amount spent in the preceding year having been only 823*l.*, and partly to increases in the expenditure on main roads and lunatic asylums, amounting respectively to 85,754*l.* and 53,636*l.* Other items in which the expenditure had increased were county buildings, salaries, and establishment charges. On the other hand, there was a decrease of 68,563*l.* in the expenditure under the Contagious Diseases (Animals) Act, due apparently to the operation of the Cattle Diseases (Animals) (Pleuro-pneumonia) Act, 1890.

† These Treasury subventions have been discontinued since the passing of the Local Government Act, 1888, and, in lieu thereof, the County Councils are required to make transfers from their Exchequer Contribution Account to their other accounts, in respect of the pay and clothing of police and the maintenance of lunatics chargeable to the county. The whole cost of the maintenance of main roads in each administrative county has, under the provisions of the Act, become a charge upon the County Rate.

‡ See note † on page v. The Parliamentary Grant in respect of Criminal Prosecutions has been discontinued since the passing of the Local Government Act, 1888.

§ These were extra grants paid for the first time during the year 1887–88 to County Authorities in England and North Wales in aid of the cost of the maintenance of disturnpiked and main roads.

‖ See note ‡ on page v.

†† Including 3,744*l.* received by Police Pension Funds, 3,477*l.* of which was not carried through the General County Accounts. The large increase in the year 1891–92 in the sums received from other Local Authorities is attributable to the capital payments made to the County Councils under awards of the Local Government Act Commissioners.

* The total receipts and expenditure of the Visiting Committees of Pauper Lunatic Asylums were published for the year 1889-90 in the Local Taxation Returns for the first time, and this has necessitated an alteration in the above table as to the manner in which the expenditure on Lunatic Asylums during that year and the subsequent years is shown. It will be observed that between 1889-90 and 1890-91 there is a considerable decrease in the amount shown as expended on the maintenance of Lunatics and other expenses connected with Lunatic Asylums in these Accounts. This is to be accounted for by the expenditure appearing in the accounts of the Visiting Committees of the Asylums.

† ‡ The items marked ‡ are shown as expenditure in the Accounts of the Authorities to whom the payments were made, and must be deducted from the total expenditure of the County Authorities to avoid a duplicate reckoning; but the similar items marked thus † will, for the same reason, be deducted from the total expenditure of the Authorities receiving the money, as it is considered desirable that these latter items should be excluded from the net expenditure of such Authorities, especially as regards the cost of Main Roads since the 1st April 1889, the whole of which has to be borne by the County Authorities.

No. 3A.—PAUPER LUNATIC ASYLUM ACCOUNTS.

By the Local Government Act, 1888, the administrative business of the County Justices in respect of the provision, enlargement, maintenance, management, and visitation of, and other dealings with, Pauper Lunatic Asylums was transferred to the County Councils, and the accounts of the Committees of Visitors of such Asylums and their officers, are to be deemed to be accounts of the Council, and are to be subject to audit in the same way as their other accounts. Abstracts of the accounts relating to the Pauper Lunatic Asylums belonging to Boroughs must also now be furnished to the Local Government Board, in pursuance of the provisions of Section 278 of the Lunacy Act, 1890. In consequence of those provisions, it was possible, for the first time, for the year 1889-90, to publish in the Local Taxation Returns a complete statement of the accounts of the Visiting Committees of all Pauper Lunatic Asylums.

The Abstract of Accounts, which is published in this part of the Returns, relates to the accounts for the year ended the 31st March 1892 of the Visiting Committees of 33 Asylums, belonging to 37 administrative counties; 16 Asylums, belonging to 23 administrative counties and 25 boroughs combined; and 13 Asylums, belonging to 12 boroughs. It does not, however, include the Asylums belonging to the County of London and to the City of London, the Abstract of Accounts relating to which will be published in Part IV. of the Local Taxation Returns.

The Abstract is divided into three parts:—

Part I. shows the sums received and expended in respect of the Maintenance Accounts, and this includes the actual sums received and expended in connection with the farms and gardens of the Asylums.

Part II. shows the sums received and expended in respect of the Building and Repairs Fund Accounts.

Part III. relates to the Farming and Gardening Accounts, and gives full particulars of the sums actually received and expended (which have already appeared as a total in the Maintenance Accounts), and also the estimated value of the goods or produce supplied from the farms and gardens to the Asylums.

The Visiting Committees received a sum of 48,310*l.* during the year in respect of the Building and Repairs Fund Accounts from loans raised by the County and Borough Councils to whom the Asylums belonged, and they expended a sum of 46,135*l.* from, or in anticipation of, loans raised by these Authorities. These sums, as well as further sums raised by the County and Borough Councils for the purposes of Lunatic Asylums, and expended directly by themselves instead of being paid over to the Visiting Committees, are Receipts from, and expenditure out of, loans.

* See note † on page xviii.

† These transfers are omitted from the total of the Building and Repairs Fund Accounts, as they have been already shown as receipts in the Maintenance Accounts.

‡ These transfers are omitted from the total of the Maintenance Accounts, as they are shown as expenditure in the Building and Repairs Fund Accounts.

§ The payments to other Local Authorities must be deducted from the total expenditure of the Visiting Committees to avoid a duplicate reckoning, as the sums so paid will be included in the expenditure of the Authorities receiving the same. The sums paid by guardians of unions and parishes, by treasurers of counties and boroughs, and by treasurers of other asylums, for maintenance of patients, and by guardians and treasurers of counties and boroughs for funerals and removals, amounting to 1,126,904*l.*, must also be deducted from the total expenditure of the Visiting Committees, to avoid a duplicate reckoning.

are shown in the accounts of the Councils of the Counties and Boroughs, together with the total outstanding balances of the loans raised for these purposes.

Items in Farming and Gardening Accounts.

As has been already stated, the cash receipts and expenditure in respect of the Farming and Gardening Accounts have been included in the Maintenance Accounts, and it is not therefore necessary, in order to arrive at the total receipts and expenditure of the Visiting Committees, to include the items shown by the former accounts. It may, however, be mentioned that the total receipts shown by these accounts, namely, 136,002*l.*, include 13,917*l.* received from the sale of farm and garden produce; 116,723*l.*, the estimated value of the produce supplied to the Asylums, and 362*l.* in respect of other receipts. The total expenditure included in the accounts is 106,380*l.*, which comprises 2,382*l.* for rates, insurance, taxes, &c.; 2,612*l.* for rent of land; 95,686*l.* for labour, provender, seeds, and manure, and stock bought, and 5,700*l.*, other payments.

The following Tables enable a comparison to be made between the receipts and expenditure of the Visiting Committees, other than in respect of monies raised from Loans, during 1891–92 and the two preceding years:—

PART III.

MEMORANDUM.

PART III. of the Local Taxation Returns for the financial year 1891-92 contains Abstracts of the Returns made by Town Councils acting as Municipal and Urban Sanitary Authorities, by Local Boards and Improvement Commissioners, Joint Boards, Rural Sanitary Authorities, Port Sanitary Authorities, Burial Boards, Commissioners of Baths and Washhouses, Conservators of Commons, Commissioners of Free Public Libraries, Lighting and Watching Inspectors, Commissioners of Markets and Fairs, and Bridge and Ferry Trustees.

No. 4.—MUNICIPAL BOROUGH ACCOUNTS.*

Town Councils as Municipal Authorities.

These Accounts are divided into three Parts, the first of which contains the Exchequer Contribution Accounts of County Boroughs; the second, the other Accounts of County Boroughs; and the third, the Accounts of Municipal Boroughs other than County Boroughs.

The receipts and expenditure of Town Councils acting as Urban Sanitary Authorities and Burial Boards are given separately in this part of the Local Taxation Returns under the heads of "Borough Urban Sanitary Accounts" and "Burial Board Accounts."

In some cases undertakings which, under the general law, are carried on by a Town Council in their capacity of Urban Sanitary Authority, are vested in the Corporation as the Municipal Authority, by virtue of special provisions in their charter or in Local Acts. For the sake of uniformity, the receipts and expenditure in respect of these undertakings have been entered in the Returns of the Town Councils acting as Urban Sanitary Authorities, and not in their Returns as Municipal Authorities, in all but a few exceptional cases where it has not been found practicable to adopt this course. The same course has been adopted, so far as has been practicable, with respect to the loans for these purposes.

The expenses of the Town Council acting as the Urban Sanitary Authority or as a Burial Board have, in some instances, been partly defrayed out of the Borough Fund. Where this has necessitated the raising of a larger amount than would otherwise have been required to be raised by means of the Borough Rate, the Town Clerk has been directed to exclude from the Municipal Borough Returns the amounts raised by the Town Council acting as the Urban Sanitary Authority or the Burial Board, and to include these amounts in the Borough Urban Sanitary Returns or Burial Board Returns, as the case may be. Where no additional rate has been required for these purposes, and any amount has been paid from the Borough Fund to the Urban Sanitary Authority, or to the Burial Board, the amount so transferred from the Borough Fund has been directed to be included in the Borough Urban Sanitary Returns or Burial Board Returns, as the case may be; but as these amounts have appeared as receipts in the Municipal Borough Returns, they are subsequently deducted from the receipts of the Urban Sanitary Authorities or Burial Boards to avoid a duplicate reckoning.

* See pages 1 to 63.

The large increase in the total receipts and expenditure of the Municipal Authorities since the year 1888–89, shown in these accounts, is principally due to the operation of the Local Government Act, 1888, under which the Town Councils of those Boroughs which have been made County Boroughs have had transferred to them considerable sums from the Local Taxation Account, for the purpose of distribution to other Local Authorities in lieu of the Parliamentary Grants which were discontinued under the provisions of the Act, and also in respect of the new grant to Boards of Guardians in aid of the cost of their officers, &c.

The number of Boroughs, exclusive of the City of London, in existence at the end of the year 1891–92 was 297*, of which 64† were County Boroughs. Of the County Boroughs, 46, and of the other Boroughs, 59, had separate Courts of Quarter Sessions.

Receipts other than from Loans.

The receipts (exclusive of Loans) of the Town Councils acting as Municipal Authorities in the County Boroughs amounted during the year to 4,215,771*l.*, and in the other Municipal Boroughs to 821,654*l.*, making a total of 5,037,425*l.*, which is made up of the following items:—

It will be observed that the payments out of the Exchequer Contribution Account to other Local Authorities, and from other Accounts in respect of contributions to School Boards, payments to other Authorities, and transfers from Borough Fund to Accounts of the Town Council as Urban Sanitary Authority or Burial Board, amounted to 1,905,922*l.*

Under

* Under Sections 4 and 57 of the Prisons Act, 1877, the expenses of maintenance, &c., of prisoners are required to be defrayed out of moneys provided by Parliament. It would appear, however, from the Returns that expenditure is still incurred by Town Councils for these purposes, and that the amounts thus expended are subsequently recovered from the Treasury.

† These items, shown as expenditure in the accounts of the Authorities to whom the payments or transfers were made, must be deducted from the total expenditure of the Municipal Authorities to avoid a duplicate reckoning.

Police Pension Funds.

Under the provisions of the Police Act, 1890, which came into force on the 1st April 1891, many of the items of receipt on account of Police Superannuation have been paid direct to the Pension Funds instead of being passed through the other Borough Accounts, as was the general rule in former years. The accounts of the Police Pension Funds are therefore this year printed separately from the other Borough Accounts. In 58 out of the 64 County Boroughs, and in 67 out of the 233 other Boroughs, there were separate police forces during the year, and consequently Police Pension Funds.

The gross receipts of the Funds amounted during the year to 173,624*l.* in County Boroughs, and 26,192*l.* in other Boroughs, making a total of 199,816*l.*, which comprised the following items :—

§ Including 8,005*l.* in County Boroughs and 4,317*l.* in other Boroughs, re-invested. See also Note ‡.

The amount remaining in the Police Pension Funds on the 25th March 1892 was in County Boroughs, 596,048*l.*, including 73,149*l.* balance uninvested, and in other Boroughs, 131,517*l.*, including 17,322*l.* balance uninvested, making a total of 727,565*l.* In the case of two County Boroughs and four other Boroughs, the Funds had been exhausted at the end of the year.

Receipts from Loans.

The amount of the Loans raised during the year by Town Councils acting as Municipal Authorities in the County Boroughs, including 2,225,599*l.* raised by the Manchester Town Council for the purposes of the Manchester Ship Canal, was 2,565,446*l.*, and in the other Boroughs 64,140*l.*, making a total of 2,629,586*l.* The following were the purposes for which these Loans were raised, and the amounts raised for each purpose:—

Outstanding Loans.

The total outstanding debt at the close of the year of Town Councils acting as Municipal Authorities in County Boroughs amounted to 8,389,767*l.*, and in other Boroughs to 1,407,727*l.*, making a total of 9,797,494*l.* The purposes for which this debt had

had been incurred, and the several amounts outstanding in respect of these purposes, were as follows:—

Total £.	8,389,767	1,407,727	9,797,494

It will be seen from the foregoing figures, and from the comparative Tables relating to Loans on pages xiii and xiv, that the sums received from, expended out of, and outstanding in respect of Loans in County Boroughs in 1891–92, are very greatly in excess of similar sums in the four preceding years, and that this excess is almost wholly attributable to the very large amounts raised by the Town Council of Manchester for the purposes of the Manchester Ship Canal.

Sinking Funds.

The sums in Sinking Funds set aside for the repayment of so much of the Loans of Municipal Authorities as is repayable by means of Sinking Funds amounted at the close of the year to 250,061*l.* in the case of County Boroughs, and 38,907*l.* in the case of other Boroughs. The amount which had been taken out of the Funds during the year, and applied to the repayment of principal, was 64,054*l.* in the former and 14,131*l.* in the latter case.

Population and Assessable Value.

The population and assessable value of each Borough are given in the Returns, together with the rate in the £. of the Borough Rate, so far as that rate was applied to the purposes of the Town Council as the Municipal Authority, including their contributions for the purposes of the Borough School Boards. In some cases one or more rates besides the Borough Rate are levied in part or in the whole of the Borough, and notes are appended to the Return in such cases.

According to the Census of 1891 the population of the 64 County Boroughs was 7,581,567, and the population of the 233 other Boroughs, 3,238,784, making a total population of 10,820,351. The assessable value of the County Boroughs for the purposes of the Borough Rate was 31,932,234*l.*, and that of the other Boroughs, 12,985,057*l.*, making a total assessable value of 44,917,291*l.*

Rate in £.

The total amount of rates raised during the year was equivalent to 1*s.* 2·9*d.* in the £., including 6·6*d.* in the £. for contributions to School Boards, in County Boroughs, and 8·6*d.* in the £., including 2·6*d.* in the £. for contributions to School Boards in other Boroughs, these average rates in the £. being calculated on the aggregate assessable value of each of the two classes of Boroughs for the purposes of the Borough Rate. In the previous year the average rate in the £. of the Rates in County Boroughs was 1*s.* 2·2*d.*, including 6·3*d.* for School Boards, and 8·3*d.* in other Boroughs, including 2·6*d.* for School Boards.

Comparative Tables.

The following Tables enable comparison to be made of the receipts, expenditure, and outstanding Loans of Town Councils acting as Municipal Authorities for the year 1891–92 with those for the four preceding years. It must be borne in mind that the comparison is affected by the provisions of the Local Government Act, 1888, and by the formation of new and the extension of old Boroughs: —

† The total receipts and expenditure of the Visiting Committees of Pauper Lunatic Asylums were published for the year 1889-90 in the Local Taxation Returns for the first time, and this has necessitated an alteration in the above table as to the manner in which the expenditure on Lunatic Asylums during that year and subsequent years is shown. It will be observed that there is a considerable decrease in the amount shown as expended on the maintenance of Lunatics and other expenses connected with Lunatic Asylums in these accounts, but the difference appears as expenditure in the accounts of the Visiting Committees of the Asylums.

No. 5.—BOROUGH URBAN SANITARY ACCOUNTS.§

Town Councils as Urban Sanitary Authorities.

The Accounts of the Town Councils acting as Urban Sanitary Authorities are divided into two parts, so as to show in the same manner as in the Municipal Accounts the receipts and expenditure of the Urban Sanitary Authorities in County Boroughs separate from those in other Municipal Boroughs.

Of the 297‖ Town Councils whose receipts and expenditure as Municipal Authorities appear in the Municipal Borough Accounts, 296 acted as Urban Sanitary Authorities during the whole or a portion of the financial year 1891–92¶. The financial transactions which are recorded in the Borough Urban Sanitary Accounts are of much greater magnitude than those which appear in the Municipal Borough Accounts, and it will be observed that in the 64 County Boroughs the receipts and expenditure of the Urban Sanitary Authorities are considerably more than three times as great as those of the same authorities in the other 232 boroughs. In estimating the effect of these transactions on the local taxation of the year, it should be borne in mind that although a considerable portion of the expenditure was defrayed out of the public rates for purposes of the public health and town improvements, a large portion was reproductive, having been incurred in respect of undertakings which were in some instances wholly or partly self-supporting, and which in others, besides paying their expenses, resulted in pecuniary profit to the ratepayers. The most important of these undertakings were water works, gas works, and markets, and from each of these descriptions of property very large receipts were obtained during the year. Another considerable item of expenditure included in these Returns is the cost of works of private improvement, which are undertaken by Sanitary Authorities on behalf of individuals who are responsible for the repayment of the expenses thus incurred, and which, as a general rule, should impose no burden on the ratepayers at large. The amounts recovered during the year from owners and occupiers in respect of these works were very considerable. In addition to the receipts above referred to, there are included in these Returns receipts from tramways, sewage farms, baths and washhouses, slaughter-houses, hospitals, fire brigades, electric lighting undertakings, and cemeteries provided under the Public Health (Interments) Act, 1879, or under Local Acts in cases where the Sanitary Authority have not been constituted a Burial Board under the Burial Acts.

The

A sum of 2,050*l.*, transferred to the Sanitary Accounts of the County Borough of York, and sums amounting to 9,131*l.*, included in error in previous Returns, have been excluded.

¶ The Borough of Folkestone was the only one in which the Town Council did not exercise the powers of an Urban Sanitary Authority during the year.

The receipts, excluding loans, by Town Councils acting as Urban Sanitary Authorities, in county Boroughs, amounted to 10,516,310*l.* and in other Boroughs to 3,231,127*l.*, making a total of 13,747,437*l.* The following statement shows the principal sources from which these receipts were derived :—* Receipts other than from Loans.

* As has been already pointed out, some of these amounts include receipts derived from undertakings which belong to the Town Council as the Municipal Authority, the transfer to these Returns being made for the sake of uniformity (see page iii).

† So far as can be ascertained from the Returns, the receipts in respect of water works included 942,354*l.* in County Boroughs and 254,913*l.* in other Boroughs from water rates, rents, or charges for domestic purposes, and the receipts in respect of gas works included 2,416,497*l.* in County Boroughs and 584,992*l.* in other Boroughs from gas rentals, and 712,675*l.* in County Boroughs and 171,442*l.* in other Boroughs from the sale of residual products.

‡ The amount entered under the head of "Waterworks" includes 80*l.* received from the War Department, and the amount entered under the head of "Other Receipts" includes 45*l.* received from Her Majesty's Treasury.

§ Including 22*l.* in County Boroughs and 5,833*l.* in other Boroughs from Pier, Dock, and Quay Dues, and 8,146*l.* in other Boroughs from Coal Dues.

‖ Provided under the Public Health (Interments) Act, 1879, or under Local Acts in cases where the Sanitary Authority have not been constituted a Burial Board under the Burial Acts.

¶ Including 49,892*l.* in County Boroughs and 15,255*l.* in other Boroughs from Private Improvement Rates.

** Including 1,939*l.* in respect of Dwellings for the Labouring Classes under Section 76 of the Huddersfield Improvement Act, 1880, and 3,940*l.* in respect of Artizans' Dwellings under the Liverpool Sanitary Act, 1846.

†† These receipts and transfers are shown separately because the amounts are also included in the Municipal Borough Accounts and the Accounts of other Local Authorities.

‡‡ Including 138,571*l.* for Main Roads under Section 11 (2) and (4) of the Local Government Act, 1888; and 7,876*l.* for highway and foot-paths not being main roads under Sub-section (10) of the same Section.

From the foregoing figures it will be seen that the receipts from reproductive undertakings, and in respect of private improvement works, were considerably in excess of the whole of the other revenue receipts of the Town Councils acting as Urban Sanitary Authorities, and that they amounted to nearly half as much again as the whole of the public rates raised by those Authorities during the year.

Expenditure not defrayed out of Loans.

The expenditure which appears in these Returns (excluding that defrayed out of loans) amounted to 10,637,530*l.* in County Boroughs, and 3,246,780*l.* in other Boroughs, making a total expenditure of 13,884,310*l.*, which is divisible as follows:—

Receipts from Loans.

The total amount of the loans raised during the year by Town Councils as Urban Sanitary Authorities, including those transferred from the Municipal Borough Returns, in respect of undertakings which are usually dealt with by Urban Sanitary Authorities, was

* Excluding the sum of 138.571*l.* received from County Councils under Sub-sections (2) and (4) of Section 11 of the Local Government Act, 1888, in respect of expenditure on Main Roads, which is shown separately.

† See Note ‖ on page xv.

‡ It must be borne in mind that the larger proportion of the current expenditure in respect of tramways consists of payments of principal and interest on account of loans raised for tramway purposes. In many cases there is no other current expenditure, as the Local Authorities let the tramways, and in some cases part of the expenditure is probably entered under the head of Salaries, Establishment Charges, and Other Payments.

† Including 1,104,364 *l.*, unapportioned loans, owing at Leeds for markets, private improvement works, street improvements, cemetery, public lighting, and fire brigade; 315,128 *l.* for the prevention of floods at Leicester; 150,034 *l.* for the improvement of insanitary property at Liverpool; 2,693 *l.* in respect of unhealthy dwellings at Brighton; 197,644 *l.* for night-soil removal works at Manchester; 153,225 *l.* for Public Offices and Buildings; 29,000 *l.* under Section 76 of the Huddersfield Improvement Act, 1880; 128,299 *l.* under the Liverpool Sanitary Act, 1846, in respect of Artizans' Dwellings; and 3,000 *l.* under the Labouring Classes Lodging Houses Act, 1851.

‡ Including 15,279 *l.* for Public Offices and Buildings.

As regards the sum of 3,779,090 *l.*, entered above in respect of "Other purposes," it should be stated that it includes several loans which have been raised partly for some of the works specifically enumerated above, but which it has not been found practicable to apportion properly between those works and other purposes.

It will be seen from the above figures that a very large proportion of the outstanding debt of Town Councils acting as Urban Sanitary Authorities has been incurred in respect of the reproductive undertakings mentioned on page xiv, as having produced large receipts during the year. The loans outstanding in respect of water works gas works, markets, tramways, baths and washhouses, and private improvement works' of themselves amounted to 54,423,476 *l.*, without including any of the sums raised for those purposes, which are, for the reason already stated, comprised in the loans for "Other purposes."

Sinking Funds.

The sums remaining in sinking funds at the end of the year, to provide for the repayment of the portion of this debt which is repayable by means of a sinking fund, amounted to 3,399,052 *l.*, in County Boroughs, and 448,648 *l.* in other Boroughs, whilst 379,185 *l.* in the former case, and 127,431 *l.* in the latter case, had been taken out of the funds during the year and applied to the repayment of principal.

Assessable value.

The assessable value of the Boroughs for the purposes of the rates out of which the general expenses of the Town Councils as the Urban Sanitary Authorities were defrayed was 30,015,219 *l.* in County Boroughs, and 11,484,295 *l.* in other Boroughs, making a total assessable value of 41,499,514 *l.*

Rate in the £.

The Return shows the rate in the £. of the general district rate. Where no general district rate was levied, and a portion of the borough rate was applied during the year to the purposes of the Urban Sanitary Authority, or any other rate was levied for these purposes, the rate in the £. of the borough rate so applied, or of the other rates so levied, is given in the Return, with an explanatory note. Where any rate was levied over a part or the whole of the district for special purposes, in addition to the general district rate, a note to this effect is entered in the Return.

The total amount of the public rates received by Town Councils acting as Urban Sanitary Authorities during the year, namely, 3,823,989 *l.* in County Boroughs, and 1,443,738 *l.* in other Boroughs, is equivalent to 2 *s.* 6·6 *d.* in the £. in the former case, and 2 *s.* 6·2 *d.* in the £. in the latter case, on the above assessable values. In the previous year the average rate in the £. of the rates raised by Town Councils as Urban Sanitary Authorities was 2 *s.* 5·6 *d.* in County Boroughs, and 2 *s.* 4·8 *d.* in other Boroughs.

Comparative Tables.

The following Tables enable comparison to be made between the receipts, expenditure, and outstanding loans of the Borough Urban Sanitary Authorities for the year 1891–92 and the four preceding years. As in the case of the Municipal Borough Accounts, the comparison is to some extent affected by the formation of new, and the extension of old, Boroughs :—

No. 6.—OTHER URBAN SANITARY ACCOUNTS. ¶

Local Boards and Improvement Commissioners.

THE Urban Sanitary Authorities of England and Wales, other than Town Councils, during the year ended the 25th of March 1892, were 722** in number, of whom 690 were Local Boards, and 32 were Improvement Commissioners constituted under Local Acts. The receipts and expenditure of each of these Authorities during the year will be found at pages 116 to 153; their Loan transactions are given separately at pages 154 to 193. The Returns are summarised as regards each county, at pages 194 to 201.

The financial transactions of these Authorities resemble those of the Town Councils, which are recorded in the Borough Urban Sanitary Accounts, though they are, generally speaking, on a smaller scale. As in the case of Town Councils, a considerable portion of them relate to water, gas, and market undertakings, and works of private improvement; and as regards these the same remarks apply as to their bearing on the Local Taxation of the year. The Returns of these Sanitary Authorities, like the Returns of the Borough Sanitary Authorities, also include receipts from sewage farms, baths and washhouses, slaughter-houses, hospitals, fire brigades, and cemeteries provided under the Public Health (Interments) Act, 1879. The aggregate of the receipts, which appear in these Accounts

* Including 270,669*l.*, liabilities of late Waterworks Company taken over by the Town Council of Warrington.

† See Note ‖ on page xv.

‡ As to the loans included under this heading, see Notes † and ‡ on page xviii.

§ Including 108,356 *l.* in 1887–88, 180,377 *l.* in 1888–89, 252,207 *l.* in 1889–90, and 557,617 *l.* in 1890–91, the outstanding loans of certain new Boroughs which appeared in these years respectively for the first time.

‖ Including the balances outstanding in respect of the following sums, viz., 151,212 *l.* transferred from the accounts of three Local Government Districts and one Improvement Act District incorporated as boroughs during the year, and which appeared this year for the first time, 131,246*l.* taken over on the extension of certain Boroughs, and 21,352*l.* transferred from Municipal and Burial Board Accounts to Sanitary Accounts; also 24,608*l.* increase on issue of stock to replace loans, 270,669*l.* referred to in Note * above, and 16,915*l.* omitted in error from previous Returns; and excluding 39,781*l.* transferred to Municipal and Burial Board Accounts from Sanitary Accounts, 5,478*l.* premiums on issue of stock, 6,190*l.* temporarily repaid in previous years, but which it is not now intended to reborrow, and 20,123*l.* included in error in previous Returns.

¶ See pages 115 to 202.

** This number includes eighteen new Local Government Districts formed during the year, and eight Local Government Districts and one Improvement Act District in which the Councils of Boroughs became the Urban Sanitary Authorities before the end of the year, but excludes the Woolwich Local Board of Health, whose receipts and expenditure for the purposes of the Local Taxation Returns are included with those of the Metropolitan Vestries and District Boards. Ten Local Government Districts, and two Improvement Act Districts, the names of which appeared in the Returns for the year ended 25th March 1891, do not appear in the Returns for the year ended 25th March 1892, having been incorporated as Municipal Boroughs during the former year. Two Local Government Districts were

Accounts as derived from the above sources, is considerable; but it bears a much smaller proportion to the total receipts of the Authorities than the corresponding items in the Borough Urban Sanitary Accounts.

The total receipts, excluding loans, of Local Boards and Improvement Commissioners amounted during the year to 4,075,585*l.* The receipts of these Authorities included contributions from County Councils under the provisions of the Local Government Act, 1888, in lieu of the Parliamentary Grants which previous to that Act coming into force had been made in aid of the salaries of medical officers of health and inspectors of nuisances. The following were the several items of receipt:— Receipts other than from Loans.

The foregoing figures show that the receipts of these Urban Sanitary Authorities from reproductive undertakings, and in respect of private improvement works amounted to about one quarter of the total receipts.

Outstanding Loans.

The outstanding Loans of these Authorities amounted at the end of the year to 13,754,372*l.* The following are the purposes for which these Loans had been raised:—

	£.
Water Works	3,237,648
Gas Works	1,621,655

TOTAL	£. 13,754,372

The

* See Note ‖ on page xv.

† Including 75,096*l.* for sea defences.

The sum of 605,089*l.*, stated above to have been raised for "Other purposes," includes, as in the case of the corresponding entry in the Returns of the Borough Urban Sanitary Authorities, several Loans which have been raised partly for some of the works specifically enumerated above, but which it has not been found practicable to apportion properly among the several purposes for which they have been raised.

It will be observed that, of the outstanding Loans of these Sanitary Authorities, a larger amount was owing in respect of Works of Sewerage and Sewage Disposal than for any other purpose.

Sinking Funds.

The amount which remained at the end of the year in the Sinking Funds provided for the repayment of that portion of the Loans which is repayable by this means was 267,842*l.*, partly invested and partly uninvested. The amount taken out of the invested funds during the year and applied to the repayment of principal was 55,117*l.*

Assessable Value.

The assessable value of these Urban Sanitary Districts for the purpose of the General District Rates, or other rates out of which the general expenses of the Authorities were defrayed, was 20,144,740*l.*

Rate in the £.

The Return shows the rate in the £. of the General District Rate. In a few exceptional cases no General District Rate was levied, and in these cases the rate in the £. of the rate levied by the Sanitary Authority for their general purposes has been given with an explanatory note. As regards Improvement Commissioners there are some Districts in which, under the Local Acts in force, an Improvement, Paving, or Lighting Rate has been levied, as well as the General District Rate. In these cases the rate in the £. of the General District Rate only has been given. In some cases, in addition to the rates for general purposes, one or more rates are levied in part or in the whole of the District, and these cases are noted in the Return, although it has not been found practicable to give the rate in the £. of these rates.

The total amount of the various public rates received during the year by these Authorities, namely, 2,389,464*l.*, is equivalent to 2*s.* 4·5*d.* in the £. on the above assessable value. In the previous year the average rate in the £. of the Rates received by these Authorities was 2*s.* 4·1*d.*

Comparative Tables.

The following Tables enable comparison to be made between the transactions of these Authorities during the year 1891–92 and the four preceding years. It must, however, be borne in mind that the comparison is to some extent affected by the formation of new Local Boards, the incorporation of Boroughs consisting of Local Government and Improvement Act Districts, and the absorption of Local Government Districts into Boroughs. The circumstances under which a very much smaller amount was received by these Authorities in 1889–90 in respect of the salaries of their medical officers of health and inspectors of nuisances, from the County Councils, than they received in previous years, as a Treasury subvention, and under which the receipts on this account in 1890–91 were more than three times as large as in the preceding year, the aggregate amount for the two years practically corresponding with the amount of the former Parliamentary Grant, were explained last year. There were no similar inequalities as regards the sums received from the County Councils in lieu of discontinued Grants in 1891–92, and generally they may be regarded as in respect of one year's expenditure. It will be observed, however, that the sums paid by the County Councils for the maintenance of Main Roads in these Urban Districts, and as contributions towards Highways and Footpaths not being Main Roads, were considerably larger in 1891–92 than in the two preceding years.

§ It must be borne in mind that the larger proportion of the current expenditure in respect of Tramways consists of payments of principal and interest on account of loans raised for Tramway purposes. In many cases there is no other current expenditure, as the Local Authorities let the Tramways, and in some cases part of the expenditure is probably entered under the head of Salaries, Establishment Charges, and Other Payments.

† As to the Loans included in this sum, see page xxviii.

‡ Excluding 243,686*l.*, the outstanding Loans of the eight Local Government Districts, and one Improvement Act District incorporated as Municipal Boroughs, but including 86,069*l.* and 2,942*l.*, the outstanding Loans of ten Rural Sanitary Authorities and one Joint Board respectively taken over by Local Boards during the year.

No. 7.—ACCOUNTS OF JOINT BOARDS. *

Purposes for which Joint Boards have been formed.

In several instances combinations of Sanitary Authorities have been established under the Public Health Act, 1875, and under Local Acts, for the purpose of carrying on undertakings or works for the common benefit of two or more Sanitary Districts or parts of such Districts. In these cases united Districts have been formed subject to the jurisdiction of Joint Boards or Joint Committees, consisting of representative members of the constituent Sanitary Authorities. These united Districts may be formed by Provisional Orders under Section 279 of the Public Health Act, 1875, for any of the purposes of that Act; and the purposes for which they have at present been set up under that section are the making of main sewers and sewage disposal works, and the provision of hospitals and cemeteries, and in one case of a common water supply. Joint Committees have also been formed by Provisional Order under Section 14 (3) of the Local Government Act, 1888, for the purpose of enforcing the Rivers Pollution Prevention Act, 1876. Under Local Acts, also, Joint Boards and Joint Committees have been constituted in several cases for the purpose of acquiring and carrying on water undertakings for the common benefit of two or more Districts, and in one case a bridge undertaking. A list of these Joint Authorities, with an account of their receipts, expenditure, and loan transactions for the financial year 1891-92, will be found at pages 204 to 207.† It comprises 12 Boards formed for the purpose of carrying out systems of main sewerage and sewage disposal, one Committee for the management of a sewage farm, 15 Joint Hospital Boards, one Committee for the provision of cemeteries, six Committees or Boards carrying on water undertakings, one Committee for the provision of bridges and approaches thereto, and two Committees for dealing with Rivers Pollution. One Joint Hospital Board and one Joint Water Supply had neither receipts nor expenditure during the year.

One of the Joint Hospital Boards was however dissolved during the year.

In addition to the Joint Boards above enumerated certain other Joint Boards have been constituted Port Sanitary Authorities under the provisions of the Public Health Act, 1875. The Accounts of these Authorities are included with the Accounts of all other Port Sanitary Authorities in a separate Return, see page 267.

Contributions from Constituent Authorities.

The expenses of the Joint Authorities, so far as they are defrayed out of rates, are for the most part met by contributions raised by way of precept from the Constituent Sanitary Authorities. These contributions amounted, during the year, to 97,875 *l.* Only one of the Joint Authorities, namely, the Wisbech and Walsoken Main Sewerage Board, levied a separate rate during the year. In some cases the expenditure of the Joint Authorities on capital account is defrayed out of moneys raised on loan by the Constituent Sanitary Authorities; and as in these cases the amounts appear in the loan transactions of those Authorities, they are excluded from the present Accounts. In some of these cases considerable amounts have been paid by the Joint Authorities out of their water revenue to the Constituent Sanitary Authorities, by whom they have been expended in discharge principally of the principal or interest of their loans. The sums thus paid amounted, during the year, to 71,685*l.*

The

* See pages 203 to 207.

† The year, except in the cases of the Birmingham, Tame, and Rea District Drainage Board, and the Stockton and Middlesbrough Water Board, ended on the 25th or 31st of March 1892. As regards the first-named Board, the year ended on the 31st of December 1891, and as regards the latter the year ended on the 14th February 1892.

† These receipts and payments are shown separately, because the amounts are also included in the accounts of the Authorities from whom or to whom they were respectively received or paid.

The above expenditure includes 45,819 *l.* on account of interest on loans; 20,657 *l.* on account of principal; and 1,630 *l.* on account of payments to sinking funds.

Loans.

The loans raised by the Joint Authorities during the year amounted to 79,750 *l.*, viz., for Sewerage Works, 69,950 *l.*, and for Hospitals, 9,800 *l.*, and the expenditure out of loans was 76,006 *l.*, of which 67,637 *l.* was spent on Sewerage and Sewage Disposal Works, 8,298 *l.* on Hospitals, and 71 *l.* for Cemeteries. The outstanding loans of the Joint Authorities at the end of the year (exclusive of the loans raised by the Constituent Authorities) amounted to 1,265,743 *l.*, being 1,175,453 *l.* for Sewerage and Sewage Disposal, 29,794 *l.* for Waterworks, 52,026 *l.* for Hospitals, and 8,470 *l.* for Cemeteries.

Sinking Funds.

The sums remaining in sinking funds at the end of the year to provide for the repayment of a portion of this debt amounted only to 1,763 *l.*

The amount taken out of the funds during the year, and applied to the repayment of principal, was 1,373 *l.*

No. 8.—ACCOUNTS OF RURAL SANITARY AUTHORITIES.*

Rural Sanitary Authorities.

In 575 of the 648 Unions and Parishes in England and Wales under separate Boards of Guardians, the Guardians, during the year ended the 25th of March 1892, were the Rural Sanitary Authority for such parts of the Union as were not comprised in any Urban Sanitary District, and in the Isles of Scilly the Council of the Isles of Scilly were the Rural Sanitary Authority. In 41 Unions the Rural Sanitary Authorities were also the Highway Authorities, but their receipts and expenditure in this capacity have been excluded from these Accounts, and will, as usual, be given, together with the receipts and expenditure of other Highway Authorities in Rural Districts, in Part VI. of the Local Taxation Returns, in order that all the transactions relating to highways in such Districts may appear in one and the same Return.

Receipts other than from Loans.

The total receipts of the Rural Sanitary Authorities, exclusive of loans and sums received on account of highways, amounted in the year to 578,481 *l.*, of which no less than 431,878 *l.* consisted of contributions out of rates from the overseers. The receipts were made up as follows:—

No. 9.—PORT SANITARY ACCOUNTS. §

Port Sanitary Authorities.

DURING the financial year 1891–92 there were 58 || Port Sanitary Authorities in England and Wales, including the Corporation of London, who are the Port Sanitary Authority for the Port of London, and whose expenditure in that capacity was almost exclusively defrayed out of the City's Estate. The other Port Sanitary Authorities were either Sanitary Authorities or Joint Boards consisting of representative members of the Riparian Sanitary Authorities. Their expenditure was for the most part defrayed out of contributions from Sanitary Authorities whose districts abut on the various Ports, supplemented by grants from County and County Borough Councils under the provisions of the Local Government Act, 1888, in lieu of the discontinued Parliamentary Grants in respect of the salaries of Medical Officers of Health and Inspectors of Nuisances, and other miscellaneous receipts.

The

* Provided under the Public Health (Interments) Act, 1879.

† See also Note † on page xli.

‡ Excluding 131,724*l.* outstanding loans transferred during the year to the accounts of Urban Sanitary Authorities.

§ See pages 267 to 271.

|| In two of these cases there had been neither receipts nor expenditure by the Authorities during the year.

The contributions from the Riparian Sanitary Authorities have, it should be observed, been shown in the statements of the expenditure of Urban and Rural Sanitary Authorities, as payments to other Local Authorities.

Receipts other than from Loans.

The total receipts of Port Sanitary Authorities (excluding loans) amounted to 13,738 *l.*, comprising the following items:—

	£.
Contributions from the Riparian Authorities *	8,700

Loans.

No Port Sanitary Authority had any receipts from or expenditure out of loans during the year. The loans outstanding at the close of the year amounted to 8,893 *l.*, of which 157 *l.* was owing by the Hartlepool Port Sanitary Authority, 538 *l.* by the Wisbech Port Sanitary Authority, 540 *l.* by the Tees Port Sanitary Authority, 3,208 *l.* by the Weymouth Port Sanitary Authority, and 4,450 *l.* by the Tyne River Port Sanitary Authority.

The

* Under the head of Contributions from Riparian Authorities are included the sums received from the general district rate or borough rate by the Port Authority where the expenses are wholly borne by one Sanitary Authority.

† Including 3,106 *l.* transferred from the City's Estate to meet the expenditure in respect of the Port of London. In order to avoid a duplicate reckoning this transfer is deducted in Part IV. of the Local Taxation Returns from the receipts and expenditure shown in the accounts of the Corporation of London.

‡ These receipts and payments are shown separately, because the amounts are also included in the accounts of the Authorities from whom or to whom they were respectively received or paid.

No. 10.—BURIAL BOARD ACCOUNTS.*

Burial Boards.

THESE accounts relate to the receipts, expenditure, and loan transactions of 1,001† Burial Boards, of which 79 are Town Councils of Boroughs, 56 are Local Boards, and one is a Board of Improvement Commissioners. Besides these, returns showing no financial transactions were received from 31 Burial Boards, of which one is a Local Board. For the parishes in the City of London the Commissioners of Sewers are the Burial Board. In this case, and where the Burial Board is a Town Council or a Local Board, or a body of Improvement Commissioners, the receipts and expenditure are included in these accounts, and not in the accounts of the Commissioners of Sewers of the City of London or the Borough or other Urban Sanitary accounts, in order that the whole of the financial transactions of local authorities under the Burial Acts may appear in one and the same Return.

Receipts other than from Loans.

The total receipts of Burial Boards, exclusive of loans, amounted during the financial year 1891–92 to 483,904 *l.* This sum comprised the following items:—

	£.	£.
Poor Rate	‡116,620	
Burial Rate	28,243	
General District, Borough, or Improvement Rate	31,487	
		176,350

Rents and profits of property, including Dividends		6,850
Other Receipts (exclusive of the under-mentioned receipts)		15,833
		477,845
Sales of Securities in which Sinking Funds were invested §		1,333
Receipts from other Local Authorities §		4,726
TOTAL		£. 483,904

It will be seen from the foregoing figures that considerably less than half of the receipts of Burial Boards are derived from the rates, and that the undertakings are to a considerable extent self-supporting.

Rate in the £.

A column in the Abstract of the Accounts has been provided to show the rate in the £. of the Burial Rate, where a separate Burial Rate has been raised by Burial Boards, and the rate in the £. of the portion of the Borough Rate, General District Rate, or Improvement Rate appropriated to Burial Board purposes, where the Town Council, Local Board, or Improvement Commissioners are the Burial Board; but where a contribution from the Poor Rate is made towards the expenses of the Burial Board, the rate in the £. represented by such contribution is not shown in the accounts of the Burial Board.

Expenditure not defrayed out of Loans.

The expenditure of Burial Boards during the year, so far as it was not defrayed out of loans, amounted to 468,392 *l.*; it comprised the following items:—

	£.
Burial Grounds and Buildings	143,032
Fees to Chaplains, Ministers, Incumbents, Parish Clerks, and Sextons	36,738

† Returns were received for the first time from 12 Burial Boards. Of these 10 are entered in the Summary as "Nil Returns." Seven Burial Boards ceased to exist, and two Burial Boards were formed into one. See also Note (*a*) on page 316 of the Burial Board Accounts as to the receipts and expenditure of the Atherton Local Board acting as a Burial Board.

‡ The amount received from the Poor Rate has already appeared in the Poor Rate Return.

§ These items are shown separately, because the amounts which were invested have previously been included as receipts, and the amounts received from and paid to other Local Authorities are also included in the accounts of the Authorities from whom, or to whom, they were respectively received or paid.

The new loans raised by Burial Boards during the year amounted to 94,188*l.*; the expenditure out of loans was 88,496*l.*; and the outstanding loans at the end of the year were 2,187,895*l.* The amount remaining in the sinking funds provided for the repayment of the portion of this debt which is repayable by means of sinking funds was, at the close of the year, 56,648*l.* The amount taken out of the funds during the year and applied to the repayment of principal was 16,628*l.* Loans and Sinking Funds.

No. 11.—ACCOUNTS OF COMMISSIONERS OF BATHS AND WASHHOUSES.*

Commissioners of Baths and Washhouses.

UNDER Section 3 of the 9 & 10 Vict. c. 74, the Baths and Washhouses Acts may be adopted by the Municipal Corporation of any Borough; and by virtue of Section 10 of the Public Health Act, 1875, they may be adopted by the Urban Sanitary Authority of any District in which they are not already in force. As a matter of fact, where they are in force in places outside the Metropolis, they are usually administered by Borough or other Urban Sanitary Authorities; and in these cases the financial transactions of the Local Authorities under them appear in the Municipal Borough or other Urban Sanitary Accounts. These Acts may, however, be also adopted by the vestries of parishes, under Section 5 of the 9 & 10 Vict. c. 74, and where this is done the vestry are required to appoint not less than three nor more than seven persons to act as Commissioners for putting the Acts into execution. Under this section, Commissioners of Baths and Washhouses had been appointed prior to the 25th March 1892 for twenty-six parishes, all of which, with one exception, are in the Metropolis. In one case there were no receipts or expenditure prior to the close of the year. An abstract of the receipts and expenditure of these Commissioners, during the year ended the 25th of March 1892, will be found on pages 350 and 351. On reference to that return, it will be seen that the

Expenditure not defrayed out of Loans.

During the same period the total expenditure of the Commissioners (excluding that defrayed out of loans) amounted to 85,097 *l.*, and consisted of the following items:—

	£.
Buildings	1,413
Repairs and Maintenance	9,558
Coals and Gas	12,180
Towels, Soap and Soda	1,627

† These receipts are shown separately, because the amounts are also included in the accounts of the Local Authorities from whom they were received.

In the cases of Deptford, Islington, St. James, Westminster, and Whitechapel, no contributions were obtained from the Poor Rates during the year. In the other cases these undertakings were not entirely self-supporting.

In seven cases the Commissioners, during the year, raised loans, amounting in the aggregate to 98,800*l.* The expenditure out of loans was 90,602*l.*, and the outstanding balance of loans, at the end of the year, was 402,803*l.* Loans.

No. 12.—ACCOUNTS OF CONSERVATORS OF COMMONS AND TRUSTEES OF CERTAIN OPEN SPACES.*

THESE Accounts relate to the financial transactions during the year 1891-92† of the Wimbledon and Putney Commons Conservators, acting under the Wimbledon and Putney Commons Act, 1871, the Malvern Hills Conservators, acting under the Malvern Hills Act, 1884, the Great Torrington Conservators, acting under the Great Torrington Commons Act, 1889, and the Trustees of the Broxborne and Hoddesdon Open Spaces, respectively, acting under the Broxborne and Hoddesdon Open Spaces and Recreation Grounds Act, 1890. Conservators of Commons.

The total receipts of the above Conservators and Trustees during the year amounted to 3,459*l.*, of which 261*l.* was derived from the Poor Rate, and 2,679*l.* from other Rates. Receipts.

The expenditure of the Conservators and Trustees amounted during the same period to 3,500*l.*, of which 788*l.* was spent on Maintaining and Improving the Commons, 772*l.* on Salaries, 1,400*l.* for Interest (including 1,200*l.* on account of a Perpetual Annuity), 305*l.* on Establishment Charges, and 207*l.* on Law Charges. Expenditure.

No Loans were raised or expended by these Authorities during the year. The outstanding debt of the Wimbledon and Putney Commons Conservators at the end of the year was 35,000*l.*, including 30,000*l.*, the capitalised value at 25 years' purchase of a Perpetual Annuity. The Malvern Hills and Great Torrington Conservators, and the Broxborne and Hoddesdon Trustees had no outstanding loans at the end of the year. Loans.

No. 13.—ACCOUNTS OF COMMISSIONERS OF FREE PUBLIC LIBRARIES.‡

THE Public Libraries Acts, 1855 to 1890‡, could be adopted by the Town Councils of Boroughs, Boards under Improvement Acts, Local Boards, and Metropolitan Vestries and District Boards, and in cases in which they had been so adopted, the financial transactions of the authorities in connection with the Libraries are in these Returns included with their other Accounts. The Acts could, however, be also adopted, under certain circumstances, by the ratepayers of Parishes, and where this was done the Vestry were required to appoint not less than three nor more than nine ratepayers as Commissioners for carrying the Acts into execution. By the Public Libraries Act, 1892, which was passed to consolidate and amend the Law relating to Public Libraries, the previous Acts were repealed, but it was provided that where those Acts had been adopted for any Library District, that adoption should be deemed to have been an adoption of the Act of 1892. Commissioners of Free Public Libraries.

The Acts had been adopted in 25 parishes up to the 25th March 1892, and the Abstract of the Commissioners' receipts and expenditure and Loan Transactions will be found at pages 358 and 359. All the Parishes in which the Acts had been adopted were situate in the Metropolis. The Commissioners of two of the 25 Parishes had also appointed a Joint Committee.

The total receipts of these Commissioners (excluding loans) amounted to 70,038*l.*, of which 40,296*l.* was derived from Poor Rate, 4,059*l.* from other Rates, 15,001*l.* from donations and subscriptions, and 8,100*l.* from other Local Authorities. Receipts other than from Loans.

Expenditure not defrayed out of Loans.

The expenditure, not including that defrayed out of Loans, amounted to 63,021*l.*, out of which 29,737*l.* was spent on buildings, repairs, and maintenance; 10,750*l.* on books, periodicals, &c.; 6,050*l.*, principal repaid; 3,047*l.*, interest on Loans; 9,638*l.* on salaries and remuneration of officers and assistants; 1,802*l.* on establishment charges; and 661*l.* paid to other Local Authorities.

Loans.

The loans raised during the year amounted to 20,590*l.*, and the amount expended out of Loans during the same period was 23,930*l.*, which included 426*l.* expended in anticipation of a Loan. The outstanding Loans at the end of the year amounted to 95,550*l.*

No. 14.—ACCOUNTS OF LIGHTING AND WATCHING INSPECTORS.*

Lighting and Watching Inspectors.

In Urban Sanitary Districts, and in the parts of Rural Sanitary Districts in which the first paragraph of Section 161 of the Public Health Act, 1875, has been put in force, the public lighting is in the hands of the Sanitary Authority. In other parts of Rural Sanitary Districts, if the Lighting and Watching Act (3 & 4 Will. 4, c. 90) has been adopted, the public lighting is provided by Inspectors appointed under that Act, who may also provide and maintain fire engines for the use of the place in which the provisions of the Act have been adopted. These Inspectors have the power of levying rates for the purpose of meeting their expenses, but have no powers of borrowing on mortgage of such rates. The rates made during the year varied from 1½*d.* to 1*s.* in the £. Returns have been received from 178 places in which the Lighting and Watching Act was in force during the whole or part of the year ended on the 25th of March 1892. The amounts received and expended during the year by the Inspectors in each of these places are given at pages 362 to 368. On pages 369 and 370 this information is summarised as regards each of the Union-Counties and Poor Law Divisions of England and Wales.

Receipts and Expenditure.

On reference to page 370 it will be seen that the total receipts of the Inspectors during the year (including 2*l.* received from other Local Authorities), amounted to 24,377*l.*, of which 23,918*l.* was derived from rates, and 337*l.* was received on account of Fire Engines and Fire Brigades.

The total expenditure during the same period amounted to 23,975*l.*, which sum was made up of the following items:—

	£.
Cost of Gas or other means of producing Light	19,327
New Works and Repairs connected with Lighting, including Lamps	1,224
Fire Engines and Fire Brigade Expenses	1,177
Salaries, Wages of Lamplighters, and Collectors' Poundage	1,864

No. 15.—ACCOUNTS OF MARKETS AND FAIRS COMMISSIONERS. ‡

THE effect of the Public Health Act, 1872, and the subsequent Statutes which have been passed relating to Sanitary Authorities, has been to transfer to Urban Sanitary Authorities in the great majority of cases the powers and property of Commissioners of Markets and Fairs appointed under local Acts of Parliament. There were, however, four cases in which these Commissioners still continued to exist as separate Local Authorities during the financial year 1891-92, and a separate Return is therefore given of their receipts and expenditure for that year. This Return will be found on pages 372 and 373. It will be seen from it that the receipts (exclusive of loans) of the Commissioners during the year amounted to 14,507 *l.*, of which 14,351 *l.* was derived from tolls, dues, rents, and stallages, and 156 *l.* was received from other sources. Markets and Fairs Commissioners. Receipts other than from Loans.

‡ See pages 371 to 373.

Expenditure not defrayed out of Loans.

The expenditure not defrayed out of loans was 14,153*l.*, including 4,465*l.* paid by the Commissioners of St. Saviour's, Southwark, Market, to the Overseers of the parish in aid of Poor Rate. The expenditure comprised the following items:—

	£.
New Works and Improvements	359
Maintenance Repairs, Cleansing, and Lighting	4,014
Loans:	
Interest	1,013
Salaries and Collectors' Poundage	2,699
Establishment Charges	1,327
Other Payments (exclusive of payments to other Local Authorities)	276
	9,688
Payments to other Local Authorities *	4,465
TOTAL £.	14,153

Loans.

No loans were raised by the Commissioners during the year, but a sum of 4,000*l.* was expended by the St. Saviour's, Southwark, Commissioners, in anticipation of a loan. The loans outstanding at the end of the year amounted to 25,380*l.*, of which 2,380*l.* was owing by the Brixham Commissioners, 6,000*l.* by the St. Austell Commissioners, and 17,000*l.* by the Taunton Commissioners.

No. 16.—ACCOUNTS OF BRIDGE AND FERRY TRUSTEES.†

Bridge and Ferry Trustees.

THESE accounts relate, for the financial year 1891–92, to 16 Toll Bridges and Ferries belonging to Local Authorities in England and Wales, and vested in separate bodies of Trustees.

Receipts.

It appears from them that the total receipts of the Trustees during the year amounted to 5,654*l.*, of which 3,230*l.* was derived from tolls, dues, and rents, and 2,205*l.* from sale of property.

Expenditure.

The total expenditure of the Trustees during the same period was 2,365*l.*, and consisted of the following items:—

	£.
New Works and Improvements	55
Repairs and Maintenance	836
Loans:	
Principal repaid	75
Interest	221
Salaries	623
Establishment Charges	83
Other Payments	472
TOTAL £.	2,365

Loans.

No loans were raised by the Trustees during the year, nor was there any expenditure out of loans. The outstanding loans at the end of the year amounted to 7,560*l.* It will be observed that the undertakings vested in these Trustees were entirely self-supporting.

* These payments are shown separately, because the amounts are also included in the accounts of the authorities to whom the payments were made.

INDEX TO URBAN SANITARY DISTRICTS (OTHER THAN MUNICIPAL BOROUGHS) AND UNITED SANITARY DISTRICTS.

The Index to the Names of the Unions to which the Reference Numbers relate, will be found in Part I. of the Local Taxation Returns, p. 85.

The reference numbers to the Unions, in those cases in which the District is situated in more than one Union, are arranged so that the first number indicates the Union in which the principal part of the district is situated.

PART IV.

MEMORANDUM.

PART IV. of the Local Taxation Returns for the financial year 1891-92 relates to the Metropolis, and contains abstracts of the Accounts of the Metropolitan Vestries and District Boards, and certain Commissioners and Trustees who levied Special Rates in their Districts; the Woolwich Local Board of Health; the Commissioners of Sewers of the City of London; the London County Council, both as a County Authority and as successors to the Metropolitan Board of Works; the Metropolitan Police Commissioners; the Corporation of London; and the Visiting Committees of the Lunatic Asylums belonging to the County and to the City of London. Contents of Return.

17.—ACCOUNTS OF METROPOLITAN VESTRIES AND DISTRICT BOARDS, &c.*

THE local management of the Metropolis, exclusive of the City of London, the parish of Woolwich, and the places in Schedule C. of the Metropolis Management Act, 1855, devolved during the financial year 1891–92, under the Metropolis Management Acts, and under the Public Health (London) Act, 1891, except so far as it was vested in the London County Council, on the 26 Vestries and 13 District Boards constituted by the Metropolis Management Acts,† who were also the Local Authorities for the purposes of the Electric Lighting Acts, 1882 and 1888, and Part II. of the Housing of the Working Classes Act, 1890. The expenses of these authorities, so far as they were defrayed out of rates, were met by rates levied under the Metropolis Management Acts. Functions of Metropolitan Vestries and District Boards.

These rates were applicable to the payment, not only of the expenses incurred by the Vestries and District Boards themselves, but also of the amounts included in the precepts of the School Board for London. Prior to the coming into force of the Local Government Act, 1888, in the Metropolis, they were also applicable to the payment of the precepts of the Metropolitan Board of Works. Under that Act, however, the costs incurred by the London County Council, as successors to the Metropolitan Board of Works, have to be paid out of the County Fund. The moneys required by the Council during 1889–90, 1890–91, and 1891–92 to meet these costs were therefore included in their precepts for the County Rate, and were raised by the Overseers of the Poor by means of the Poor Rates. Consequently the Vestries and District Boards were relieved from the necessity of raising any rates to meet such costs except so far as rates were necessary in the year 1889–90 to provide for the payments in respect of the final precept of the late Metropolitan Board of Works. Under these circumstances there is a large decrease in the sums shown as received from and expended out of rates by these authorities in 1889–90, 1890–91, and 1891–92 as compared with former years. Receipts other than from loans.

The

† The parish of Woolwich was constituted a district under the Public Health Act, 1848, by a Provisional Order confirmed in 1852, and is for local government and sanitary purposes under the jurisdiction of the Woolwich Local Board of Health. Under Section 238 of the Metropolis Management Act, 1855, the Local Board of Health elected a member of the Metropolitan Board of Works and was made subject to that Board for the purposes of sewerage, metropolitan improvements, &c., in the same manner as if it were a Vestry under the Metropolis Management Acts. Its expenses are defrayed out of a district fund and general district rate. Its receipts and expenditure for the purposes of the Local Taxation Returns are included with those of the Metropolitan Vestries and District Boards.

The receipts (excluding loans) of the Vestries, District Boards and the Woolwich Local Board of Health, during the year ended the 25th March 1892, were as follows:—

Expenditure out of loans.

The expenditure out of loans during the year amounted to 271,859*l.* This sum was spent on the following purposes:—

	£.
Highways and Street Improvements	107,161
Sewerage and Drainage Works	6,095
Public Buildings	18,197
Parks, Pleasure Grounds, and Open Spaces	44,730
Electric Lighting	44,207
Public Conveniences	6,300

Other Public Works	41,723
TOTAL	£. 271,859

Outstanding loans.

The loans outstanding at the end of the year amounted to 1,931,277*l.* The following are the purposes for which these loans were raised, and the amounts owing in respect of them:—

	£.
Highways and Street Improvements	948,616
Sewerage and Drainage Works	229,849
Public Buildings	230,167
Hospitals	5,006
Parks, Pleasure Grounds, and Open Spaces	210,371

TOTAL	£. 1,931,277

Sinking Fund.

The amount which remained at the end of the year in the Sinking Fund provided for the repayment of a loan, which is repayable by this means, was 2,151*l.*

Assessable value.

The assessable value of the Parishes and Districts subject to the jurisdiction of the Vestries and District Boards, including the Parish of Woolwich, was 28,972,905*l.*

Rate in the £.

The total amount of the rates received during the year, including the amounts raised to meet the precepts of the School Board for London, was 3,244,694*l.*, which would be equivalent to 2*s.* 2·9*d.* in the £. on this assessable value. In the previous year the amount of rates received was equivalent to 2*s.* 2·3*d.* in the £. on the assessable value. Deducting from the rates the amounts contributed to the School Board, the sums raised by these authorities for their own purposes would represent an average rate of 1*s.* 4·1*d.* in the £. for 1891–92, and 1*s.* 3·6*d.* in the £. for 1890–91.

It has been found convenient to include in the Return containing the above accounts the receipts and expenditure of the Commissioners for Paving, Lighting, &c., Ely-place and Ely-mews, Holborn, acting under the 5 Vict., Sess. 2, c. xlviii. The total receipts of the Commissioners during the year amounted to 226*l.*, derived from rates, and their total expenditure was 293*l.* The Commissioners have not contracted any loans. The assessable value of the District was 7,765*l.** Commissioners for Paving, Lighting, &c., Ely-place and Ely-mews, Holborn.

The receipts and expenditure of the Trustees appointed under Acts for the Improvement of Bryanston, Cavendish, Dorset, Hoxton, Manchester, Montagu, and Portman Squares are also included in the Return. Their total receipts amounted to 1,132*l.* during the year, and their total expenditure to 1,118*l.* The outstanding loans of the Trustees of Bryanston and Montagu Squares amounted at the end of the year to 1,983*l.* and 184*l.* respectively.* Trustees of certain Squares.

The following Tables enable comparison to be made between the receipts, expenditure, and outstanding loans of the Vestries, District Boards, and the Woolwich Local Board of Health in 1891–92 and in the four preceding years :— Comparative Tables.

18.—ACCOUNTS OF THE COMMISSIONERS OF SEWERS OF THE CITY OF LONDON.*

Functions of the Commissioners of Sewers of the City of London.

The Commissioners of Sewers of the City of London, who are appointed by the Corporation of London under the City of London Sewers Act, 1848 (11 & 12 Vict. c. clxiii.), as continued and amended by the City of London Sewers Act, 1851 (14 & 15 Vict. c. xci.), exercise in the City of London functions in many respects analogous to those discharged by the Vestries and District Boards in other parts of the Metropolis.

The expenses of the Commissioners, so far as they were defrayed out of rates during the year to which the present accounts relate, namely, the year ended the 29th September 1891, were met by a Sewers Rate and a Consolidated Rate made under the former of the above Acts; which rates were applicable to the payment, not only of the expenses of the Commissioners, but also of the amounts included in the precepts of the School Board for London. The Commissioners are the Burial Board for the City of London, and their receipts and expenditure in this capacity are included in the Burial Board Accounts in Part III. of the Local Taxation Returns. They are also the Local Authority in the City of London for the purposes of the Housing of the Working Classes Act, 1890, in which latter respect their functions in the City of London were the same as those which were exercised during the year by the London County Council and the Vestries and District Boards formed under the Metropolis Management Acts in the remainder of the Metropolis.

Receipts other than from loans.

The receipts of the Commissioners (excluding loans) during the year ended the 29th September 1891 amounted to 522,955*l.*

The receipts comprised the following items:—

† These payments are shown separately because the amounts are also included in the accounts of the authorities to whom the payments were made, and the fees under the Infectious Disease (Notification) Act have appeared as expenditure in the Poor Rate Return.

The total outstanding loans of the Commissioners at the end of the year (comprising 1,270,257*l.* advanced by the Bank of England, 394,500*l.* by the Corporation of London,* and 111,250*l.* by an Insurance Society) amounted to 1,776,007*l.*, of which 1,534,507*l.* was raised for Street Improvements, and 241,500*l.* for Artizans' Dwellings.

Assessable value. The assessable value of the City of London, according to the Valuation Lists in force on the 6th April 1891, was 4,100,799*l.* The total amount of the rates received by the Commissioners during the year, namely, 444,095*l.*, was equivalent to 2*s.* 2*d.* in the £. on the above assessable value, including 1*s.* 1·1*d.* in the £. in respect of the contribution † to the London School Board. In the previous year the total rates received represented a rate of 2*s.* 3·1*d.* in the £., including 7·4*d.* in the £. in respect of the contribution to the School Board.

Comparative Tables. The following Tables enable comparison to be made between the receipts, expenditure and loan transactions of the Commissioners in the year ended the 29th September 1891, and in the four preceding years:—

19.—ACCOUNTS OF THE LONDON COUNTY COUNCIL. §

Financial transactions of the London County Council.

THE Receipts and Expenditure shown in these Accounts relate to the transactions of the London County Council not only in connection with the general duties imposed upon them as a County Council by the Local Government Act, 1888, but also in connection with the special powers devolving upon them as successors to the Metropolitan Board of Works. The accounts relate to the year ended the 31st March 1892. The accounts of the London County Council are arranged under separate heads according as they relate to receipts which are in the nature of either annual income or capital, and to payments which are in the nature of either annual or capital expenditure. They show the sums received and expended by the Council under the Local Government Act, and they also include on the one hand, (1) the amounts of the contributions made by the Council as successors to the Metropolitan Board of Works to local improvements carried out by the Metropolitan Vestries and District Boards and the Commissioners of Sewers of the City of London, which amounts appear as receipts in the accounts of the authorities to whom they are paid, and (2) the amounts of the loans advanced by the Council to the various Local Authorities of the Metropolis, which amounts appear as loans raised during the

* Including 100,000*l.* raised to replace temporary loans.
† Excluding repayment of loans renewed.
‡ The amounts shown as outstanding include sums of 440,500*l.* in 1887, 429,000*l.* in 1888, 417,500*l.* in 1889, 406,000*l.* in 1890, and 394,500*l.* in 1891, owing to the Corporation of the City of London on the 29th September in each year.
§ See pages 19 to 27.

the year in the accounts of the several borrowing Authorities. On the other hand, they include (1) the amounts raised by rates and obtained by the Council from the Overseers of the several parishes in the county which have already appeared in the Poor Rate Return, and (2) the amounts of principal and interest paid to the Council in respect of loans advanced by them to other local authorities which appear as expenditure in the accounts of the local authorities by whom they are paid. The rates received by the Council considerably exceed in amount the rates formerly received by the Metropolitan Board of Works, partly in consequence of the additional duties which devolve on the Council as successors to the former County Authorities, and their new duties under the Local Government Act, 1888, and partly in consequence of the abolition of the Coal and Wine Duties, which were prior to 1889-90 devoted to the relief of rates.

It would also appear, from the statements furnished by the Council, that disbursements upon the above purposes have been made in anticipation of the next issue of Metropolitan Stock, amounting in the aggregate to 543,354*l.*

Rate in the £.

The total amount of Rates received by the Council during the year, namely 1,583,170*l.*, spread over the total rateable value of the Metropolis according to the Poor Rate Valuation (33,070,830*l.*), represents an average rate of 11·5*d.* in the £., as compared with an average rate of 1*s.* 1·1*d.* in the £. in the previous year. If however the rates for General County Purposes are separated from those for Special County Purposes, which are not levied in the City of London, the General and Special County Rates would represent an average rate of 11·8*d.* in the £. in the Metropolis, excluding the City, in 1891–92 and an average rate of 1*s.* 1·3*d.* in the previous year, whilst the General County Rate levied in the City would represent an average rate of 9·5*d.* in the £. in 1891–92 and an average rate of 11·2*d.* in the £. in the previous year.

Comparative Tables.

The following Tables enable comparison to be made between the Receipts, Expenditure, and Loan Transactions of the London County Council in the years 1889–90, 1890–91, and 1891–92, and those of the Metropolitan Board of Works in the two preceding Years. It must, however, be remembered in contrasting the figures for 1889–90, 1890–91, and 1891–92 with those for the two preceding years that owing to the operation of the provisions of the Local Government Act, 1888, the financial transactions of the London County Council largely exceed those of the late Metropolitan Board of Works. On comparing the figures for 1891-92 with those for the previous year, it will be seen that the sums received by the Council from the Local Taxation Licences and Probate Duty Grant were less by about 115,000*l.* than in the previous year; but in the latter year the amount so received included a large balance in respect of the year 1889–90. There was also a decrease of 135,781*l.* in the rates received in 1891–92 as compared with 1890–91. On the other hand there was an increase of 167,456*l.* in the amounts transferred from the Exchequer Contribution Account to other accounts of the County Council, and a considerable increase in the receipts of the nature of capital due to the fact that the Charity Commissioners contributed sums amounting to 144,500*l.* during the year 1891-92 towards the cost of various Parks and Open Spaces, and the Postmaster-General paid 10,000*l.* for the Coldbath Fields Prison Site. The payments made by the Council out of the Exchequer Contribution Account to Boards of Guardians in respect of the Maintenance of Pauper Lunatics, and out of the General Account in respect of In-door Paupers were 130,266*l.* and 79,688*l.* less than in 1890–91, but in that year a large balance on the former account for 1889–90 was paid, and the sum paid for In-door Paupers Maintenance was for five quarters.

Miscellaneous Charges, including Extraordinary Expenses in the pursuit, apprehension, and conveyance of Prisoners, &c., and for Extra Duties of Police	49,277

Loans and Sinking Fund.

The Receiver for the Metropolitan Police District did not raise any loans during the year. The expenditure out of loans during the year was for the purpose of providing a Central Office, Police Stations, &c., and amounted to 42,485 *l.* The outstanding loans at the end of the year amounted to 442,000 *l.* A sum of 7,616 *l.* was paid during the year into a Sinking Fund created for the repayment of loans. The amount remaining in the Fund at the end of the year was 11,045 *l.*

Police Pension Fund.

An Abstract of the receipts and expenditure of the Police Pension Fund, established under the provisions of the Police Act, 1890, is given on page 32. The gross receipts of the Fund amounted during the year to 214,561 *l.*, including 150,000 *l.* out of the proceeds

* See pages 29 to 32.

† £. 166,889 of this amount was received from Imperial Funds for the protection of Admiralty Yards, Hospitals, Military Stations, Government Offices, &c.

21.—ACCOUNTS OF THE CORPORATION OF LONDON.§

Coal and Wine Duties ‖

THE power of the Corporation of London to levy the duties of 9*d.* and 4*d.* per ton which they were formerly empowered to collect on all coals coming into the Metropolitan Police District, and a wine duty of 4*s.* per tun on all wine imported by way of merchandise into the Port of London, had ceased before the commencement of the year to which these Accounts relate, viz., that ended on the 31st December 1891; but during that year 28*l.* were received and 2,108*l.* were expended in respect of the duty of 4*d.* per ton. The expenditure included 1,415*l.* drawback allowed on duty.

Receipts from Grain Duties.‖

The Corporation were empowered by the Metage on Grain (Port of London) Act, 1872 (35 & 36 Vict. cap. c.), to levy a grain duty of 3-16ths of a penny per hundredweight in respect of all grain brought into the Port of London, which duty is, subject to the provisions of that Act, to be held by the Corporation for the preservation of open spaces in the neighbourhood of London, not within the Metropolis, as defined by the Metropolis Management Act, 1855. The amount of this duty raised by the Corporation during the year ended the 31st of December 1891, was 15,864*l.* which, with 72*l.* from rents, and 2*l.* from licences, &c., made a total receipt of 15,938*l.*, applicable to the purposes for which this duty is authorised to be raised. The expenditure for these purposes amounted to 13,382*l.*, comprising 8,015*l.* for interest on borrowed money, 4,648*l.* for salaries, pensions, and establishment charges, and 719*l.* (including 155*l.* paid to the City Police Account) for open spaces. A sum of 3,600*l.* was also transferred to the Epping Forest Fund Income Account.

Rates.**

The only rates made by the Corporation are the Police and Ward Rates, which are made under the City of London Police Act, 1839 (2 & 3 Vict. c. xciv.). The Police Rates are applicable to the payment of three-fourths of the expenses of the City Police, the remaining fourth of which expenses is, under Section 57 of the above Act, payable by the Corporation "out of their revenues and possessions." The amount of the Police Rates received by the Corporation during the year ended the 31st of December 1891, was 88,977*l.* Other receipts on their Police Account consisted of 27,179*l.* from the City's Estate in respect of one-fourth of the expenses of the Police; 8,313*l.* reimbursements

* Excluding 188,000*l.* raised to repay a temporary loan received and expended in the previous year. The expenditure out of loans included 10,424*l.* expended in anticipation of a further loan.
† Including 1,151*l.* premium on issue of stock, and excluding 100,000*l.* to replace previous loans.
‡ Including 23,048*l.* in 1888-89, and 27,585*l.* in 1889–90, expended in anticipation of further loans.
§ See pages 33 to 46.

** For the Accounts of the Corporation relating to these rates, see pages 36 and 37.

ments for services of Constables employed in private watching; 765*l.* reimbursements from the Bridge House Estates for watching London, Blackfriars, and Southwark Bridges; 2,520*l.* from other accounts of the Corporation for special services in Markets, Court-houses, &c.; 509*l.* from fines and penalties; and 549*l.* other receipts, making together with the Police Rates a total of 128,812*l.* Their expenditure on this account amounted to 124,633*l.**, which includes 15,711*l.* paid into the Police Superannuation Fund. A sum of 2,928*l.* was also charged in the City's Estate Account as expended in connection with Police.

The Ward Rates received by the Corporation during the year amounted to 6,152*l.* The expenditure out of Ward Rates was 5,895*l.*

Bridge House Estates.†

Of the Estates of the Corporation, the Bridge House Estates, prior to the passing of the Blackfriars Bridge Act, 1863 (26 Vict. c. lxii.), were held by the Corporation "in trust for the maintenance and support of London Bridge." By that Act, and the Blackfriars and Southwark Bridges Act, 1867 (30 Vict. c. iii.), the Corporation were empowered to borrow 650,000*l.* on the credit of these Estates, for the purpose of re-building Blackfriars Bridge and purchasing Southwark Bridge from the Southwark Bridge Company, and the expenses of lighting, watching, and maintaining the two last-mentioned Bridges were made a charge on these Estates. The Corporation are further empowered by the Corporation of London (Tower Bridge) Act, 1885, to borrow to the extent of 750,000*l.* on the credit of the Bridge House Estates for the purposes of the Tower Bridge, which they are authorised to erect by that Statute. The receipts of the Corporation from the Bridge House Estates during the year ended the 31st of December 1891 amounted to 96,424*l.* Their expenditure out of these Estates during the year amounted to 77,092*l.*‡

Other Receipts.

The other receipts and expenditure of the Corporation during the year ended 31st December 1891, including sums contributed to the Police Account, but excluding sums received and expended in respect of loans, and sums received and paid by the Corporation in respect of advances to the Commissioners of Sewers, and so much of the receipts and expenditure of the Corporation as Port Sanitary Authority for the Port of London as is included in the Port Sanitary Accounts§, are shown in the Abstract of the other accounts of the Corporation, which is given at pages 40 to 45 of the Return. * The expenditure of the Corporation as Port Sanitary Authority is excluded from this table, as it has already appeared in Part III. of the Local Taxation Returns in the expenditure of Port Sanitary Authorities. The sums entered against the head of "Police" include expenditure reimbursed to the Police Account by other Accounts. The amounts so reimbursed during the year 1891 have been ascertained, and are not included again as expenditure under other heads.

21a.—PAUPER LUNATIC ASYLUM ACCOUNTS.

Asylums belonging to the County of London and City of London.

The Abstracts of the Accounts of the Visiting Committees of Pauper Lunatic Asylums, except those belonging to the County of London and the City of London, have already been published in Part II. of the Local Taxation Returns for the Year 1891–92, and the circumstances under which it was practicable, for the first time, for the year 1889–90, to publish in these Returns a complete statement of these Accounts, and under which it has been determined that the Abstract of such Accounts, so far as relates to the Asylums belonging to the County of London and the City of London, should be published in Part IV., have been explained in the preliminary Memorandum to Part II.*

The Abstract in this Part relates to the Accounts of the Visiting Committees of the four Asylums belonging to the London County Council, and the Common Fund relating thereto, and to the Asylum belonging to the City of London. The Abstract is divided into three parts, showing (I.) the sums received and expended in respect of the Maintenance Accounts, including the actual sums received and expended in connection with the farms and gardens of the Asylums; (II.), the sums received and expended in respect of the Building and Repairs Fund Accounts; and (III.), the Farming and Gardening Accounts, giving full particulars of the sums actually received and expended (which have already appeared as a total in the Maintenance Accounts), and also the estimated value of the goods or produce supplied from the farms and gardens to the Asylums.

Receipts

It appears that the total receipts of the Visiting Committees of the Asylums belonging to the County of London and the City of London during the year ended the 31st March 1892 (excluding loans), amounted to 289,994*l.*, and comprised the following items:—

† Including 420*l.* from sales of farm and garden produce.

‡ These sums have already been included in the receipts of the authorities from whom they were received, and must be deducted from the total receipts of the Visiting Committees to avoid a duplicate reckoning.

Expenditure.

The Expenditure of the Visiting Committees, in so far as it was not defrayed out of loans, amounted to 287,365*l.* during the year, and comprised the following items:—

	£.
Maintenance Accounts:	
Salaries, Wages, and Clothing of Officers and Attendants	65,216
Provisions, Malt Liquor, Wine, and Spirits	69,477
Farm and Garden Expenses	14,312
Clothing of Patients, Fuel, Lighting, Washing, Furniture, Bedding, and other necessaries, and Funeral Expenses	41,407
Surgery and Dispensary	1,398
Payments to Treasurers of other Asylums for Maintenance	67,233
Other Payments	6,728
Total of Maintenance Accounts	£. *265,771
Building and Repairs Fund Accounts:	
Repairs, Additions, Alterations, and Improvements	21,205
Rates and Taxes, Insurance, and Rent	389
Total of Building and Repairs Fund Accounts	£. 21,594
Total Expenditure	£. *287,365

A sum of 683*l.* appears to have been received and expended by the Visiting Committee of the Lunatic Asylums belonging to the County of London during the year out of monies raised by loans by the County Council. The London County Council had further expenditure out of loans in respect of Lunatic Asylums during the year, but as the sum so expended did not pass through the accounts of the Visiting Committee, it is shown only in the accounts of the Council. The amount of loans outstanding in respect of the asylums belonging to the Council and Corporation will be seen on reference to pages 27 and 46.

Items in Farming and Gardening Accounts.

As the cash receipts of the Farming and Gardening Accounts have been included in the Maintenance Accounts, it is not necessary, in order to arrive at the total receipts and expenditure of the Visiting Committees, to include the items shown by the former accounts. It may, however, be mentioned that the total receipts shown by these accounts, namely, 16,471*l.*, include 420*l.* received from the sale of farm and garden produce, and 16,051*l.*, the estimated value of the produce supplied to the asylums. The total expenditure included in the accounts is 14,311*l.*, which comprises 18*l.* for rates, insurance, taxes, &c.; 13,865*l.* for labour, provender, seeds and manure, and stock bought, and 428*l.* other payments.

* The sums paid by guardians of unions and parishes, and by the treasurers of counties, the City, and boroughs, for maintenance of patients, amounting to 242,390*l.*, must be deducted from the total expenditure of the Visiting Committees to avoid a duplicate reckoning.

MEMORANDUM.

Contents of Return.

PART V. of the Local Taxation Returns for the financial year 1891-92 contains Abstracts of the Accounts of Commissioners of Sewers; Drainage, Embankment, and Conservancy Boards; Salmon and Freshwater Fishery Conservancy Boards; Sea Fisheries Committees; Churchwardens (Church Rate Accounts); and Harbour, Pier, and Dock Authorities; and a Summary of School Board Accounts.

No. 22.—ACCOUNTS OF COMMISSIONERS OF SEWERS.*

Functions of Commissioners of Sewers.

These Accounts comprise the receipts and expenditure of 49† Commissions of Sewers which were in existence during the year, and which had been granted under the provisions of the 23 Henry VIII., c. 5, or Part I. of the Land Drainage Act, 1861 (24 & 25 Vict. c. 133). Commissions of Sewers may be granted under the latter Act for all parts of England, inland as well as maritime, and the Commissioners, acting under such Commissions, are empowered to make, maintain, and improve watercourses or outfalls for water, and walls or other defences against water, and to erect any machinery, or do any other act for the drainage, necessary supply of water for cattle, warping or irrigation of the area comprised within the limits of their jurisdiction.

Receipts other than from Loans.

The receipts (excluding Loans) of the Commissioners of Sewers amounted during the year to 52,810*l.*, and comprised the following items:—

	£.
Rates or Taxes under Statutory Authority	25,085

* See pages 1 to 5.

† In addition to these, one body of Commissioners was in existence which had no financial transactions during the year.

‡ These receipts and payments are shown separately, because the amounts are also included in the Accounts of the Authorities from whom, or to whom, they were received or paid, respectively.

Loans.

The Commissioners raised loans during the year to the amount of 33*l.*, and expended out of loans, 720*l.*, and in anticipation of a Loan, 2,100*l.* Their outstanding loans at the end of the year amounted to 79,134*l.*

No. 23.—ACCOUNTS OF DRAINAGE, EMBANKMENT, AND CONSERVANCY BOARDS.*

Functions of Drainage, Embankment, and Conservancy Boards.

Under Part II. of the Land Drainage Act, 1861, elective Drainage Districts may be constituted subject to the jurisdiction of Drainage Boards, who, within such districts, may exercise all powers exercisable by Commissioners of Sewers. In addition to these, many Boards have been constituted under Local Acts, with special powers for the purposes of land drainage, river embankment, navigation and conservancy, and sea defences. In one instance the Local Authority acts under an indenture by which the whole of the lands in the district were conveyed to them in 1808 by the owners of the lands, on numerous trusts for the drainage of the lands, and subject thereto upon trust for the owners respectively. In another case the Commissioners are empowered to construct works for the purpose of supplying water to Local Authorities and private individuals, and to levy Rates and borrow money on the security of such Rates. Returns † have been received for the year from 229 districts subject to the jurisdiction of Boards coming under one or other of the above descriptions, the number of districts from which Returns were received during the preceding year having been 228.

Receipts other than from Loans.

The receipts of these Boards, exclusive of loans, amounted during the year to 394,488*l.*, comprising the following items:—

	£.
Rates or Taxes under Statutory Authority - - - -	188,253
Rates under Charter, by usage or by custom - - - -	252

The

* See pages 7 to 21.

† Of these Returns three show neither receipts nor expenditure. The year ended, except as regards nine districts, on the 25th March 1892.

‡ Including 2,248*l.* from Fees, Fines, and Penalties, 16,665 *l.* from Water Companies for water taken from the River Thames, and 7,505*l.* from other sources.

§ These receipts are shown separately, because the amounts are also included in the accounts of the Authorities from whom they were received.

Expenditure not defrayed out of Loans.

The expenditure of these Boards, not defrayed out of loans, amounted during the year to 399,715*l.* The following items were comprised in this amount:—

	£.
Maintaining and improving existing Works, and making new Works	128,215
Loans:	
Principal repaid	83,466
Interest	97,921
Sinking Funds	5,177

Legal and Parliamentary Expenses	6,056
Other Payments (exclusive of payments to other Local Authorities)	15,479
	389,617
Payments to other Local Authorities *	10,098
TOTAL £.	399,715

Loans.

The loans raised during the year amounted to 9,630*l.*; the expenditure out of loans to 13,521*l.*; and the outstanding loans at the end of the year to 2,388,047*l.*

Sinking Funds.

The sums provided for the repayment of so much of this debt as was redeemable by means of sinking funds, amounted at the end of the year to 10,929*l.* The amount taken out of these funds during the year, and applied to the repayment of principal was 850*l.*

Comparative Tables.

The following tables enable comparison to be made between the receipts, expenditure and loan transactions of these Boards in 1891–92 and in the four preceding years; but it should be pointed out that Returns were received in 1891–92 from 7 more Authorities, in 1890–91 from 6 more Authorities, in 1889-90 from 4 more Authorities, in 1888–89 from 1 more Authority than in 1887–88.

‡ The increase in the year 1887–88 in the amount shown as outstanding in respect of loans, is chiefly attributable to the fact that the accounts of the South Staffordshire Mines Drainage Commissioners, who in that year owed 446,919 *l.*, were then for the first time included in the Returns. The amount shown as outstanding at the end of 1890–91 comprises the debt of the Severn Commissioners, who were for the first time included in the Returns for 1890–91.

No. 24.—ACCOUNTS OF SALMON AND FRESHWATER FISHERY CONSERVANCY BOARDS.*

Number of Fishery Districts.

Boards of Conservators for 51 Fishery Districts formed under the provisions of the Salmon and Freshwater Fisheries Acts, 1861 to 1886, were in existence during the year 1891. It appears from an Abstract of their Accounts published in the Thirty-first Annual Reports of the Inspectors of Fisheries for England and Wales,† that in six districts the Conservators had no financial transactions during the year ended the 31st December 1891.‡ In the 45 other districts the receipts of the Conservators amounted during the year to 13,601*l.*, which sum was made up of the following items:—

Receipts.

	£.
Sale of Licences	12,439
Endorsements on Licences	44
Penalties on Convictions	287
Voluntary Subscriptions, including Contributions from Fishery Associations	739
Interest on Stock and Bank Deposits, or Rents	60
Other Receipts	32
TOTAL £.	13,601

Expenditure.

The expenditure of the Boards during the same period amounted to 13,118*l.*, and consisted of the following items:—

	£.
Salaries for Management	1,283
Wages of Superintendents and Water Bailiffs	8,702
Travelling Expenses	438
Commission on Sale of Licences	449
Cost of Prosecutions and general Law Expenses	454
Rewards on Convictions	8
Costs of Elections	58
Construction of Fish-passes, and other Works	207
Stationery, Printing, Postage, and Advertisements	619
Loans:	
Principal repaid	20
Interest	4
Other Payments	876
TOTAL £.	13,118

Loans.

By Section 28 of the Act of 1865 these Boards are empowered to raise money on the mortgage of the licence duties which they are authorised to impose. The Exe Fishery Conservancy Board, whose mortgage debt amounted at the end of the year to 80*l.*, is, however, the only one of these Authorities which has an outstanding loan.

No. 24a.—ACCOUNTS OF SEA FISHERIES COMMITTEES.*

Constitution of Local Fisheries Committees.

Under the Sea Fisheries Regulation Act, 1888 (51 & 52 Vict. c. 54), as amended by the Fisheries Act, 1891 (54 & 55 Vict. c. 37), the Board of Trade are empowered to create Sea Fisheries Districts, to define the limits of the districts and the areas chargeable with any expenses under the Act, and to provide for the constitution of Local Fisheries Committees for the regulation of the Sea Fisheries carried on within the district. These Committees are to be Committees of County or Borough Councils, or joint Committees of those Councils, with the addition in each case of such members representing the fishing interests of the district, including members representing any Board of Salmon Conservators having jurisdiction within the district, as may be directed by the Order creating the district. The law relating to Committees of County Councils applies to the local Fisheries Committee as if the powers and duties of that Committee were powers and duties transferred by the Local Government Act, 1888, to the Councils, and delegated to the Committee, and as if any Borough Council represented on the Committee were a County Council. The expenses of a Fisheries Committee, so far as payable by a County Council, are to be, according as is provided by the Order constituting the Committee, general or special expenses within the meaning of the Local Government Act, 1888, and, so far as payable by the Council of a Borough, are to be paid out of the Borough Rate or Borough Fund. The Board of Trade may also confer upon Boards of Salmon Conservators and Harbour Authorities the powers of a local Fisheries Committee.

Up to the close of the year ended the 31st March 1892, seven fisheries districts had been formed, namely, the Cornwall, Glamorgan, Kent and Essex, Lancashire, North Eastern, Northumberland, and Western Districts. An abstract of the Accounts of five of these Committees will be found on pages 30 and 31. As regards the other two Districts, namely, Cornwall and Northumberland, as the expenses are payable wholly by the Councils of these Counties respectively, their receipts and expenditure in connection with Sea Fisheries are not entered in this Return, but are included in their General Accounts as County Councils in Part II. of the Local Taxation Returns.

Receipts.

The total Receipts of the Committees for the year amounted to 4,435*l.*, which sum comprised 4,434*l.* from the contributory authorities, and 1*l.* from fines.

Expenditure.

The total expenditure of the Committees during the year amounted to 4,349 *l.*, and comprised the following items :—

	£.
Cost of Prosecutions and General Law Expenses	278
Salaries, Remunerations, &c.	1,288
Establishment charges	168

No. 25.—CHURCH RATE ACCOUNTS. ‡

Church rates.

By the Compulsory Church Rate Abolition Act, 1868 (31 & 32 Vict. c. 109), compulsory church rates were abolished, except in cases where, at the time of the passing of the Act, money had been borrowed and remained due on the security of the church rate, or where the rate was applicable to purposes other than "ecclesiastical purposes," as defined by the Act, or had been originally authorised by special legislation to be levied in consideration of the abolition of tithes or for other valuable consideration. There was only one parish, viz., St. Marylebone, London, in which church rates continued to be levied during the year ended at Lady-Day 1892. In this parish church rates to the amount of 5,999*l.* were raised by the vestry under powers conferred by two Local

Local Acts (51 Geo. III., c. cli, and 1 & 2 Geo. IV., c. xxi). In another parish, viz., St. Nicholas, Harwich, which owes 1,300*l.* in respect of the principal of loans raised on the security of the church rate prior to the passing of the Act of 1868, no church rates were raised during the year, the sum paid as interest on the outstanding loan having been received from other sources. The receipts in aid of church rates amounted to 1*l.*, making the total sum received 6,000*l.* The total expenditure amounted to 5,692*l.*, of which 1,500*l.* was paid in respect of principal, and 212*l.* in respect of interest on the moneys borrowed on the security of the church rates. The outstanding loans raised on the security of church rates amounted at the end of the year to 4,600*l.*

No. 26.—ACCOUNTS OF HARBOUR, PIER, AND DOCK AUTHORITIES.*

Number of harbour, pier, and dock authorities.

These Accounts relate to the receipts, expenditure, and loan transactions of 87† Harbour, Pier, and Dock Authorities who have been constituted by Local Acts or by Provisional Orders issued under the General Pier and Harbour Act, 1861 (24 & 25 Vict. c. 45), and who are not companies or private owners. There are, however, many cases in which Town Councils and Local Boards have constructed or purchased Piers and Quays as part of their ordinary undertakings, in connection with town or street improvements, and in these cases the receipts and expenditure in respect of these Piers and Quays are included in the accounts of the Town Councils and the other Urban Sanitary Authorities concerned. The most important of the Authorities to which this Return relates are the Mersey Docks and Harbour Board,‡ whose Accounts contain considerably more than half of the receipts and expenditure included in the Return, and the Tyne River Commissioners. The aggregate receipts of the 87 Authorities, exclusive of loans, amounted during the year to 2,823,291*l.*, comprising the following items :—

‡ The receipts of this Authority, excluding Loans, amounted during the year to 1,615,645*l.*, and the expenditure, so far as it was not defrayed out of Loans, to 1,419,847*l.*

§ The rates entered under this heading are, in the great majority of cases, rates levied on shipping, merchandise, &c., but in a few cases, where town councils are the owners of the harbour or dock undertakings, they have powers of levying rates in their districts for the purpose of meeting expenditure in connection with the undertakings, and the Returns show that, in some cases, those powers were exercised during the year; the rates so raised amounted to 63,000*l.*

‖ These receipts are shown separately, because the amounts are also included in the accounts of the Authorities from whom they were received.

Expenditure not defrayed out of Loans.

The expenditure of these Authorities, excluding so much of it as was defrayed out of loans, amounted during the year to 2,610,832*l.* It consisted of the following items:—

	£.
Making, maintaining, and repairing Works	606,200
Purchase of Land	38
Life Boats and Life Saving Apparatus	2,931

Loans and Sinking Funds.

During the year these Authorities raised, by means of loans, 326,057*l.*, and their expenditure out of loans was 502,326*l.* Their outstanding loans amounted, at the end of the year, to 31,161,014*l.* The amount remaining in the sinking funds provided to meet these loans, so far as they were redeemable by means of sinking funds, is stated to have been 77,718*l.*, and the amount taken out of the funds during the year and applied to the repayment of principal, was 16,958*l.* In addition to the sinking funds, it may be mentioned that the Conservators of the River Thames had invested a sum of 68,245*l.*, in respect of the Lower Navigation. Of the total outstanding loans, 17,129,630*l.* was owing by the Mersey Docks and Harbour Board, and 9,410,884*l.* by the Harbour and Dock Authorities of Bristol, Sunderland, Swansea, and the Tyne.

Comparative Tables.

The following Tables enable a comparison to be made between the receipts, expenditure, and loan transactions of these Authorities in 1891–92, and the four preceding years:—

No. 27.—SCHOOL BOARD ACCOUNTS.*

Summary of Financial transactions of School Boards.

THE receipts and expenditure of School Boards for the year ended the 29th September 1891 have been already given in detail in the Report of the Committee of Council on Education, for the year 1891–92.† It has, therefore, been considered sufficient to include in this Return only a summary of these receipts and expenditure. It will be seen, on reference to this summary, that the receipts of School Boards‡ (excluding loans) amounted during the year to 5,536,475 *l.*, which sum consisted of the following items:—

† See the Appendices to the Reports of the Education Department (Parliamentary Papers [c. 6746–I. and c. 7089–I.], Sessions 1892 and 1893). The figures do not, however, quite agree, as the sum of 20*l.* 18*s.* 3*d.* was omitted from the expenditure of one School Board, and 19,702*l.* from the outstanding loans of four School Boards in those Appendices, and the figures have been amended in this respect in the present Summary.

‡ There were 2,301 School Boards in England and Wales on the 29th September 1891, but of these 20 had neither received nor paid money during the year.

§ These amounts also appear as receipts and expenditure in the Poor Rate Return, and in the accounts of the Municipal Authorities, the Metropolitan Vestries and District Boards, and the Commissioners of Sewers of the City of London.

‖ Including 3,628*l.* from sales of schools, and 479*l.* from sale of land.

¶ These receipts are shown separately because the amounts are also included in the accounts of the Authorities from whom they were received.

Expenditure not defrayed out of Loans.

The expenditure of School Boards during the year, excluding Capital Charges, amounted to 5,487,643 *l.*, and consisted of the following items:—

	£.	£.
Expenses of Administration:

		5,484,270
Payments to other Local Authorities *		3,373
TOTAL	£.	5,487,643

Loans.

The receipts from loans during the year amounted to 1,100,081*l.*, and the expenditure on account of Capital Charges, to 1,066,634*l.*,† which comprised 1,027,254*l.* for Purchase of Land, and Erection, Enlargement, or Alteration of School Buildings, and 39,380*l.* for Furnishing School Buildings. The outstanding loans at the end of the year amounted to 19,158,555*l.*

Rate in the £.

As the Rates required by School Boards are raised as part of the General Rates levied by the Vestries and District Boards, and the Commissioners of Sewers of the City of London in the Metropolis, and as part of the Borough Rate or Poor Rate in the Provinces, the exact rate in the £. of the School Board Rates levied cannot be given. The Committee of Council on Education, however, in their Annual Reports publish Tables in which they give the average rate per £. on the rateable value of the Districts. It appears from these Tables that the average rate in the £. of the rates raised for School Board purposes was, for 1890–91, in London, 11*d.*; in English Boroughs, 7*d.*; in English Parishes, 6·8*d.*; in Welsh Boroughs, 7·5*d.*; and in Welsh Parishes, 7·8*d.*, as compared with 9·9*d.*, 6·5*d.*, 6·8*d.*, 6·4*d.*, and 8*d.* in the previous year.

Contents of Return

PART VI. of the Local Taxation Returns for the financial year 1891-92 contains Abstracts of the Accounts of Highway Authorities in Rural Districts, and of Turnpike Trustees.

The Accounts of the Commissioners of Highways of the Isle of Wight, and the County Roads Boards in South Wales were, prior to the year 1889-90, included with the Accounts of Turnpike Trustees, as these Commissioners and Boards were empowered to collect Tolls, as well as levy Rates. Under the provisions of the Local Government Act, 1888, the powers of the Commissioners to demand Tolls ceased, and the Highways and Locomotives (Amendment) Act, 1878, was applied to the Isle of Wight, and the Accounts of the Commissioners are, therefore, now included with the Accounts of other Highway Boards. Under the Local Government Act also, the County Roads Boards in South Wales ceased to exist, the Highways and Locomotives (Amendment) Act was applied to every county in South Wales, and the property, debts, and liabilities of the Boards were transferred to the County Councils.

No. 28.—ACCOUNTS OF HIGHWAY AUTHORITIES IN RURAL DISTRICTS.*

Highway Authorities in Rural Districts.

IN such parts of England and Wales as are not included in the Metropolis, or in any Urban Sanitary District, the duty of repairing the highways, other than main roads, the repairs of which were undertaken by the County Councils, devolved during the year ended the 25th day of March 1892 in separate highway parishes on the Surveyor of Highways, and in highway districts on the Highway Board, except in cases where the powers of the Highway Board were exercisable by the Rural Sanitary Authority, in pursuance of an order of the County Authority under Section 4 of the Highways and Locomotives (Amendment) Act, 1878 (41 & 42 Vict. c. 77), and in the Isle of Wight, where the Highway Commissioners acted as a Highway Board. During the year in question there were in England and Wales 360† highway districts, comprising 6,953 highway parishes, under the management of Highway Boards, 41‡ districts, comprising 746 highway parishes, in which Rural Sanitary Authorities exercised the powers of Highway Boards, and 6,508 separate highway parishes for which Surveyors of Highways had been appointed.

Number of Highway Boards and separate highway parishes.

The Abstracts of the Accounts of these Highway Authorities will be found at pages 2 to 57. They are divided into three Parts, of which Part I. relates to highway districts under Highway Boards in England and Wales; Part II. to highway districts in England in which the Rural Sanitary Authorities exercise the powers of Highway Boards; and Part III. to separate highway parishes in England and North Wales not included in any highway district.

Receipts other than from Loans.

The receipts of these Highway Authorities (excluding Loans) amounted during the year to 1,780,920 *l.*

The

* See pages 2 to 57.

† In this number the Districts of the Isle of Wight Highway Commissioners and the Isles of Scilly are included.

‡ Including one District formed into a Local Government District during the year.

The sources from which this sum was received, and the amount received by each class of Highway Authority, were as follows:—

A large proportion of the Highway Rates is raised as part of the Poor Rate, and appears in the Poor Rate Return. See Part I. of the Local Taxation Returns.

It must be borne in mind, with regard to the receipts and expenditure of the Highway Authorities shown in this Return, that the Local Government Act, 1888, which came into operation on the 1st April 1889, imposed upon County Councils the duty of wholly maintaining and repairing all the main roads in the county, whereas, prior to the passing of the Act, they were only required to contribute one-half of such expenditure, the Highway Authorities receiving another quarter of the expenditure out of monies voted by Parliament. The County Councils in some districts now undertake the repair of the main roads themselves, and in other cases enter into contracts or agreements with the Highway Authorities to undertake such repairs. Where the County Councils have themselves undertaken the repairs of the main roads, the expenditure has altogether disappeared from the Accounts of the Highway Authorities, and the mileage of the roads so repaired has increased yearly since 1890. Where these Authorities have agreed or contracted to do the repairs, the sums received and expended for such repairs are included in their Accounts. In these cases, as the amounts have been already shown in the Accounts of the County Councils (see Part II. of the Local Taxation Returns), they will be deducted in the Summary in Part VII. of the Returns from the total receipts and expenditure of the Highway Authorities in order to avoid a duplicate reckoning.

The

* These receipts are shown separately, because the amounts are also included in the accounts of the Authorities from whom they were received.

† Including 344,214 *l.* for main roads under Section 11 (4) of the Local Government Act, 1888, and 48,238 *l.* for highways or footpaths not being main roads, under Section 11 (10) of that Act.

‡ In addition to these receipts, a sum of 3,996 *l.* was received by Waywardens in excess of their contributions to Highway Boards.

The expenditure of the Highway Authorities, excluding that defrayed out of Loans, amounted during the year to 1,833,528 *l.* The items of expenditure and the amount spent by each class of Highway Authority were as follows:— Expenditure not defrayed out of Loans

The only loans raised by Highway Authorities during the year amounted to 13,849 *l.*, of which 5,274 *l.* was borrowed by Highway Boards in England, 1,800 *l.* by Highway Boards in Wales, and 6,775 *l.* by Rural Sanitary Authorities acting as Highway Authorities. The expenditure out of loans was 7,362 *l.* The total outstanding balance of loans at the end of the year was 30,220 *l.*, of which 28,235 *l.* was owing by Highway Boards in England and Wales,¶ 1,635 *l.* by Rural Sanitary Authorities acting as Highway Authorities, and 350 *l.* by Separate Highway Parishes, which became liable for the repayment on the dissolution of Highway Boards (*see* Notes (*a*) and (*b*), page 40). Loans.

A sum of 392 *l.* remained at the end of the year in Sinking Funds which had been provided by certain Highway Boards for the repayment of loans. Sinking funds.

The total rateable value of the Highway Districts and Separate Highway Parishes was 53,274,669 *l.* The total amount of Highway Rates raised during the year, namely, 1,353,331 *l.*, would be equivalent to a charge of 6·1 *d.* in the £. on this rateable value. The Highway Rates raised during the previous year were equal to a charge of 6·0 *d.* in the £. on the rateable value, and in 1889-90 to 6·4 *d.* in the £. In 1888-89 they amounted to 7·1 *d.* in the £. The decrease in subsequent years is no doubt due to the transfer to the County Councils of the whole of the cost of main roads. Rateable value and rates raised.

The aggregate length of the roads under the supervision of Highway Boards and Surveyors of Highways in England and Wales, excluding 13,354 miles of main roads, the repairs of which had been undertaken by the County Councils themselves, was 106,835 miles, comprising 6,973 miles of main roads, and 99,862 ** miles of ordinary highways. Mileage of roads.

* The sum received from County Councils under Section 11 (4) of the Local Government Act, 1888, in respect of expenditure on main roads was 344,214 *l.*

† Excluding 200 *l.* repaid out of a Sinking Fund.

‡ Including 943 *l.* in respect of county bridges or bridge roads. There is also certain expenditure included under "Ordinary Highways" in respect of county bridge roads which cannot be given separately.

§ These payments are shown separately because the amounts are also included in the accounts of the Authorities to whom they were paid.

‖ The Waywardens expended 3,601 *l.* in addition to their contributions to Highway Boards.

¶ Excluding 6,175 *l.* owing by a Rural Sanitary Authority acting as a Highway Authority, whose District, during the year, was formed into a Local Government District.

** 97,769 miles of the ordinary highways were kept metalled and 2,093 miles not kept metalled.

Comparative Tables.

The following Tables enable comparison to be made between the receipts, expenditure, and loan transactions of Highway Authorities in Rural Districts for the year 1891–92, and the four preceding years, but this comparison is affected by the transfer to County Councils of the whole cost of main roads and by the increasing mileage of the main roads repaired by the County Councils themselves, to which reference has been already made. The number of miles of road repairable by the Highway Authorities was 118,017 in 1886–87; 117,860 in 1887–88; 118,023 in 1888–89; 113,517 in 1889–90; 108,751 in 1890–91; and, as stated above, 106,835 in 1891–92.

The number of miles of main roads repaired by the County Councils themselves, not included in the foregoing figures, was 5,088 in 1890; 11,555 in 1891; and 13,354 in 1891–92.

‡ The outstanding balance of Loan was reduced between the end of 1886–87 and 1887–88 and 1890–91 and 1891–92, by 2,144 *l.*, and 6,175 *l.* respectively, in consequence of part of a Highway District and a Highway District being formed into Local Government Districts.

No. 29.—ACCOUNTS OF TURNPIKE TRUSTEES.*

Turnpike trustees.

These Accounts relate to the receipts and expenditure of Turnpike Trustees who have now nearly become extinct, there being only two Turnpike Trusts in existence at the commencement of the year ended Lady-day 1892.†

Receipts.

The Abstract of the receipts and expenditure of the above Authorities will be found at pages 60 and 61. It shows that the total receipts during the year amounted to 973 *l.*, derived from the following sources:—

	£.
Tolls	887
Other Receipts (exclusive of receipts from other Local Authorities)	8
	£. 895
Receipts from other Local Authorities ‡	78
TOTAL	£. 973

Expenditure

The expenditure of the Authorities during the year amounted to 979 *l.*, and comprised the following items:—

	£.
Repairs of Roads	500
Law Charges	32
Tradesmen's Bills	8
Loans:	
Principal Repaid	§ 227
Salaries	84
Other Payments (exclusive of payments to other Local Authorities)	40
	£. 891
Payments to other Local Authorities ‡	88
TOTAL	£. 979

Outstanding Loans

The following statement shows to what extent the outstanding loans of Turnpike Trustees were reduced between Lady-day 1891 and Lady-day 1892:—

	£.	£.
Loans outstanding 25th March 1891		21,835

* See pages 60 and 61.

† This number does not include one District in which the Trust has expired, but in respect of which certain particulars are shown in the Return. It includes the District comprising the part of the Shrewsbury and Holyhead Road, which is now under the charge of the Anglesey County Authority.

‡ These receipts and payments are shown separately, because the amounts are also included in the accounts of the Authorities from whom or to whom they were respectively received or paid.

§ Excluding 1,850*l.* in respect of sums paid by the Counties of Gloucester and Worcester and the Borough of Tewkesbury direct to the mortgagees of the Tewkesbury Severn Bridge tolls in discharge of all claims under their mortgage.

Comparative Tables.

The following Tables enable comparison to be made between the receipts, expenditure, and outstanding loans of Turnpike Trustees in 1891–92, and those in the four preceding years. The reduction shown by these Tables in the receipts and expenditure of Turnpike Trustees is owing to the extinction of Trusts during the years to which they relate, the number of Trusts in existence at the beginning of each of the five years having been 16 in 1887–88; 12 in 1888–89; 6 in 1889–90; 6 in 1890–91; and 2 in 1891–92.

SUMMARY

OF THE

LOCAL TAXATION RETURNS FOR 1891-92.

Local Taxation Returns for 1891-92.

THE following is a Summary of the Twenty-second Annual Local Taxation Returns published and issued under the direction of the Local Government Board. These Returns relate to the Accounts of the various Local Authorities of England and Wales during the financial year 1891–92, which, in the great majority of cases, ended on the 25th of March 1892.

Number of Local Authorities.

The Returns here summarised have already been published in six Parts (Parliamentary Papers, Nos. 312, 312–I., 489, 489-I., 489-II., and 489–III., Session 1893-4). They contain abstracts of the receipts, expenditure, and loan transactions of 648 Boards of Guardians, the Poor Law Authority for the Scilly Islands, and the Overseers of the Poor of 14,697 Parishes, so far as regards the Poor Rate; of 61 County Councils (exclusive of the London County Council); the Council of the Scilly Islands; 4 Joint County Committees; 1 County Asylums Board; the Visiting Committees of 62 County and Borough Lunatic Asylums (exclusive of those belonging to the County and City of London); the Corporations of 297 Municipal Boroughs; 296 Town Councils acting as Urban Sanitary Authorities; the Commissioners of 32 Improvement Act Districts; 690 Local Boards; 36 Joint Boards; 574 Rural Sanitary Authorities, and the Rural Sanitary Authority for the Scilly Islands; 56 Port Sanitary Authorities; 1,001 Burial Boards; 25 Boards of Commissioners of Baths and Washhouses; the Conservators of 3 Commons; the Trustees of 2 Open Spaces; the Commissioners of Free Libraries in 25 Parishes; 1 Joint Libraries Committee; the Trustees for 16 Bridges or Ferries; the Lighting and Watching Inspectors of 178 Districts; the Commissioners of 4 Markets and Fairs; 40 Metropolitan Vestries and District Boards*; a body of Paving Commissioners acting under a Local Act for Ely-place, Holborn; the Trustees of 7 Metropolitan Squares; the Commissioners of Sewers of the City of London; the London County Council acting as a County Council, and as successors to the Metropolitan Board of Works; the Commissioners of Police of the Metropolis; the Corporation of London; the Visiting Committees of 4 Lunatic Asylums belonging to the County of London, and of 1 Asylum belonging to the City of London; the Commissioners of Sewers of 49 Districts constituted under the 23 Henry viii., cap. 5, or Part I. of the Land Drainage Act, 1861; 226 Drainage, Embankment, and Conservancy Boards; 45 Salmon, &c. Fishery Conservancy Boards; 5 Sea Fisheries Committees; the Churchwardens of 2 Parishes in which Church Rates were still leviable; 87 Harbour, Pier, and Dock Authorities; 360† Highway Boards, acting for 6,953 highway parishes; 41 Rural Sanitary Authorities exercising the powers of Highway Boards for 746 highway parishes; 6,508 Surveyors of separate highway parishes; and 2 Turnpike Trusts. In addition to the above, they include summaries of the Accounts of 2,281 School Boards, and the Managers of 10 School Districts, 2 Sick Asylum Districts, the Metropolitan Asylum District, and the Committee of the Aldershot Joint Hospital, making a total of 28,386‡ authorities.

Causes of delay in publication of the Returns.

The systematic arrangement and tabulation of the financial transactions of so large a number of Local Authorities is a work of much time and labour. The Returns themselves can seldom, if ever, be obtained from the Authorities immediately on

* Including the Local Board of Health for Woolwich.

† In this number the Districts of the Isle of Wight Highway Commissioners and the Isles of Scilly are included.

‡ In a few cases Local Authorities neither received nor expended any monies during the year, and these cases are not included in the above number; on the other hand, where a Local Board has become a Municipal Authority during the year, the same district is included twice.

on the conclusion of the financial year to which they relate. The officers of the Local Authorities are not in a position to prepare the Returns until the accounts have been made up and audited, and frequently several months elapse before the audit of the accounts can be completed. Moreover the accounts of several of the Authorities, *e.g.*, Boards of Guardians, Overseers, Improvement Commissioners, Local Boards, Rural Sanitary Authorities, School Boards, Highway Boards, and Highway Surveyors, are in each district audited by the same officer, and consequently it necessarily happens, in many cases, that the audits of the accounts of some of these Authorities have to be postponed until a considerable time has elapsed from the expiration of the financial year.

As regards the accounts of the Local Authorities which are not subject to audit by a district auditor, they are not all kept on the same principle; and owing to the variety of the financial transactions to which they relate, and to the different methods of keeping them adopted by different authorities, it is necessary practically to recast many of them in order to obtain the information necessary for the purpose of the Returns, so as to enable the different items of receipt and expenditure to be grouped under uniform headings. This is more especially the case with regard to the accounts of some of the more important Local Authorities.

For the purpose of securing accuracy, the Returns, when received, are carefully examined and their examination not unfrequently leads to the discovery of errors, or points upon which further information is required, and thereby considerable correspondence with the Authorities is often entailed before the Returns themselves are ready for tabulation.

Receipts other than from Loans

The aggregate receipts during the year of the Local Authorities enumerated above, excluding Loans, and making the necessary deductions * in order to avoid duplicate reckonings, amounted to 53,337,213 *l.*, as compared with 51,437,425 *l.*, 50,237,862 *l.*, 47,975,705 *l.*, and 46,358,165 *l.* received by them during the years 1890-91, 1889-90, 1888-89, and 1887-88, respectively. The principal items of receipt are shown in the following Table for the five years:—

* The items deducted for the purposes of this Summary from the gross receipts and expenditure for the year 1891-92 will be found in the tabular statements in the Appendix. Similar deductions were made in the Returns for the four preceding years. They consisted in 1887-88 and 1888-89 for the most part of precept rates raised by one class of Local Authority, and paid by them to another; contributions made by one Local Authority to the expenditure of another; Loans raised by one Local Authority for the purpose of lending to another; the annual payments received by the lending Authority in respect of such Loans, and other similar items. In 1889-90, 1890-91, and 1891-92, it was also necessary to provide for deductions in respect of payments to other local authorities, made by the Councils of Administrative Counties and County Boroughs, out of sums received by them from the Local Taxation Account, and also for deductions in respect of transfers made from one account to another under the provisions of the Local Government Act 1888.

† Including grants in aid of the cost of Elementary and Industrial Schools, and the London Fire Brigade; and other payments out of Imperial Funds for Police, the Conveyance and Maintenance of Prisoners, &c.; also including in the year 1889-90 balances of grants discontinued under the provisions of the Local Government Act, 1888, and of the temporary grants provided for by that Act.

‡ Including 3,742,615 *l.* in 1889-90, 4,743,989 *l.* in 1890-91, and 5,575,353 *l.* in 1891-92, received by the Councils of Counties and County Boroughs, 584,826 *l.* in 1889-90, 740,681 *l.* in 1890-91, and 754,666 *l.* in 1891-92, received by the Receiver for the Metropolitan Police District and 465 *l.* in 1891-92 received by the Hove Improvement Commissioners; these amounts include those received during 1890-91 and 1891-92 under the Local Taxation (Customs and Excise) Act, 1890, in aid of police superannuation. The amounts paid to the Councils include the amounts distributed, or to be distributed, by them to other Local Authorities under the provisions of the Local Government Act 1888, in substitution for the discontinued Parliamentary Grants, and otherwise. As to the unapplied balances of the amounts received for this purpose, see note * on page xxxii.

§ Including Market Rents and Stallages, and Harbour Tolls, Dues, and Duties.

‖ Including 616,933 *l.* in 1887-88, 648,502 *l.* in 1888-89, 659,669 *l.* in 1889-90, 684,427 *l.* in 1890-91, and 657,203 *l.* in 1891-92 from School Fees and sale of books, &c., to children.

¶ Excluding receipts entered under the heads of Rates, Tolls, Dues, &c.

Public Rates raised in 1890-91 and 1891-92.

The Public Rates raised during 1890–91 represented an average rate in the £, calculated on the Poor Rate Valuation, of 3 *s.* 7·9 *d.*, and a sum of 19*s.* 4*d.* per head of the estimated population, whilst those raised during the year 1891–92 represented the same average rate in the £ on rateable value, but an increased charge of 19*s.* 7*d.* per head of the estimated population.

Separating the rates raised in the Metropolis from those raised in the rest of England and Wales,* the following are the average results :—

		Rate in the £. on Rateable Value.		Amount per head of Estimated Population.		
		s.	*d.*	£.	*s.*	*d.*
Metropolitan Rates -	1890–91 - -	5	0·2	1	17	11

	1891–92 - -	3	3·5	–	16	3

Expenditure not defrayed out of Loans.

The aggregate expenditure of the same Authorities during the year, so far as it was not defrayed out of Loans, and after making the necessary deductions in order to avoid duplicate reckonings, amounted to 53,051,909 *l.* as compared with 50,662,678 *l.* expended during the year 1890–91, and with 48,179,573 *l.*, 47,082,128 *l.*, and 45,834,026 *l.*, expended during the years 1889–90, 1888–89, and 1887–88, respectively. The principal items of expenditure for the five years are shown in the following Table. The payments in respect of principal and interest of loans are not included in the amount shown as expended under the headings provided for the various works and purposes, but are shown separately :—

It should be borne in mind, with respect to the above loans, that some of them, *e.g.*, a majority of those owing for harbours, piers, and docks, are not charged on the rates. Others, such as those incurred for water-works, gas-works, markets, &c., are primarily charged, in many cases, on the revenues of the undertakings for the purposes of which they have been raised, and constitute a charge on the rates only in the event of such revenues proving insufficient to meet the payments of principal and interest of the loans. The proportion which the local indebtedness bears to the Rateable Value of the several districts in respect of which it has been incurred, appears in most cases in the Returns themselves, and varies greatly in different localities. It may, however, be stated that the Rateable Value of England and Wales for the purposes of the Poor Rate, according to the Valuation Lists in force at Lady-day 1892, was 157,722,913 *l.* Taking

† See note † on page vii.

‡ Sums amounting to 4,781,229 *l.* remained in Sinking Funds at the end of the year to provide for the repayment of a portion of the outstanding loans.

Taking the loans outstanding at the end of the two last years in the Table, it may be observed that the 201,215,458 *l.* owing at the end of the year 1890–91, represented a debt of 1*l.* 6 *s.* 5 *d.* per £. of rateable value, and 6 *l.* 19 *s.* 1 *d.* per head of the estimated population, whilst the 207,524,093 *l.* owing at the end of 1891–92, represented a debt of 1 *l.* 6 *s.* 7 *d.* per £. of rateable value, and 7 *l.* 2 *s.* 9 *d.* per head of the estimated population. Separating the Metropolitan from the Extra Metropolitan outstanding loans,* the following are the results :—

Summary of financial transactions, Urban and Rural.

In the following Table some of the more important particulars of the receipts and expenditure of Local Authorities during the financial year 1891–92 and their outstanding loans at the end of the year are arranged so as to show separately, so far as practicable, the financial transactions of Urban and Rural Authorities. Where this cannot be done, owing to the Local Authorities acting partly for urban and partly for rural districts, the transactions are entered under the heading, "Urban and Rural." The particulars relating to the urban districts are further subdivided so as to show as far as possible the transactions of the Metropolitan separately from those of the Extra Metropolitan Authorities. It should be mentioned, however, that the transactions of the Corporation of London include receipts and expenditure in respect of some Extra Metropolitan purposes; and that the county of London (which is also the District of the School Board for London and the area under Metropolitan Vestries and District Boards) includes the hamlet of Penge, which is not in the Metropolis. On the other hand, the Extra Metropolitan Harbour, Pier, and Dock Authorities include the Thames River Lower Navigation Commissioners, and the Drainage, Embankment, and Conservancy Boards include the Thames River Upper Navigation Conservancy Board and the Lea River Conservancy Board, and a small portion of the districts under their jurisdiction is within the Metropolitan area. The transactions of the Commissioners of Police of the Metropolis, whose District comprises the whole of the county of London (excluding the City of London), and portions of the counties of Middlesex, Surrey, Kent, Essex, and Hertford, have been approximately apportioned between the Metropolitan and Extra Metropolitan portions of the District upon the rentals in the respective areas upon which the Police Rates are levied. The necessary deductions (referred to in Note * on page iv.) have been made in each case, in order to avoid duplicate reckonings.

* For the years ended 29th September 1890 and 1891 respectively. The rates in the £. are taken from page xxxvii of the Report of the Committee of Council on Education (England and Wales), 1891–92.

† Corrected to two places of decimals these figures would be 1·86 and 1·95 respectively.

The rates in the £. of the rates raised by Poor Law authorities, the Commissioners of Sewers of the City of London, the London County Council, and the Corporation of London have been calculated on the rateable value according to the Poor Rate valuation, and the rates in the £. of the rates raised by other authorities have been mostly calculated on the rateable values of their districts as shown by their Returns. The Metropolitan Police Rates were calculated on the rentals upon which the rates were levied on the parishes. The rates in the £. in the case of both Rural Sanitary Authorities and

and Highway Authorities for rural districts were calculated on the rateable values given in the Highway Returns.

It will be seen from the above table that comparing 1891-92 with 1890–91, in the City of London the rate in the £. of the rates raised by the Commissioners of Sewers and the Police and Ward Rates fell from 1*s.* 7·7*d.* and 5·8*d.* respectively to 1*s.* 0·9*d.* and 5·6*d.*; and that there was also a fall of 1·7*d.* in the rate in the £. of the rates raised for general county purposes by the London County Council, and a fall of 0·4*d.* in the £. in the rates raised for the expenditure of the Commissioners of Police of the Metropolis. On the other hand there was an increase of 0·2*d.* in the rate in the £. of the rates raised by the London County Council for special county purposes, of 1·2*d* in the average rate in the £. of the rates raised by the Metropolitan Poor Law authorities, of 0·5*d.* in the average rate in the £. of the rates raised by the Metropolitan Vestries and District Boards, and of 1·1*d.* in the rates in the £. of the rates raised for the expenditure of the School Board for London.

Outside London the average rate in the £. of the rates raised by County Councils for general county purposes was the same in both years, viz. 2·8*d.* In 27 counties it was higher, and in 26 counties lower in 1891-92 than in the preceding year. Comparing 1891–92 with 1890–91, the average rate in the £. of the rates raised by Town Councils acting as Municipal and Urban Sanitary Authorities respectively rose in county boroughs to the extent of 0·4*d.* and 1·0*d.*, and in non-county boroughs to the extent of 0·3*d.* and 1·4*d.*; whilst the average rate in the £. of the rates raised by Local Boards and Improvement Commissioners rose to the extent of 0·4*d.*, and that of the rates raised by Rural Sanitary Authorities and Highway Authorities in rural districts to the extent of 0·1*d.* respectively. The average School Board rate in boroughs rose in England to the extent of 0·5*d.*, and in Wales to the extent of 1·1*d.*, while in parishes in England it remained stationary, and in Welsh parishes fell to the extent of 0·2*d.* On the other hand the average rate in the £. of the rates raised by Extra Metropolitan Poor Law Authorities fell from 10·9*d.* to 9·8*d.*

The foregoing are the general results of the Local Taxation statistics for the year. Some information will now be given with respect to the financial transactions of the various Local Authorities from whose Returns and Accounts the foregoing particulars have been taken. Further details as to these transactions will be found in the Appendix.

POOR LAW AUTHORITIES.

For the purposes of Poor Law Relief, England and Wales were divided into 648 Unions and Parishes under separate Boards of Guardians and the Isles of Scilly, comprising 14,697 Poor Law parishes. The Guardians, in addition to their duties in connection with the relief of the poor, perform within the areas subject to their jurisdiction several duties unconnected with relief. During the year ended the 25th of March 1892 their receipts (excluding loans, rates levied to meet the precepts of other Local Authorities, and contributions to the other Poor Law Authorities to whom reference is made below) amounted to 9,170,500 *l.* Their expenditure, so far as it was not defrayed out of loans, amounted to 9,463,754 *l.*

The loans raised by the Guardians during the year amounted to 312,143 *l.* Their expenditure out of loans was 285,572 *l.* At the end of the year their outstanding debt was 5,679,050 *l.*

The other Poor Law Authorities, who exercise powers in relation to the relief of the poor, and whose financial transactions are included in these Returns, are (1) the Metropolitan Asylums Board, who are the Managers of the Metropolitan Asylum District (which was constituted under the Metropolitan Poor Act, 1867), and who provide asylums for the reception and relief of fever and small-pox patients and insane poor chargeable to the Unions and Parishes in the District; (2) the Managers of two Metropolitan Sick Asylum Districts, constituted under the same Act; (3) the Managers of School Districts formed under the Poor Law Amendment Act, 1844, for the maintenance of District Schools; and (4) the Aldershot Joint Hospital Committee. Excluding loans, the receipts of these authorities during

during the year were as follows: the Metropolitan Asylums Board, 392,406 *l.*; the Managers of the Sick Asylum Districts, 36,260 *l.*; the Managers of the School Districts, 198,982 *l.*; and the Aldershot Joint Hospital Committee, 882 *l.* Their expenditure, so far as it was not defrayed out of loans, amounted to 405,351 *l.*, 35,722 *l.*, 198,040 *l.*, and 862 *l.*, respectively.

The Metropolitan Asylums Board received during the year loans to the extent of 16,644 *l.* No loans were raised by the Managers of the School Districts, by the Managers of the Sick Asylum Districts, or by Churchwardens and Overseers.

The sum expended during the year out of loans by the Managers of the Central and West London School Districts was 18,038 *l.*, and by the Metropolitan Asylums Board, 19,847 *l.*

The outstanding loans of these authorities at the end of the year were as follows: the Metropolitan Asylums Board, 987,085 *l.*; the Managers of the Sick Asylum Districts, 28,538 *l.*; and the Managers of the School Districts, 298,545 *l.* A sum of 19,332 *l.* was also outstanding in respect of loans raised by Churchwardens and Overseers.

The rateable value of the property liable to contribute to the Poor Rate, according to the Valuation Lists in force at the beginning of the financial year 1891-92, was 155,896,383 *l*

COUNTY COUNCILS, &c.

There were 61 administrative counties in England and Wales, exclusive of the county of London, in which the County Councils constituted under the provisions of the Local Government Act, 1888, discharged, during the year ended the 31st March 1892, the duties transferred to them from the former County Authorities, and the additional duties imposed upon them by that Act. In addition to these County Councils there were Joint County Committees for Lincolnshire, Suffolk, and Yorkshire, the Lancashire Asylums Board and the Council of the Scilly Islands. In consequence of the exceptional position of the County Council of London, who not only exercise functions analogous to those of other County Councils, but also those of the late Metropolitan Board of Works, their financial transactions are not included with those of the other County Councils, but are dealt with separately. See page xxii. The assessable value of the property liable to be rated to the rate for general county purposes in the 55 administrative counties and in the Scilly Islands, in which rates for these purposes were raised in England and Wales, excluding the county of London, amounted, at the commencement of the year in question, to 84,791,015 *l.*

The receipts of the County Councils, the Council of the Scilly Islands, and the Committees in question during the year, excluding loans and sums received for re-investment in respect of Police Pension Funds, but including 481,581 *l.* received from other local authorities and from sales of securities in which sinking funds were invested, were 6,346,832 *l.*; and their expenditure, so far as it was not defrayed out of loans, was 5,874,931 *l.* This included 1,645,633 *l.* paid to other local authorities in respect of the discontinued Parliamentary Grants and the new grants provided for by the Local Government Act, contributions in respect of the expenditure on main roads prior to the 31st March 1889, and the payments to Treasurers of Visiting Committees of Lunatic Asylums (other than those in respect of the maintenance of lunatics chargeable to the county rate), payments for the repair of county bridges, contributions towards other bridges and technical education, and other payments to local authorities and investments of Police Pension Funds. The total amount of loans raised by County Councils during the year was 66,730 *l.*, and the expenditure out of loans amounted to 137,538 *l.* The total outstanding debt of the County Councils at the end of the year was 2,494,095 *l.*, of which by far the greater part had been incurred in respect of lunatic asylums. The sum in sinking funds set aside for the repayment of a portion of this debt amounted to 563 *l.* at the close of the year, and 1,000 *l.* had been taken out of the funds during the year and applied to the repayment of principal.

PAUPER LUNATIC ASYLUMS.

Under the provisions of the Local Government Act, 1888, the administrative business of the county justices in connection with pauper lunatic asylums was transferred to the County

County Councils, and the accounts of the Visiting Committees of such asylums and their officers were made subject to audit in the same way as their other accounts. Abstracts of the accounts relating to the pauper lunatic asylums of boroughs are also now furnished to the Local Government Board in pursuance of Section 278 of the Lunacy Act, 1890. Excluding the asylums belonging to the county of London and to the City of London, which will be subsequently referred to, these accounts include the accounts of the Visiting Committees of 33 asylums belonging to 37 administrative counties, 16 asylums belonging to 23 administrative counties and 25 boroughs combined, and 13 asylums belonging to 12 boroughs. The total receipts of these Visiting Committees during the year, excluding loans, but including 1,313,520 *l.* receipts from Boards of Guardians, Treasurers of Counties and Boroughs, and other Local Authorities, amounted to 1,392,635 *l.* Their expenditure, exclusive of loan expenditure, but including 1,142,549 *l.* recouped by Guardians and Treasurers of Counties and Boroughs and payments to other Local Authorities, amounted to 1,411,903 *l.* The amounts received and expended out of loans, viz., 48,310 *l.* and 46,135 *l.* respectively, are included in the accounts of County and Borough Councils.

MUNICIPAL AUTHORITIES.

Owing to the passing of the Local Government Act, 1888, under which certain boroughs were constituted County Boroughs, the Town Councils of which were invested with enlarged powers and duties, the abstracts of the Returns from County Boroughs are now printed separately from the Returns from the other boroughs. There were 297* Municipal Boroughs in existence at the end of the year (exclusive of the City of London, the accounts of which are given separately in these Returns). Of these 64 were County Boroughs. Of the County Boroughs 46, and of the other boroughs 59, had separate Courts of Quarter Sessions. The assessable value for the purposes of the borough rate of the County Boroughs was 31,932,234 *l.*, and that of the other boroughs 12,985,057 *l.*, making a total assessable value of 44,917,291 *l.* The population in 1891 of the County Boroughs was 7,581,567, and of the other boroughs 3,238,784, making a total population of 10,820,351. In 296 of these boroughs the Town Councils acted during the year as Urban Sanitary Authorities; in 79 boroughs they acted as Burial Boards. Their financial transactions in these capacities are given separately. In some cases undertakings which, under the general law, are carried on by the Town Council in its capacity of Urban Sanitary Authority, are vested in the Corporation as the Municipal Authority, by virtue of special provisions in the Charter of Incorporation or in Local Acts. For the sake of uniformity the financial transactions of Town Councils in respect of these undertakings have been entered in the Returns made by them as Urban Sanitary Authorities, in all but a few exceptional cases where it has not been found practicable to adopt this course. Treated on this principle, the receipts of the Municipal Authorities in the County Boroughs, exclusive of loans, and sums received for re-investment in respect of Police Pension Funds, amounted during the year to 4,215,771 *l.*, and in the other boroughs to 821,654 *l.*, making a total of 5,037,425 *l.* The expenditure, so far as it was not defrayed out of loans, amounted in the County Boroughs to 4,089,538 *l.*, and to 829,265 *l.* in the other boroughs, making a total of 4,918,802 *l.* It should be observed that out of this total expenditure the payments out of the Exchequer Contribution Accounts to other Local Authorities, and from other accounts in respect of contributions to School Boards, payments to other Authorities, and transfers from the Borough Fund to accounts of the Town Council acting as the Urban Sanitary Authority or Burial Board, amounted to 1,905,922 *l.* The total expenditure also includes 45,423*l.* invested in respect of Police Pension Funds. The total amount of the loans raised by Municipal Authorities during the year was 2,629,586*l.*, including 2,565,446 *l.* in the County Boroughs. Their expenditure out of loans amounted to 2,601,269 *l.*, 2,525,542 *l.* of which was in respect of County Boroughs. The outstanding debt at the end of the year was 8,389,767 *l.* in the County Boroughs, and 1,407,727 *l.* in the other boroughs, making a total of 9,797,494 *l.* Sums amounting to 250,061 *l.* in the County Boroughs, and 38,907 *l.* in

* The number in existence at the end of the preceding year was 293.

in the other boroughs, remained in sinking funds for the repayment of a portion of this debt at the end of the year. The amount taken out of the funds during the year and applied to the repayment of principal was 64,054 *l.* in the former, and 14,131 *l.* in the latter case.

TOWN COUNCILS ACTING AS URBAN SANITARY AUTHORITIES.

As has been already stated, the Town Councils in 296 Municipal Boroughs acted as Urban Sanitary Authorities during the year. The accounts of these authorities in County Boroughs are shown separately from those in other boroughs in the same manner as in the Municipal Accounts. The receipts, excluding loans of these authorities, amounted to 10,516,310 *l.* in the County Boroughs, and 3,231,127 *l.* in the other boroughs, making a total of 13,747,437*l.* This included 463,632 *l.* transfers and payments from Exchequer Contribution Accounts, sums received from County Councils for maintenance of main roads, &c., and from other Local Authorities, and transfers from the Borough Funds. Their expenditure, so far as it was not defrayed out of loans, was 10,637,530 *l.* in the County Boroughs, and 3,246,780 *l.* in the other boroughs, making a total expenditure of 13,884,310 *l.*, including 22,856 *l.* in the County Boroughs paid to other local authorities, and 157,430 *l.* in the other boroughs, in respect of expenditure on main roads repaid by County Councils and contributions to other Local Authorities. The loans raised by these authorities during the year amounted to 2,874,313 *l.* in the County Boroughs, and 817,573 *l.* in other boroughs, making a total of 3,691,886 *l.* Their expenditure out of loans was 2,893,140 *l.* and 607,696 *l.*, respectively, with a total of 3,500,836 *l.*; of this sum, 1,110,973 *l.*, including 899,867 *l.* in the County Boroughs, was expended on water works alone. Their outstanding loans at the end of the year amounted to 70,859,994 *l.* in County Boroughs and 15,679,419 *l.* in other boroughs, making a total of 86,539,413 *l.* of which considerably more than half was owing in respect of water works and gas works, and about a third in respect of street improvements, artizans' dwellings, works of sewerage and sewage disposal, parks, pleasure grounds, and open spaces, and markets. Sums amounting to 3,399,052 *l.* in County Boroughs, and 448,648 *l.* in other boroughs remained in sinking funds for the repayment of a portion of the outstanding debt at the end of the year, whilst 379,185 *l.* in the former case and 127,431 *l.* in the latter case had been taken out of the funds during the year, and applied to the repayment of principal. The assessable value of the boroughs for the purposes of the rates out of which the general expenses of the Town Councils, as the Urban Sanitary Authorities, were defrayed was 30,015,219*l.* in County Boroughs, and 11,484,295 *l.* in other boroughs, making a total assessable value of 41,499,514 *l.*

URBAN SANITARY AUTHORITIES, OTHER THAN TOWN COUNCILS.

The Urban Sanitary Authorities of England and Wales, other than Town Councils, during the year ended the 25th of March 1892, were 722 in number, of which 32 were Improvement Commissioners constituted under Local Acts, and 690 Local Boards constituted under the Sanitary Acts or the Public Health Act, 1875. Their receipts, excluding loans, but including 492,366 *l.*, received from County Councils out of their Exchequer Contribution Accounts, and for the maintenance of main roads, &c., from other Local Authorities, and from sales of securities in which sinking funds were invested, amounted during the year to 4,075,585 *l.*, and their expenditure, so far as it was not defrayed out of loans, was 4,076,398 *l.*, including 326,744 *l.* expenditure on main roads repaid by the County Councils under Sub-sections 2 and 4 of Section 11 of the Local Government Act 1888, and 106,697 *l.* contributed to other Local Authorities. The loans raised by these authorities during the year amounted to 846,830 *l.* Their expenditure out of loans was 942,307 *l.* Their outstanding loans at the end of the year amounted to 13,754,372 *l.*, of which by far the greater part was owing in respect of water works, sewerage and sewage disposal works, gas works, street improvements, bridges and ferries, public offices, markets, and private improvement works. Sums amounting to 267,842 *l.* remained in sinking funds at the end of the year for the repayment of a portion of this debt. The amount taken out of the invested funds during the year and applied to the repayment of principal was 55,117 *l.*

JOINT BOARDS.

In several instances combinations of Sanitary Authorities have been formed under the Public Health Act, 1875, and under Local Acts, for the purpose of carrying on Undertakings or Works for the common benefit of two or more Sanitary Districts or parts of such Districts. In these cases united Districts have been formed, subject to the jurisdiction of Joint Boards or Joint Committees consisting of representative members of the constituent Sanitary Authorities. These united Districts may be formed by Provisional Orders under Section 279 of the Public Health Act, 1875, for any of the purposes of that Act. The purposes for which they had up to the end of 1891–92 been set up under that section were the making of Main Sewers and Sewage Disposal Works, and the provision of Hospitals and Cemeteries, and in one case of a common water supply Joint Committees have also been formed by Provisional Order under Section 14 (3) of the Local Government Act, 1888, for the purpose of enforcing the Rivers Pollution Prevention Act, 1876. Under Local Acts, also, Joint Boards and Joint Committees have been constituted in several cases for the purpose of acquiring and carrying on Water Undertakings for the common benefit of two or more Districts, and, in one case, a Bridge Undertaking. In addition to the Joint Boards above enumerated, certain other Joint Boards have been constituted Port Sanitary Authorities under the provisions of the Public Health Act, 1875 (see page xviii). The expenses of the Joint Authorities, so far as they are defrayed out of rates, are for the most part met by contributions raised by way of precept from the constituent Sanitary Authorities, and in many cases their expenditure is defrayed out of money raised on loan by the latter authorities. The number of these Joint Authorities (other than the Joint Port Sanitary Authorities) in existence during the financial year 1891–92* was 38, of which 12 had been formed for the purposes of Main Sewerage and Sewage disposal, one for the management of a Sewage Farm, six for carrying on Water Works undertakings, 15 for the provision of Hospitals, one for that of Cemeteries, one for the provision of bridges and approaches thereto, and two for dealing with Rivers Pollution. Their receipts, excluding loans, amounted during the year to 229,288 *l.*, of which 95,030 *l.* consisted of receipts on account of water undertakings, and 103,902 *l.* of contributions from constituent and other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, was 228,392 *l.*, of which 112,980 *l.* consisted of expenditure on sewage works, and 72,819 *l.* of payments to the Constituent and other Local Authorities. Their loan receipts amounted to 79,750 *l.*, of which 69,950 *l.* was received on account of sewage works, and their loan expenditure to 76,006 *l.*, of which 67,637 *l.* was spent on sewage works. The outstanding loans of these Joint Authorities at the end of the year, exclusive of the loans raised by the Constituent Authorities, amounted to 1,265,743 *l.*, of which by far the greater portion was owing in respect of works of sewerage and sewage disposal, most of the loans required for the other undertakings of the Joint Authorities having been raised by the Constituent Authorities. A sum of 1,763 *l.* remained in sinking funds at the end of the year for the repayment of a portion of the debt of the Joint Authorities. The amount taken out of the funds during the year and applied to the repayment of principal was 1,373 *l.*

RURAL SANITARY AUTHORITIES.

In 575 of the 648 Unions and Parishes in England and Wales under separate Boards of Guardians, the Guardians, during the year ended the 25th of March 1892, were the Rural Sanitary Authority for such parts of each Union as were not comprised in any Urban Sanitary District, and in the Isles of Scilly the Council of the Isles were the Rural Sanitary Authority. In 41 Unions the Rural Sanitary Authorities were also the Highway Authorities, but their receipts and expenditure in this capacity have been excluded from the Returns made by them as Rural Sanitary Authorities, and are included with the receipts and expenditure of other Highway Authorities in Rural Districts, as it is convenient that all the transactions relating to Rural Highways should appear in one and the same Return.

After

* This year ended on the 25th or 31st March 1892, except as regards the Birmingham, Tame, and Rea District Drainage Board, and the Stockton and Middlesbrough Water Board. In the first case the year ended on the 31st December 1891, and in the second case on the 14th February 1892

After allowing for these exclusions, the receipts of the Rural Sanitary Authorities during the year, excluding loans, amounted to 578,481 *l.*, of which 42,741 *l.* was received from County Councils out of their Exchequer Contribution Accounts, and 12,005 *l.* from other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 563,462 *l.*, of which 25,386 *l.* consisted of payments to other Local Authorities. Their receipts from loans during the year were 154,326 *l.*, and their expenditure out of loans 149,271 *l.*, of which by far the greater part had been raised for works of sewerage and sewage disposal, and water works. Their outstanding loans at the end of the year amounted to 1,801,922 *l.* A sum of 2,138 *l.* remained in sinking funds at the end of the year to provide for the repayment of a portion of this debt. The rateable value on which the contributions of the overseers towards the general expenses of Rural Sanitary Authorities were calculated amounted to 53,612,215 *l.*

PORT SANITARY AUTHORITIES.

During the financial year 1891-92 there were 58* Port Sanitary Authorities in England and Wales, including the Corporation of London, who are the Port Sanitary Authority for the Port of London, and whose expenditure in that capacity, amounting to 3,288 *l.*, was almost exclusively defrayed out of the City's Estate. The other Port Sanitary Authorities were either Sanitary Authorities or Joint Boards consisting of representative members of Urban and Rural Sanitary Authorities. The receipts of Port Sanitary Authorities during the year, excluding loans, amounted to 13,738 *l.*, of which 8,700 *l.* was derived from contributions from the Riparian Sanitary Authorities, 1,402 *l.* from County and County Borough Councils out of Exchequer Contribution Accounts, and 179 *l.* from other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 13,973 *l.*, of which 250 *l.* consisted of payments to other Local Authorities. No loan was raised by any Port Sanitary Authority during the year, nor was there any expenditure out of loans. The loans of Port Sanitary Authorities outstanding at the close of the year amounted to 8,893 *l.*, of which 157 *l.* was owing by the Hartlepool Port Sanitary Authority, 538 *l.* by the Wisbech Port Sanitary Authority, 540 *l.* by the Tees Port Sanitary Authority, 3,208 *l.* by the Weymouth Port Sanitary Authority, and 4,450 *l.* by the Tyne River Port Sanitary Authority.

BURIAL BOARDS.

The number of Burial Boards whose financial transactions are included in the Local Taxation Returns for the financial year 1891-92 is 1,001.† Of these, the Commissioners of Sewers of the City of London are the Burial Board for the parishes in the City; and in 79 Boroughs, 56 Local Government Districts, and one Improvement Act District, the Burial Board was the Town Council, the Local Board, and the Improvement Commissioners respectively. Besides these, Returns showing no financial transactions were received from 31 Burial Boards, of which one is a Local Board. In each of the above cases the receipts and expenditure of the Local Authority acting as the Burial Board are included in the Burial Board Returns rather than in the other Returns of the Authority, in order that the whole of the financial transactions of Local Authorities under the Burial Acts may appear in one and the same Return. The receipts of Burial Boards during the year, excluding loans, amounted to 483,904 *l.*, of which 176,350 *l.* was derived from rates, and the remainder (exclusive of 1,333 *l.* from sales of Securities in which Sinking Funds were invested and 4,726 *l.* received from other Local Authorities) from burial fees, sales of graves, vaults, &c., rents and dividends, and other similar receipts. Their expenditure, so far as it was not defrayed out of loans, was 468,392 *l.*, which included 12,952 *l.* paid to other Local Authorities. They received during the year loans to the extent of 94,188 *l.*, and expended out of loans sums amounting to 88,496 *l.* Their outstanding debt at the end of the year was 2,187,895 *l.*, for the repayment of which 56,648 *l.* remained in the sinking funds. The amount taken out of the funds during the year and applied to the repayment of principal was 16,628 *l.*

*In two of these cases there had been neither receipts nor expenditure by the Authorities during the year.

† The number included in the Returns for the previous year was 997. Returns in respect of the year 1891-92 were received for the first time from 12 Burial Boards. Of these, 10 had no receipts or expenditure during the year. Seven Burial Boards ceased to exist, and two Burial Boards were formed into one.

COMMISSIONERS OF BATHS AND WASHHOUSES.

Under Section 3 of the 9 & 10 Vict. c. 74, the Baths and Washhouses Acts may be adopted by the Municipal Corporation of any Borough; and by virtue of Section 10 of the Public Health Act, 1875, they may be adopted by the Urban Sanitary Authority of any district in which they are not already in force. As a matter of fact, where they are in force in places outside the Metropolis, they are usually administered by Municipal or Urban Sanitary Authorities; and in these cases the financial transactions of the Local Authorities under them appear in the Municipal Borough or other Urban Sanitary Accounts. These Acts may, however, be also adopted by the Vestries of Parishes, under Section 5 of the 9 & 10 Vict. c. 74, and where this is done the Vestry are required to appoint not less than three nor more than seven persons, to act as Commissioners for putting the Acts into execution. Under this section Commissioners of Baths and Washhouses had been appointed, up to the 25th of March 1892, for 26 parishes, of which 25 were in the Metropolis. The receipts of these Commissioners during the year, excluding loans, amounted to 89,199*l.*, of which 34,380 *l.* was derived from rates. Their expenditure during the year, so far as it was not defrayed out of loans, amounted to 85,097 *l.* Their loan receipts amounted to 98,800*l.*; and their expenditure out of loans was 90,602 *l.* The outstanding loans of the Commissioners at the end of the year amounted to 402,803 *l.*

CONSERVATORS OF COMMONS, AND TRUSTEES OF CERTAIN OPEN SPACES.

Returns were received from five of these Authorities exercising powers under Local Acts, namely, the Wimbledon and Putney Commons Conservators, acting under the Wimbledon and Putney Commons Acts, 1871, the Malvern Hills Conservators, acting under the Malvern Hills Act, 1884, the Great Torrington Conservators, acting under the Great Torrington Commons Act, 1889, and the Broxborne and Hoddesdon Trustees, acting under the Broxborne and Hoddesdon Open Spaces and Recreation Grounds Act, 1890. The receipts of the Conservators and Trustees during the year, which, in the case of the Malvern Hills Conservators, ended on the 31st December 1891, amounted to 3,459 *l.*, of which 261 *l.* was derived from the Poor Rate, and 2,679 *l.* from other rates. Their expenditure amounted to 3,500 *l.*, of which 788 *l.* was spent on maintaining and improving the Commons, 772 *l.* on salaries, 1,400 *l.* for interest (including 1,200 *l.* on account of a perpetual annuity), 305 *l.* on Establishment Charges and 207 *l.* on Law Charges. These authorities had neither raised nor expended any loans during the year. The outstanding debt of the Wimbledon and Putney Commons Conservators at the end of the year was 35,000 *l.*, of which 30,000 *l.* was the capitalised value, at 25 years' purchase, of the perpetual annuity referred to.

COMMISSIONERS OF FREE PUBLIC LIBRARIES.

The Public Libraries (England) Acts, 1855 to 1890, could be adopted by the Town Councils of Boroughs, Boards under Improvement Acts, Local Boards, and Metropolitan Vestries and District Boards, and also, under certain circumstances, by separate Parishes. In the latter case Commissioners were appointed for carrying the Acts into execution. By the Public Libraries Act, 1892, which was passed to consolidate and amend the law relating to Public Libraries, the previous Acts were repealed; but it was provided that where those Acts had been adopted for any Library District, that adoption should be deemed to have been an adoption of the Act of 1892. The financial transactions of Town Councils of Boroughs, Improvement Act Commissioners, and Local Boards, in connection with their Libraries, are included with their other accounts. The total receipts of the Commissioners for the twenty five * Parishes in which Libraries had

* Including the Holborn and Whitechapel Districts, and the Camberwell and Lambeth Parishes, in which there were Library Commissioners for the two Parishes separately, and also a Joint Committee for both Parishes.

had been established, which are all Metropolitan Parishes, amounted during the year to 70,038 *l.* including 44,355 *l.* derived from rates, and 15,001 *l.* from donations and subscriptions. Their expenditure amounted to 63,021 *l.*, out of which 29,737 *l.* was spent on buildings, repairs and maintenance, 10,750 *l.* on books, periodicals, &c., 6,050 *l.* principal repaid, 3,047 *l.* interest on loans, 9,638 *l.* on salaries and remuneration of officers and assistants, 1,802 *l.* on establishment charges, and 661 *l.* paid to other Local Authorities. Besides these transactions, 20,590 *l.* was raised by loans, and 23,930 *l.* expended out of loans. The amount of loans outstanding at the end of the year was 95,550 *l.*

LIGHTING AND WATCHING INSPECTORS.

In Urban Sanitary Districts, and in the parts of Rural Sanitary Districts in which the first paragraph of Section 161 of the Public Health Act, 1875, has been put in force, the public lighting is in the hands of the Sanitary Authority. In the other parts of Rural Sanitary Districts, if the Lighting and Watching Act (3 & 4 Will. 4, c. 90) has been adopted, the public lighting is undertaken by inspectors appointed under that Act, who may also provide and keep up fire engines for the use of the place in which the provisions of the Act have been adopted. These inspectors have the power of levying rates for the purpose of meeting their expenses, but have no powers of borrowing on mortgage of such rates. During the year ended on the 25th of March 1892, there were 178 places in which the Lighting and Watching Act was in force. The receipts of the inspectors during the year amounted to 24,377 *l.*, of which 23,918 *l.* was derived from rates and 337 *l.* was received on account of fire engines and fire brigades; and their expenditure to 23,975 *l.*

MARKETS AND FAIRS COMMISSIONERS.

The effect of the Public Health Act, 1872, and the subsequent statutes which have been passed relating to Sanitary Authorities, has been to transfer to Urban Sanitary Authorities, in the great majority of cases, the powers and property of Commissioners of Markets and Fairs appointed under Local Acts of Parliament. There were, however, four cases in which these Commissioners still continued to exist as separate Local Authorities during the year ended on the 25th of March 1892, and it has therefore been necessary to give a separate Return of their receipts and expenditure for that year. It appears from this Return that the receipts of the Commissioners during the year, exclusive of loans, amounted to 14,507 *l.*, of which 14,351 *l.* was derived from tolls, dues, rents, and stallages, while the expenditure was 14,153 *l.*, including 4,465 *l.* paid by the Commissioners of St. Saviour's, Southwark, Market, to the overseers of the parish in aid of Poor Rate. No loans were raised during the year; but a sum of 4,000 *l.* was expended by the St. Saviour's, Southwark, Commissioners, in anticipation of a loan. The total amount of outstanding loans at the end of the year was 25,380 *l.*; 17,000 *l.* of this sum was owing by the Taunton Market Commissioners.

BRIDGE AND FERRY TRUSTEES.

During the financial year 1891–92 there were 16 Toll Bridges and Ferries belonging to Local Authorities in England and Wales, who were separate bodies of Trustees. The total receipts of these Trustees during the year amounted to 5,654 *l.*, of which 3,230 *l.* was derived from tolls, dues, and rents. The total expenditure of the Trustees during the same period was 2,365 *l.* No loans were raised, nor was there any expenditure out of loans by the Trustees during the year. The outstanding loans owing at the end of the year in respect of the Bridge and Ferry undertakings amounted to 7,560 *l.* The undertakings vested in these Trustees were entirely self-supporting.

METROPOLITAN VESTRIES AND DISTRICT BOARDS.

The local management of the Metropolis (exclusive of the City of London, the Parish of Woolwich, and the places in Schedule C. of the Metropolis Management Act, 1855) devolved, during the year 1891–92, under the Metropolis Management Acts, and

and under the Public Health (London) Act, 1891, except so far as it was vested in the London County Council, on the Vestries and the District Boards constituted by the Metropolis Management Acts, who are also the Local Authorities for the purposes of the Electric Lighting Acts, 1882 and 1888, and Part II. of the Housing of the Working Classes Act, 1890. The expenses of these Authorities, so far as they were defrayed out of rates, were met by rates levied under the Metropolis Management Acts.

These rates were applicable to the payment, not only of the expenses incurred by the Vestries and District Boards themselves, but also of the amounts included in the precepts of the School Board for London. Prior to the coming into force of the Local Government Act, 1888, in the Metropolis, they were also applicable to the payment of the precepts of the Metropolitan Board of Works. Under that Act, however, the costs incurred by the London County Council as successors to the Metropolitan Board of Works have to be paid out of the County Fund. The monies required by the Council during 1889–90, 1890–91, and 1891–92 to meet these costs were, therefore, included in their precepts for the County Rate, and were raised by the Overseers of the Poor by means of the Poor Rates. Consequently the Vestries and District Boards were relieved from the necessity of raising any rates to meet such costs, except in so far as to provide for the payments in 1889–90 in respect of the final precept of the Metropolitan Board of Works. The receipts (excluding loans) of the Vestries and District Boards, and the Woolwich Local Board of Health, during the year ended the 25th March 1892, amounted to 3,521,596 *l.*, including 32,529 *l.* received from the London County Council and other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 3,566,141 *l.*, including payments to the extent of 1,314,080 *l.*, made in respect of the precepts of the School Board for London, payments to other Local Authorities, fees under the Infectious Disease (Notification) Act, 1889, repaid by the Metropolitan Asylums Board, and expenditure on main roads repaid by the London County Council under Sec. 11 of the Local Government Act, 1888. The loans raised by the Vestries and District Boards and the Woolwich Local Board of Health during the year amounted to 287,900 *l.*, and their loan expenditure to 271,859 *l.*, more than half of which was spent on highways and street improvements, and parks, pleasure grounds, and open spaces. Their outstanding loans at the end of the year amounted to 1,931,277 *l.* The assessable value at the commencement of the year of the parishes and districts subject to their jurisdiction was 28,972,905 *l.* The total amount of the rates received during the year, viz., 3,244,694 *l.*, would be equivalent to 2 *s.* 2·9 *d.* in the £. on this assessable value. Deducting from the rates raised the amounts contributed to the School Board, the sums raised by these Authorities for their own purposes would represent an average rate of 1 *s.* 4·1 *d.* in the £.

It has been found convenient to include in the Returns relating to the Metropolitan Vestries and District Boards the receipts and expenditure of the Commissioners for Paving, Lighting, &c., Ely-place and Ely-mews, Holborn, acting under the 5 Vict. Sess. 2, c. xlviii. The total receipts of these Commissioners during the year amounted to 226 *l.*, which was derived from rates. Their total expenditure was 293 *l.* They have no loan transactions. The assessable value of the district was 7,765 *l.*

The receipts and expenditure of the Trustees appointed under Acts for the improvement of certain Metropolitan squares are also included in the Return. Their total receipts amounted to 1,132 *l.* during the year, and their total expenditure to 1,118 *l.* Their outstanding loans amounted at the end of the year to 2,167 *l.*

COMMISSIONERS OF SEWERS OF THE CITY OF LONDON.

The Commissioners of Sewers of the City of London, who are appointed by the Corporation of London under the City of London Sewers Act, 1848 (11 & 12 Vict. c. clxiii.), as continued and amended by the City of London Sewers Act, 1851 (14 & 15 Vict. c. xci.), exercise in the City of London functions in many respects analogous to those discharged by the Metropolitan Vestries and District Boards in other parts of the Metropolis.

The expenses of the Commissioners, so far as they are defrayed out of rates, are met by a Sewers Rate and a Consolidated Rate made under the former of the above Acts; which rates were applicable to the payment, not only of the expenses of the Commissioners, but also of the amounts included in the precepts of the School Board for London. The Commissioners are the Burial Board for the City of London, and their receipts and expenditure in this capacity are, as already mentioned, included in the Burial Board Returns. They were also the Local Authority in the City of London for the purposes of the Housing of the Working Classes Act, 1890, in which latter respect their functions in the City of London were the same as those which were exercised, during the year, by the London County Council and the Vestries and District Boards formed under the Metropolis Management Acts in the remainder of the Metropolis.

The receipts of the Commissioners (excluding loans, but including 21,346 *l.* from the School Board for London, and the Corporation of the City of London) amounted, during the year ended the 29th of September, 1891, to 522,955 *l.*, of which 444,095 *l.* was derived from rates. Their expenditure, so far as it was not defrayed out of loans, was 567,998 *l.*, of which 224,258 *l.*, or 39·5 per cent. consisted of payments to the School Board for London.

The loans raised by the Commissioners during the year amounted to 185,000 *l.* (including 100,000 *l.* to replace temporary loans), and their expenditure out of loans was 2,954 *l.*

The total outstanding loans of the Commissioners at the end of the year, comprising 1,270,257 *l.* advanced by the Bank of England, 394,500 *l.* advanced by the Corporation of London, and 111,250 *l.* by an Insurance Society, amounted to 1,776,007 *l.*

The assessable value of the City of London, according to the Valuation Lists in force on the 6th April 1891, was 4,100,799 *l.*

LONDON COUNTY COUNCIL.

The London County Council discharge not only the duties imposed upon them as a County Council by the Local Government Act, 1888*, but also those devolving upon them as successors to the Metropolitan Board of Works. The principal purposes in respect of which the Council exercise powers in the latter capacity are the formation and maintenance of main sewers, and the disposal of the sewage of the Metropolis, the regulation and supervision of buildings, the improvement and widening of streets, the construction and maintenance of Thames Embankments, the prevention of floods, the carrying out of schemes under the Housing of the Working Classes Act, 1890, the extinction of fires, the provision and management of parks, commons, public gardens, and open spaces, the regulation of slaughter-houses, and the administration of the Contagious Diseases (Animals) Acts, 1878 and 1886, the Petroleum and Explosives Acts, and other Acts. In addition to these powers, the Council are, in the same way as the late Metropolitan Board of Works, empowered to create Stock for the purpose of making advances to other Local Authorities.

The principal receipts of the Council are now derived from the rates obtained by precept from the overseers of the several parishes in the County.

The receipts of the Council (excluding loans, and 219 *l.* realised by the sale of Stock) during the year ended the 31st March 1892, amounted to 3,287,508 *l.*, of which 482,349 *l.* was received out of the Local Taxation Account, and 750,052 *l.* on account of the principal and interest of loans advanced by the Council to other Local Authorities. The expenditure of the Council, so far as it was not defrayed out of loans, amounted to 3,139,957 *l.*, including the payments made by the Council in respect of the principal and interest of loans raised by them for the purpose of advances to other Local Authorities, 119,143 *l.* paid to Boards of Guardians and other Local Authorities out of the Exchequer Contribution Account, and 785,444 *l.* advanced to other Local Authorities out

* Under Section 40 (8) of the Local Government Act, 1888, the powers of the Metropolitan Board of Works were transferred to the County Council of London, and by an Order, dated the 19th March 1889, the Local Government Board fixed the 21st March 1889 as the date upon which the provisions of the Local Government Act, 1888, relating to this transfer, should take effect.

out of the Consolidated Loans Fund; and excluding 379,282 *l.* transferred or repaid from the Exchequer Contribution Account to the General Account of the County Council under Section 23 (2) (iv.) of the Local Government Act, 1888, and 372 *l.* invested. Their loan receipts during the year amounted to 28,413 *l.*, and their loan expenditure to 570,326 *l.* The outstanding loans of the Council at the end of the year amounted to 30,087,488 *l.*,* of which sum 9,716,601 *l.* had been borrowed for the purpose of enabling the Council to advance monies to other Local Authorities.

COMMISSIONERS OF POLICE OF THE METROPOLIS.

The local administration of the police in the Metropolitan Police District belongs to the Commissioners of Police of the Metropolis, whose expenses, so far as they are defrayed out of rates, are met by police rates levied as part of the poor rate in the several parishes situated in the Metropolitan Police District, in pursuance of the 10 Geo. 4, c. 44, and subsequent amending Acts. The receipts of the Commissioners excluding loans during the year ended the 31st of March 1892, amounted to 1,824,237 *l.*, of which 775,900 *l.* was derived from rates, 754,666 *l.* out of the Local Taxation Account, 196,611 *l.* from other Treasury Subventions and payments, and 97,060 *l.* from other sources. The sums received out of the Local Taxation Account were paid by the Local Government Board to the Receiver for the Metropolitan Police, and comprised 604,666 *l.*, contributed under Sections 24 (2) and 27 (1) of the Local Government Act, 1888, in substitution of the grants in aid of the pay and clothing of police formerly voted by Parliament, and 150,000 *l.* paid under Section 4 of the Local Taxation (Customs and Excise) Act, 1890, in aid of police pensions. The expenditure of the Commissioners was 1,808,772 *l.* The Receiver for the Metropolitan Police District did not raise any loans during the year; but 42,485 *l.* was expended during the year out of loans, and 442,000 *l.* remained outstanding at the end of the year. The whole of this amount had been raised for the purpose of providing a Central Office, Police Stations, &c.

CORPORATION OF LONDON.

The Corporation of London are the Municipal Authority for the City of London, but their powers and duties in that capacity are not regulated by the general law relating to Municipal Corporations; they have, however, to a certain extent been defined and regulated by special Acts of Parliament.

The power of the Corporation of London to levy the duties of 9 *d.* and 4 *d.* per ton which they were formerly empowered to collect on all coals coming into the Metropolitan Police District, and a wine duty of 4 *s.* per tun on all wine imported by way of merchandise into the Port of London, had ceased before the commencement of the year to which these Accounts relate, viz., that ended on the 31st December, 1891; but during that year 28 *l.* was received, and 2,108 *l.* expended in respect of the duty of 4 *d.* per ton. The expenditure included 1,415 *l.* drawback allowed on duty.

The Corporation were empowered by the Metage on Grain (Port of London) Act, 1872 (35 & 36 Vict. cap. c.), to levy a grain duty of 3-16ths of a penny per hundredweight in respect of all grain brought into the Port of London, which duty is, subject to the provisions of that Act, to be held by the Corporation for the preservation of open spaces in the neighbourhood of London, not within the Metropolis, as defined by the Metropolis Management Act, 1855.

The only rates made by the Corporation are the Police and Ward Rates, which are made under the City of London Police Act, 1839 (2 & 3 Vict. c. xciv.). The Police Rates are applicable to the payment of three-fourths of the expenses of the City Police, the remaining

* The loans outstanding are stated in gross, whereas in the tables prefixed to the Annual Money Bill laid before Parliament by the Council, they are shown at their net amount after deducting the value of land let on lease. The land is retained to meet the redemption of Metropolitan Consolidated Stock under the Acts 47 & 48 Vict. c. 50, s. 23, and 53 & 54 Vict. c. 41, s. 24.

remaining fourth of which expenses is, under Section 57 of the above Act, payable by the Corporation "out of their revenues and possessions."

Of the Estates of the Corporation, the Bridge House Estates, prior to the passing of the Blackfriars Bridge Act, 1863 (26 Vict. c. lxii.), were held by the Corporation "in trust for the maintenance and support of London Bridge." By that Act, and the Blackfriars and Southwark Bridges Act, 1867 (30 Vict. c. iii.), the Corporation were empowered to borrow on the credit of these Estates, for the purpose of re-building Blackfriars Bridge, and purchasing Southwark Bridge from the Southwark Bridge Company, and the expenses of lighting, watching, and maintaining the two last-mentioned Bridges were made a charge on these Estates. The Corporation are further empowered, by the Corporation of London (Tower Bridge) Act, 1885, to raise money on the credit of these Estates for the purpose of erecting the Tower Bridge. A considerable number of other Local Acts have been passed at various times relating to the Corporation and their Estates.

The total receipts of the Corporation during the year ended the 31st of December 1891, excluding loans and sums received by the Corporation in respect of advances to the Commissioners of Sewers of the City of London, amounted to 689,982 *l.* The expenditure of the Corporation, so far as it was not defrayed out of loans, was 741,719 *l.*, including 1,415 *l.* drawback on coal duties, and 2,132 *l.* paid to the Treasurer of the Visiting Committee of the City of London Lunatic Asylum for purposes other than the maintenance of lunatics chargeable to the City, but excluding the sums paid by the Corporation in respect of advances to the Commissioners of Sewers of the City of London, and the expenditure of the Corporation as Port Sanitary Authority* for the Port of London. The loan receipts of the Corporation during the year amounted to 81,000 *l.*, and their loan expenditure to 205,088 *l.* The outstanding loans of the Corporation at the end of the year were 5,136,500 *l.*, including 394,500*l.* in respect of advances to the Commissioners of Sewers of the City of London.

VISITING COMMITTEES OF LUNATIC ASYLUMS BELONGING TO THE COUNTY OF LONDON AND CITY OF LONDON.

The accounts of the Visiting Committees of Pauper Lunatic Asylums, except those belonging to the county of London and the city of London, have been already referred to (page xiv). There were four asylums in the year ended 31st March 1892, belonging to the London County Council, and one asylum belonging to the Corporation of London. The total receipts of the Visiting Committees of these asylums amounted during the year to 289,994 *l.*, including 242,356 *l.* received from guardians of unions and treasurers of counties and boroughs for the maintenance of pauper lunatics chargeable thereto, and 38,645 *l.* from the treasurers of the county and city of London, for repairs, additions, alterations and improvements, and other purposes. The expenditure of the Visiting Committees amounted to 287,365 *l.* during the year, including the 242,356 *l.* repaid to them by the guardians, &c., for the maintenance of patients. These Visiting Committees appear to have received and expended a sum of 683*l.* during the year out of monies raised by means of loans by the County Council.

COMMISSIONERS OF SEWERS.

During the financial year 1891–92 there were in existence 50† Commissions of Sewers which had been granted under the provisions of the 23 Hen. VIII., c. 5, or Part I. of the Land Drainage Act, 1861 (24 & 25 Vict. c. 133). Commissions of Sewers may be granted under the latter Act for all parts of England, inland as well as maritime, and the Commissioners, acting under such Commissions, are empowered to make, maintain, and improve watercourses or outfalls for water, and walls or other defences against water, and

* See page xviii.

† Including one District in which the Commissioners had no financial transactions during the year.

and to erect any machinery, or do any other act for the drainage, necessary supply of water for cattle, warping, or irrigation of the area comprised within the limits of their jurisdiction.

The total amount, exclusive of loans, received by the Commissioners of Sewers during the year was 52,810 *l.*, of which 198 *l.* was received from other Local Authorities. Their total expenditure, exclusive of loan expenditure, but including 1,327 *l.* paid to other Local Authorities, was 55,338 *l.* The Commissioners raised loans during the year to the amount of 33 *l.*, and expended out of loans 2,820 *l.*, of which 2,100 *l.* was expended in anticipation of a loan. Their outstanding loans at the end of the year were 79,134 *l.*

DRAINAGE, EMBANKMENT, AND CONSERVANCY BOARDS.

Under Part II. of the Land Drainage Act, 1861, elective Drainage Districts may be constituted subject to the jurisdiction of Drainage Boards, who, within such districts, may exercise all powers exercisable by Commissioners of Sewers. In addition to these, many Boards have been constituted under Local Acts, with special powers for the purposes of land drainage, river embankment, navigation and conservancy, and sea defences. In one instance the Local Authority acts under an indenture by which the whole of the lands in the district were conveyed to them in 1808 by the owners of the lands, on numerous trusts for the drainage of the lands, and subject thereto upon trust for the owners respectively. During the financial year 1891–92* there were 229 districts subject to the jurisdiction of Boards coming under one or other of the above descriptions. Their receipts, exclusive of loans, amounted during the year to 394,488 *l.*, including 10,771 *l.* received from other Local Authorities. Their expenditure, so far as it was not defrayed out of loans, amounted to 399,715 *l.*, including 10,098 *l.* contributed to the expenses of other Local Authorities. The loan receipts and expenditure of these Boards during the year were 9,630 *l.* and 13,521 *l.* respectively. Their outstanding loans at the end of the year were 2,388,047 *l.* Sums amounting to 10,929 *l.* remained in sinking funds at the end of the year to provide for a portion of the repayment of this debt. The amount taken out of these funds during the year, and applied to the repayment of principal, was 850 *l.*

SALMON AND FRESHWATER FISHERY CONSERVANCY BOARDS.

Under the Salmon and Freshwater Fisheries Acts, 1861 to 1886, Boards of Conservators may be constituted for the management of Salmon Fisheries. In the year ended 31st December 1891, there were 51 Fishery Districts in which these boards acted. In six of these districts the Conservators had no financial transactions. In the 45 other districts the receipts of the Conservators during the year amounted to 13,601 *l.*, and their expenditure to 13,118 *l.* In only one case had the Conservators an outstanding loan, and at the end of the year the balance of this loan amounted to 80 *l.*

SEA FISHERIES COMMITTEES.

The Board of Trade had, up to the close of the year ended 31st March 1892, provided under the Sea Fisheries Regulation Act, 1888 (51 & 52 Vict c. 54), as amended by the Fisheries Act, 1891 (54 & 55 Vict. c. 37), for the constitution of seven Sea Fisheries Committees for the regulation of sea fisheries. The total receipts of the Committees during the year amounted to 4,435 *l.*, which sum, with the exception of 1 *l.* from fines, was received from contributory County or Borough Councils. The expenditure of the Committees amounted to 4,349 *l.*

* This year ended, except as regards nine districts, on the 25th March 1892.

CHURCHWARDENS (CHURCH RATES).

By the Compulsory Church Rate Abolition Act, 1868 (31 & 32 Vict. c. 109), compulsory church rates were abolished, except in cases where, at the time of the passing of the Act, money had been borrowed and remained due on the security of the church rate, or where the rate was applicable to purposes other than "ecclesiastical purposes," as defined by the Act, or had been originally authorised to be levied by special legislation in consideration of the abolition of tithes or for other valuable consideration. There was only one parish, viz., St. Marylebone, London, in which church rates continued to be levied during the year ended at Lady-day 1892. In this parish church rates to the amount of 5,999 *l.* were raised by the vestry under powers conferred by two Local Acts (51 Geo. III., c. cli., and 1 & 2 Geo. IV., c. xxi.). In another parish, namely, St. Nicholas, Harwich, which owes 1,300 *l.* in respect of the principal of loans raised on the security of the church rate prior to the passing of the Act of 1868, no church rates were raised during the year, the sum paid as interest on the outstanding loan having been received from other sources. The receipts in aid of church rates amounted to 1 *l.*, making the total sum received 6,000 *l.* The total expenditure amounted to 5,692 *l.*, of which 1,500 *l.* was in respect of principal and 212 *l.* in respect of interest on the moneys borrowed on the security of the church rates. The outstanding loans raised on the security of these rates amounted at the end of the year to 4,600 *l.*

HARBOUR, PIER, AND DOCK AUTHORITIES.

The number of separate Harbour, Pier, and Dock Authorities constituted by Local Acts or by Provisional Orders issued under the General Pier and Harbour Act, 1861 (24 & 25 Vict. c. 45), and not being companies or private owners, at the end of the financial year* 1891-92, was 89,† but of these two neither received nor paid money during the year. The most important of the separate Harbour Authorities were the Mersey Docks and Harbour Board, and the Tyne Commissioners, whose accounts contain about two-thirds of the receipts and expenditure included in the returns from these Authorities. The aggregate receipts of the Authorities, exclusive of loans, amounted during the year to 2,823,291 *l.*, of which 23,370 *l.* was received from other Local Authorities. Their expenditure, excluding so much of it as was defrayed out of loans, amounted to 2,610,832 *l.*, which includes 50,243 *l.* paid to other Local Authorities. The loan receipts of the Authorities were 326,057 *l.*, and the loan expenditure 502,326 *l.* The outstanding loans of the Authorities at the end of the year amounted to 31,161,014 *l.*, for the repayment of which the Returns show that 77,718 *l.* remained in sinking funds at the end of the year. The amount taken out of the funds during the year and applied to the repayment of principal was 16,958 *l.*

SCHOOL BOARDS.

The number of School Boards whose financial transactions are included in the Returns is 2,281‡; their aggregate receipts, excluding loans, amounted, during the year ended the 29th of September 1891, to 5,536,475 *l.*, including 3,332,066 *l.* from rates, 1,512,314 *l.* from

Boroughs during the former year. Two Local Government Districts were amalgamated during the year.

* This year ended, except in a few cases, on the 25th March 1892.

† There are many cases in which Town Councils or Local Boards have constructed or purchased quays and piers, and in these cases the receipts and expenditure are included in the accounts of the Town Councils and the other Urban Sanitary Authorities concerned.

‡ In addition to this number there were 20 School Boards who had no financial transactions during the year.

from Parliamentary Grants, and 657,203 *l.* from School Fees, and Books, &c., sold to children, and 3,939 *l.* from other Local Authorities. Their expenditure during the same period, so far as it was not defrayed out of loans, was 5,523,458 *l.*, of which 3,373 *l.* was paid to other Local Authorities. Their receipts from loans during the year amounted to 1,100,081 *l.* and their loan expenditure to 1,030,819 *l.* At the end of the year their outstanding loans amounted to 19,158,555 *l.*

HIGHWAY AUTHORITIES IN RURAL DISTRICTS.

In such parts of England and Wales as are not included in the Metropolis, or in any Urban Sanitary District, the duty of repairing the highways, exclusive of Main Roads, the total cost of which has now to be defrayed by the County Councils, devolved during the year 1891–92 in separate highway parishes on the Surveyor of Highways, and in highway districts on the Highway Board, except in cases where the powers of the Highway Board were exercisable by the Rural Sanitary Authority, in pursuance of an order of the County Authority under Section 4 of the Highways and Locomotives (Amendment) Act, 1878 (41 & 42 Vict. c. 77), and in the Isle of Wight where the Highway Commissioners acted as a Highway Board. During the year ended on the 25th of March 1892 there were, in England and Wales, 360 highway districts, comprising 6,953 highway parishes, under the management of Highway Boards; 41 districts, comprising 746 highway parishes, in which Rural Sanitary Authorities exercised the powers of Highway Boards; and 6,508 separate highway parishes for which Surveyors of Highways had been appointed.* The total mileage of the roads under the care of these authorities, excluding 13,354 miles of main roads, the repairs of which had been undertaken by the County Councils themselves, was 106,835 miles, comprising 6,973 miles of main roads, and 99,862 miles of ordinary highways.

The aggregate receipts of these Authorities during the year, excluding loans, but including 344,214 *l.* from County Councils for main roads under Section 11 (4) of the Local Government Act, 1888, 48,238 *l.* for highways or footpaths, not being main roads under Section 11 (10) of the Local Government Act, 1888, and 3,429 *l.* in respect of county bridges or bridge roads, 2,558 *l.* from other Local Authorities, and 3,996 *l.* received by waywardens in excess of their contributions to Highway Boards, amounted to 1,784,916 *l.* Their expenditure, so far as it was not defrayed out of loans, amounted to 1,837,129 *l.*, including 325,117 *l.* expenditure on main roads repaid or to be repaid by County Councils under Section 11 (4) of the Local Government Act, 3,601 *l.* expended by waywardens in addition to their contributions to Highway Boards, and 1,761 *l.* paid to other Local Authorities. The loan receipts and expenditure of Highway Boards during the year were respectively, 13,849 *l.* and 7,362 *l.* Their outstanding loans at the end of the year amounted to 30,220 *l.* The amount remaining in the Sinking Funds provided for the repayment of a portion of this debt was 392 *l.*

TURNPIKE TRUSTEES.

At the commencement of the financial year 1891-92 there were two† Turnpike Trusts in existence in England and Wales.

The aggregate receipts during the year of the Turnpike Trustees amounted to 973 *l.*, and their expenditure was 979 *l.*

The outstanding loan debt of Turnpike Trustees at the end of the year was 9,435 *l.*

* During the preceding year there were 360 highway districts, comprising 6,971 highway parishes; 41 districts comprising 746 highway parishes, in which Rural Sanitary Authorities exercised the powers of Highway Boards; and 6,501 separate highway parishes, for which Surveyors of Highways had been appointed.

† The number in existence at the commencement of the preceding year was 6.

Contents of Tables in Appendix.

The foregoing are the various classes of Local Authorities in England and Wales whose financial transactions are included in the Returns. In the Appendix will be found 10 tables in which the more important items of receipt and expenditure are given separately, the gross receipts and expenditure being included in the tables, but the deductions necessary to avoid a duplicate reckoning having been made in each case. In Table I. the receipts other than from loans are arranged in such a manner as to show the total amount received by each class of Local Authority, and the principal items of which such amounts are respectively made up. In Table II. the same receipts are arranged so as to show separately the principal sources from which the revenues of the Local Authorities during the year have been derived, distinguishing the amounts received by each class of Local Authority from the several sources, and the aggregate of the amounts received from each source. Table III. gives the expenditure during the year of the various Local Authorities, so far as it was not defrayed out of loans, arranged in such a manner as to show the total amount expended by each class of Local Authority, and the principal items of expenditure. In Table IV. this expenditure is arranged so as to show the principal purposes in respect of which it was incurred, the amounts expended by the several classes of Local Authorities on account of the same purpose being grouped together, and the aggregate of the amounts expended on each purpose being shown separately. Table V. gives the amounts of the loans raised during the year by the various classes of Local Authorities, arranged in such a manner as to show the total amount raised by each class of Local Authority, and, so far as the Returns enable this information to be given, the purposes for which such loans were respectively raised. In Table VI. the receipts from loans are arranged so as to show, as far as practicable, the purposes in respect of which the loans were raised, distinguishing the amounts raised by each class of Local Authority in respect of the several purposes and the aggregate amount of the loans raised for each purpose. Table VII. gives the expenditure during the year of the various Local Authorities, so far as it was defrayed out of loans, arranged in such a manner as to show the total amount expended out of loans by each class of Local Authority, and the principal items of expenditure. In Table VIII. the expenditure out of Loans is arranged in such a manner as to distinguish, as far as practicable, the several purposes in respect of which it was incurred, the amounts expended by the several classes of Local Authorities in respect of the same purpose being grouped together, and the aggregate amount of loan expended on each purpose being shown separately. Table IX. gives the outstanding loans of the various Local Authorities at the end of the year, arranged in such a manner as to show the total outstanding loans of each class of Local Authority, and, so far as the Returns enable this information to be given, the purposes for which such loans were respectively raised. In Table X. the outstanding loans are arranged in such a manner as to distinguish, as far as practicable, the several purposes in respect of which they were raised; the amounts owing by the several classes of Local Authorities being grouped together, and the aggregate amount outstanding in respect of each purpose being shown separately.

Tabular Statements for the years 1882 83 to 1891-92.

The tabular statements on pages xxxi to xxxvi have been prepared so as to show the amounts of the rates levied by or on behalf of the several classes of Local Authorities in each of the ten financial years ended with the year 1891–92; the Treasury Subventions and Payments from 1882–83 to 1891–92, including payments derived from the Local Taxation Account during 1888–89, 1889–90, 1890–91, and 1891–92; the amounts of the loans received by these Authorities during the same years; the outstanding loans of the Authorities at the end of each year; and the valuation for the purposes of the poor-rate in force at the beginning of each year. These particulars as regards the Metropolis are given separately from those as to the remainder of the country. In estimating the significance of the differences shown in these Tables, so far as they relate to Urban Sanitary Authorities, Highway Authorities in Rural Districts, and Rural Sanitary Authorities, it should be borne in mind that every year the formation of new and the extension of existing Urban Sanitary Districts withdraw from the jurisdiction of Rural Sanitary Authorities, and the Highway Authorities in Rural Districts, many areas of an urban or suburban character in which the rate of expenditure has been much higher than in the remainder of the district from which they have been detached. During the ten years ended on the

25th

25th of March 1892 as many as 72 new Urban Sanitary Districts were formed, and 66* existing Urban Sanitary Districts extended by the inclusion of places previously forming parts of Rural Sanitary Districts. The number of existing Rural Sanitary Districts extended by the inclusion of parts of Urban Sanitary Districts during the same period was 23.

The transactions of the Commissioners of Police of the Metropolis have been apportioned approximately between the part of the district situate within the Metropolis and the part situate within the counties of Middlesex, Surrey, Kent, Essex, Hertford, and the Extra Metropolitan portion of the County of London.

Rates levied in each year from 1882–83 to 1891–92.

It will be seen that the total amount of the rates raised increased during each of the nine years following the financial year 1882–83, and that in the last of these years, viz., the financial year 1891–92, it was 28,507,119*l.*, as against 24,477,086 *l.* in 1882–83. On comparing the amounts raised during the two years it will be seen that the following increases had taken place in the rates raised for the purposes of the expenditure of the undermentioned Local Authorities, viz., Metropolitan Authorities, 2,326,911 *l.*; Municipal Corporations and Urban Sanitary Authorities, 2,192,774 *l.*; Rural Sanitary Authorities, 167,203 *l.*; and Extra Metropolitan School Boards, 673,239 *l.* On the other hand, the amounts of the rates raised for the purposes of the expenditure of Extra Metropolitan Poor Law Authorities; Commissioners of Sewers; Churchwardens outside the Metropolis; and Highway Authorities in Rural Districts, were smaller by 1,307,089 *l.*, 13,031 *l.*, 5,485 *l.*, and 287,136 *l.*, respectively, in 1891–92 than in 1882–83.

It must be remembered that the comparison between the amount received from rates by the London County Council and the amounts received by the late Metropolitan Board of Works is affected by the fact that, in addition to the duties which have devolved upon them as successors to the late Board, the Council have duties as successors to the former County Authorities, and new duties under the Local Government Act, 1888, and also that the Coal and Wine Duties which were formerly devoted to the relief of rates are now abolished.

Treasury Subventions, &c., 1882–83 to 1891–92.

It will be observed that the figures in the second statement, which represent the amounts derived by the various Local Authorities from Treasury Subventions and the Local Taxation Account in each of the years 1889–90, 1890–91, and 1891–92, cannot be properly compared with the amounts received by the same authorities in former years from Treasury Subventions. In a large number of cases the Councils of Counties and County Boroughs had not, before the close of the first of these years, made the payments which they were required to make to other authorities in substitution for the Parliamentary Grants discontinued under the provisions of the Local Government Act, 1888, and consequently there were large balances remaining undistributed at the end of the year in the Councils' Exchequer Contribution Accounts. The greater part of these balances was distributed during the year 1890–91, but on the other hand, of the sums received by the Councils during the year 1890–91 from the Local Taxation Account, a large proportion had not been distributed at the close of the year, and the balances for that year would be accounted for in 1891–92.

Receipts from Loans, 1882–83 to 1891–92.

As regards receipts from loans, it will be observed that in the case of the Metropolitan Authorities they were larger in amount in 1891–92 than in 1887–88 and 1890–91, but considerably smaller than in the seven other years included in the Table. The loans raised during the year by the Extra Metropolitan Authorities were larger than in any of the preceding nine years, but this was principally attributable to the fact that the Town Council of Manchester raised no less a sum than 2,225,599*l.* during the year for the purposes of the Manchester Ship Canal. The total amount of loans raised by all the authorities was larger in 1891–92 than in any of the nine preceding years, except 1882–83, 1884–85, and 1885–86.

The

* During the year 1891–92 thirteen Urban Sanitary Districts in all were extended, and in one case a portion of an Urban Sanitary District was merged in a Rural Sanitary District.

Outstanding Loans, 1882-83 to 1891-92.

The outstanding loans of the Local Authorities rose from 159,255,776 *l.* at the end of the financial year 1882–83 to 207,524,093 *l.* at the end of 1891-92, being an increase of 48,268,317 *l.*, or 30·3 per cent. The rate of increase in the Metropolis was 22·5 per cent. In the remainder of the country taken together it was 32·4 per cent. The Local Authorities whose indebtedness increased to the greatest extent during the interval were Poor Law Authorities, the Commissioners of Sewers of the City of London, Municipal Corporations, Urban Sanitary Authorities, Rural Sanitary Authorities, Harbour, Pier, and Dock Authorities, and School Boards. The outstanding loans of these Authorities were, respectively, 1,170,538*l.*, 1,082,126 *l.*, 2,860,553 *l.*, 28,500,533 *l.*, 448,981 *l*, 5,215,246 *l.*, and 6,339,694 *l.*, larger in amount at the end of the financial year 1891–92 than they were at the end of 1882-83. The exceptional circumstances which led to a large increase in the outstanding loans of Municipal Corporations in the year 1891-92 are referred to in the preceding paragraph.

Sinking Funds.

Sums amounting to 4,781,229 *l.* remained in Sinking Funds at the end of the year, to provide for the repayment of a portion of the outstanding balance of loans.

Rateable Value for purposes of the Poor Rate, 1882-83 to 1891-92.

The valuation for the purposes of the poor-rate rose in the Metropolis from 27,973,978 *l.* at the beginning of the financial year 1882–83 to 33,070,830 *l.* at the beginning of the year 1891–92, being an increase of 18·2 per cent. In the remainder of the country it rose during the same period from 113,433,708 *l.* to 122,825,553 *l.*, being an increase of 8·3 per cent.

The tabular Statements above referred to are as follows:—

† Including the Commissioners for Paving, &c., Ely-place, Holborn, and the Woolwich Local Board of Health, the Hoxton-square Trustees in the years 1890-91 and 1891-92; and, in the year 1891-92, the Trustees of Bryanston, Cavendish, Dorset, Manchester, Montagu, and Portman Squares.

‡ These figures have been compiled from information supplied by the clerks to the County Councils of Middlesex, Surrey and Kent.

§ The London County Council discharge not only the duties imposed upon them as a County Council by the Local Government Act, 1888, but also duties as successors to the Metropolitan Board of Works.

‖ These figures relate to that portion of the Commissioners' District which is in the Metropolis.

¶ These figures relate to that portion of the Commissioners' District which is outside the Metropolis.

** Previously to the year 1886-87 the accounts of these Commissioners were included in those of Municipal Corporations, but the figures given have been abstracted from the latter accounts for the purposes of this Table.

†† Rates raised by these Authorities have not been distinguished in previous years.

‡‡ Including the rates levied by the Isle of Wight Highway Commissioners in the several years comprised in the Table, and the rates levied by the County Roads Boards in South Wales, during the years from 1884-85 to 1888-89.

ee also under the head of "Extra Metropolitan." The apportionment here made is based upon the proportions in which the Metropolitan and Extra politan portions of the Police District contribute to the Commissioners' expenditure.
ee Note §.
The diminution in the outstanding Loans of Municipal Authorities in 1883-84, as compared with 1882-83, is mainly due to the transfer from eturns of Town Councils as the Municipal Authority to their Returns as the Urban Sanitary Authority of loans incurred in respect of undertakings n are usually dealt with by Sanitary Authorities.
The large increase in 1884-85 in the outstanding loans of the Drainage, Embankment, and Conservancy Boards is due to the fact that returns were year obtained for the first time from 10 additional Authorities.
The accounts of these Authorities were in 1884-85 included for the first time in the Local Taxation Returns.
The rapid decrease in the outstanding loans of Turnpike Trustees is owing to the extinction of Trusts during the years to which the Table relates.
